### Underground Injection Control Program; Nonhazardous Waste Disposal Injection Restriction; Petition for Exemption—Class I Nonhazardous Waste Injection Air Products, Wichita, Kansas

AGENCY: Environmental Protection Agency.

ACTION: Notice of final decision.

SUMMARY: Notice is hereby given that an exemption to the land disposal restrictions under the 1984 Hazardous

and Solid Waste Amendments to the Resource Conservation and Recovery Act has been granted to Air Products Manufacturing Corporation for their Class I Nonhazardous Waste injection well located in Wichita, Kansas. As required by title 40, Code of Federal Regulations part 148, the company has adequately demonstrated to the satisfaction of the United States Environmental Protection Agency by petition and supporting documentation that, to a reasonable degree of certainty, there will be no migration of the restricted, formerly ignitable, greater than 10 percent high total organic carbon (TOC) constituents from the injection zone. This final decision allows the underground injection by Air Products of the specific restricted waste, identified in the petition, into the Class I waste injection well at the Wichita, Kansas facility, for as long as the basis for granting an approval of the petition remains valid, under provisions of title 40, Code of Federal Regulations part 124. A public notice was issued on July 10, 1995. A public comment period, requesting written comments ended on August 10, 1995, and further, a public hearing was held on August 24, 1995. No comments were received during the comment period. This decision constitutes final Agency action and there is no administrative appeal process that can be applied to a final petition decision.

**EFFECTIVE DATE:** This action is effective as of September 7, 1995.

**ADDRESSES:** Copies of the petition and all pertinent information relating thereto, including the Agency's response to comments, are on file at the following location: Environmental Protection Agency, Region 7, Water and Pesticides Division, Drinking Water Branch, 726 Minnesota Avenue, Kansas City, Kansas, 66101.
