BILLING CODE 3510-07-F

Bureau of Export Administration

Joint Meeting of the Computer Systems Technical Advisory Committee Electronics Technical Advisory Committee Telecommunications Equipment Technical Advisory Committee; Notice of Partially Closed Meeting

A joint meeting of the Computer Systems Technical Advisory Committee, the Electronics Technical Advisory Committee, and the Telecommunications Equipment Technical Advisory Committee will be held September 28, 1995, 9 a.m., Herbert C. Hoover Building, room 1617-M2, 14th Street and Pennsylvania Avenue NW., Washington, DC. These Committees advise the Office of the Assistant Secretary for Export Administration with respect to technical questions that affect the level of export controls applicable to equipment and technology in the fields of computers, electronics, and telecommunications.

Agenda

General Session

1. Introductions and presentations by the public.
2. Update on technical advisory committee reorganization.
3. Presentation on Asynchronous Transfer Mode (ATM) technology.
4. Discussion on the export control of cryptography.
5. Nomination of candidates for future election of Chairman of joint technical advisory committee meetings.

Executive Session

6. Discussion of matters properly classified under Executive Order 12356, dealing with U.S. export control programs and strategic criteria related thereto.

The General Session of the meeting will be open to the public and a limited number of seats will be available. To the extent time permits, members of the public may present oral statements to

the Committee. Written statements may be submitted at any time before or after the meeting. However, to facilitate distribution of public presentation materials to the Committee members, the Committee suggests that you forward your public presentation materials or comments at least one week before the meeting to the address listed below: Ms. Lee Ann Carpenter, TAC Unit/OAS/EA, room 3886C, Bureau of Export Administration, U.S. Department of Commerce, Washington, DC 20230.

The Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined on January 6, 1994, pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, that the series of meetings or portions of meetings of these Committees and of any Subcommittees thereof, dealing with the classified materials listed in 5 U.S.C. 552(c)(1) shall be exempt from the provisions relating to public meetings found in section 10(a)(1) and (a)(3), of the Federal Advisory Committee Act. The remaining series of meetings or portions thereof will be open to the public. A copy of the Notice of Determination to close meetings or portions of meetings of these Committees is available for public inspection and copying in the Central Reference and Records Inspection Facility, room 6020, U.S. Department of Commerce, Washington, DC. For further information or copies of the minutes call Lee Ann Carpenter, 202-482-2583.

Dated: August 31, 1995.

Lee Ann Carpenter,

Director, Technical Advisory Committee Unit.

International Trade Administration

Initiation of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Initiation of Antidumping Duty Administrative Reviews of Cold-Rolled and Corrosion Resistant Carbon Steel Flat Products and Certain Cut-To-Length Carbon Steel Plate from Various Countries.

SUMMARY: The Department of Commerce (the Department) has received requests to conduct administrative reviews of antidumping duty orders on cold-rolled and corrosion resistant carbon steel flat products and certain cut-to-length carbon steel plate from various countries with August anniversary dates. In accordance with the Department's Regulations, we are initiating these administrative reviews.

EFFECTIVE DATE: September 8, 1995.

FOR FURTHER INFORMATION CONTACT:

Linda Ludwig or Jean Kemp, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-3833 or 482-4037, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 C.F.R. 353.22(a) and 355.22(a) (1994), for administrative reviews of various antidumping duty orders with August anniversary dates.

In contrast to the investigation and first administrative review, we are not establishing a lead case for each country, because there are fewer products under antidumping duty orders than were included in the investigation and we believe the normal procedures will be more convenient for analysts and interested parties. Parties should file their submissions under the case numbers for the appropriate country and class or kind of merchandise listed below. In addition, having found them unnecessary and duplicative, the Department is eliminating the General Issue files for this review.

Initiation of Reviews

In accordance with sections 19 C.F.R. 353.22(c) and 355.22(c), we are initiating administrative reviews of the following antidumping duty orders. We intend to issue the final results of these reviews not later than August 31, 1996. The following list consists of administrative reviews requested. However, the Department may determine at a later date to collapse some related parties.

BILLING CODE 3510-DS-P

National Oceanic and Atmospheric Administration

Notice to Extend the Time Period for the Area to be Temporarily Avoided by the Public During Coral Rubble and Ship Debris Removal Activities in the Looe Key National Marine Sanctuary, Now Part of the Florida Keys National Marine Sanctuary

AGENCY: Sanctuaries and Reserves Division (SRD), Office of Ocean and Coastal Resource Management (OCRM), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of extension of time period.

SUMMARY: The National Oceanic and Atmospheric Administration (NOAA), the U.S. Army Corps of Engineers (COE), and authorized contractors will be conducting coral rubble and ship debris removal activities to prevent and minimize the destruction, or loss of, or

injury to Sanctuary resources. The coral rubble and ship debris were generated as a result of the August 10 to 12, 1994, R/V *Columbus Iselin* grounding incident within the Looe Key National Marine Sanctuary (Looe Key NMS), now part of the Florida Keys National Marine Sanctuary (Florida Keys NMS).

To ensure the protection of life and property during these complex activities the public is advised to avoid the area due to the presence of heavy equipment (i.e., barge and crane) and increased localized boat traffic. NOAA requested on August 25, 1995 (60 FR 44307) that Sanctuary users temporarily avoid an area approximately 900 square feet marked by visible construction buoys from on or about August 23 and August 31, 1995. The area is in the vicinity of 24°37'30" N, 81°24'23" W, a bank reef located 7 nautical miles (12.9 km) off the southwest tip of Big Pine Key, Florida.

Due to recent tropical storms and hurricanes in the Greater Caribbean and Florida peninsula, activities to remove
