BILLING CODE 6820-23-M

GOVERNMENT PRINTING OFFICE

Public Meeting for Federal, State and Local Agencies, and Others Interested in a Demonstration of GPO Access, the Online Service Providing the Federal Register and Other Federal Databases

The Superintendent of Documents will hold a public meeting for Federal, state and local government agencies, and any others interested in an overview and demonstration of the Government Printing Office's online service, *GPO Access*, provided under the Government Printing Office Electronic Information Access Enhancement Act of 1993 (Public Law 103-40).

The demonstration will be held Monday, October 16, 1:00 p.m.-2:30 p.m. and 3:00 p.m.-4:30 p.m. at the University of Memphis Libraries, Room 225B, Zach Curlin and Norriswood, Memphis, TN 38152. There is no charge to attend.

The online **Federal Register** Service offers access to the daily issues of the **Federal Register** by 6 a.m. on the day of publication. All notices, rules and proposed rules, Presidential documents, executive orders, separate parts, and reader aids are included in the database as ASCII text files, with graphics provided in TIFF format and as Adobe Acrobat Portable Document Format files (PDF). The online **Federal Register** is available via the Internet or as a dial-in service. Historical data is available from January 1994 forward.

Other databases currently available online through *GPO Access* include the *Congressional Record*; *Congressional Record Index*, including the *History of Bills*; *Congressional Bills*; *Public Laws*; *U.S. Code*; and *GAO Reports*. Individuals interested in attending may reserve a space by contacting John Berger, Product Manager at the GPO's Office of Electronic Information Dissemination Services, by Internet e-mail at john@eids05.eids.gpo.gov; by telephone: 202-512-1525; or by fax: 202-512-1262. Seating reservations will be accepted through Friday, October 13, 1995.

August 22, 1995.

Michael F. DiMario,

Public Printer.

BILLING CODE 1505-02-F

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Citizens Advisory Committee on Public Health Service Activities and Research at Department of Energy (DOE) Sites: Savannah River Site Health Effects Subcommittee

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Agency for Toxic Substances and Disease Registry (ATSDR) and the Centers for Disease Control and Prevention (CDC) announce the following meeting.

Name: Citizens Advisory Committee on Public Health Service Activities and Research at DOE Sites: Savannah River Site Health Effects Subcommittee (SRS).

Times and Dates: 1 p.m.-5 p.m., September 21, 1995; 9 a.m.-5 p.m., September 22, 1995.

Place: Ramada Plaza Hotel, 640 Broad Street, Augusta, Georgia 30901, telephone 706/722-5541, FAX 706/724-0053.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 75 people.

Background

Under a Memorandum of Understanding (MOU) signed in December 1990 with DOE, the Department of Health and Human Services (HHS) has been given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production use. HHS delegated program responsibility to CDC.

In addition, an MOU was signed in October 1990 and renewed in November 1992 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research,

emergency response, and preparation of toxicological profiles.

Purpose

The purpose of this meeting is to begin work to update the public on the status of CDC's and ATSDR's community involvement plans, health research, and public health activities and present consensus advice and recommendations to CDC and ATSDR regarding these plans.

Matters to be Discussed

The Subcommittee will take into consideration information provided by technical experts on the history of the Savannah River Site and present operations there, as well as updates on the Savannah River Site Dose Reconstructions Project findings and implications. The Subcommittee will also work on organizational issues relating to its future activities.

Agenda items are subject to change as priorities dictate.

Contact Persons for More Information

Paul G. Renard or Nadine Dickerson, Radiation Studies Branch, Division of Environmental Hazards and Health Effects, NCEH, CDC, 4770 Buford Highway, NE., (F-35), Atlanta, Georgia 30341-3724, telephone 770/488-7040, FAX 770/488-7044.

Dated: September 1, 1995.

Julia M. Fuller,

Acting Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

BILLING CODE 4163-18-M

Food and Drug Administration

[Docket No. 90F-182]

Allied Colloids Ltd.; Withdrawal of Food Additive Petition

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the withdrawal, without prejudice to future filing, of a food additive petition (FAP 8B4095) proposing that the food additive regulations be amended to provide for the safe use of the copolymer of dimethylamine, epichlorohydrin and diethylenetriamine as a retention and drainage aid in the manufacture of paper and paperboard.
