

Procedure (18 CFR 385.214), a motion to intervene and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205), a protest to the request. If no protest is filed within the time allowed therefor, the proposed activities shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. CP95-746-000]

Transcontinental Gas Pipe Line Corp.; Request Under Blanket Authorization

September 11, 1995.

Take notice that on September 8, 1995, Transcontinental Gas Pipe Line Corporation (Transco), Post Office Box 1396, Houston, Texas 77251, filed in Docket No. CP95-746-000 a request pursuant to Sections 157.205(b) and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR §§ 157.205(b) and 157.212) and Transco's blanket certificate issued in Docket No. CP82-426-000, for authorization to expand an existing delivery point to New Jersey Natural Gas Company (NJNG), all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Transco states that NJNG is a transportation and storage customer of Transco under Transco's Rate Schedules IT, FT, SS-2 and X-288. Pursuant to NJNG's request, Transco proposes to expand the Morgan Meter Station, a delivery point to NJNG located on Transco's main line system in Middlesex County, New Jersey. This point of delivery is used by NJNG to receive gas into its distribution system. Transco states that the proposed expansion would be accomplished by Transco replacing two existing four-inch meter tubes with three new eight-inch meter tubes and replacing two existing two-inch regulators with three four-inch regulators at the existing station.

Transco states that it currently delivers up to 30,000 dekatherms of gas per day (dt/d) to NJNG at the Morgan Meter Station. As a result of the expansion proposed herein, the capacity of the Morgan Meter Station will be increased to 100,000 dt/d. Transco

states that the addition deliveries to the Morgan Meter Station would be made on an interruptible basis. Transco states that it has sufficient system delivery flexibility to accomplish such additional deliveries without detriment or disadvantage to Transco's other customers.

Transco states that it is not proposing to alter the total volumes authorized for delivery to NJNG on a firm basis or to otherwise change in any way NJNG's firm capacity entitlement on Transco's system. Transco further states that the expansion of this delivery point will have no impact on Transco's peak day deliveries and little or no impact on Transco's annual deliveries and is not prohibited by Transco's FERC Gas Tariff.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. CP95-733-000]

Williams Natural Gas Co.; Request Under Blanket Authorization

September 11, 1995.

Take notice that on September 5, 1995, Williams Natural Gas Company (WNG), P.O. Box 3288, Tulsa, Oklahoma 74101, filed in Docket No. CP95-733-000 a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212) for authorization to establish a new delivery point, by reversing existing receipt facilities, under its blanket certificate issued in Docket No. CP82-479-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

WNG proposes to use an existing receipt point, located in Garfield County, Oklahoma, for the delivery of transportation natural gas to Trident NGL, Inc. (Trident), a subsidiary of NGC Corp. WNG states that the cost to reverse the existing facilities is estimated to be \$2,000 and would be reimbursed by Trident. WNG mentions that the quantities of gas to be delivered are approximately 191,625 Dth per year with a maximum of 650 Dth per day. WNG asserts that this change is not prohibited by an existing tariff and it has sufficient capacity to accomplish this delivery without detriment or disadvantage to its other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5295-8]

Clean Water Act; Contractor Access to Confidential Business Information

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of intended transfer of confidential business information to contractors.

SUMMARY: The Environmental Protection Agency (EPA) intends to transfer to EPA contractors and subcontractors, technical and financial confidential business information (CBI) collected from several metals forming, finishing, and fabricating industries including the metal products and machinery manufacturing, maintenance and rebuilding industry. Transfer of the information will allow the contractors and subcontractors to assist EPA in
