[Docket No. TM96-1-34-000]

Florida Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

September 6, 1995.

Take notice that on August 31, 1995, Florida Gas Transmission Company (FGT), tendered for filing to become part of its FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheets, to become effective October 1, 1995:

Fifth Revised Eighth Revised Sheet No. 8A
Fourth Revised Sheet No. 8A.01
Fourth Revised Original Sheet No. 8A.02
Third Revised Seventh Revised Sheet No. 8B
Third Revised Original Sheet No. 8B.01

FGT states that the instant filing is submitted in conformance with the requirements of Section 27 of its FERC Gas Tariff, Third Revised Volume No. 1, which provides that FGT will file a Fuel Reimbursement Charge Adjustment to be effective each April 1 and October 1, as applicable. Section 27.C. states that the Current Fuel Reimbursement Charge Percentage will be the quotient resulting from fuel used and lost and unaccounted for gas, less fuel retained for Western Division deliveries, divided by volumes delivered, excluding Western Division deliveries, during the six-month period commencing one year prior to the effective date of the Fuel Reimbursement Charge Adjustment. Further, Section 27.C. permits FGT to file for adjustments to that calculation to provide for known and measurable changes if documented by supporting work papers.

FGT states it has extended the period for computing the Current Fuel Reimbursement Charge Percentage an additional two months in order to reflect the known and measurable changes in actual fuel usage and unaccounted for volumes which have occurred in the most recent two months for which accounting data is available. FGT states this adjustment is required in order to more precisely reflect fuel usage and unaccounted for volumes currently being experienced by FGT. The proposed Current Fuel Reimbursement Charge Percentage as determined by the ratio of fuel usage and unaccounted for volumes to deliveries, exclusive of Western Division fuel and deliveries, for the period October 1, 1994 through May 31, 1995 is 3.26%, a reduction from the previously effective Current Fuel Reimbursement Charge Percentage of 3.34%.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal

Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426 in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before September 13, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
