Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 60-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Questions about the proposed action and environmental impact statement should be directed to Al Hess, Oil and Gas EIS Project Leader, Los Padres National Forest, phone (805) 681-2794.

DEPARTMENT OF COMMERCE

International Trade Administration

Initiation of Antidumping and Countervailing Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Initiation of Antidumping and Countervailing Duty Administrative Reviews.

SUMMARY: The Department of Commerce (the Department) has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with August anniversary dates. In accordance with the Department's regulations, we are initiating those administrative reviews.

EFFECTIVE DATE: September 15, 1995.

FOR FURTHER INFORMATION CONTACT: Holly A. Kuga, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-4737.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 353.22(a) and 355.22(a) (1994), for administrative reviews of various antidumping and countervailing duty orders and findings with August anniversary dates.

Initiation of Reviews

In accordance with sections 19 CFR 353.22(c) and 355.22(c), we are initiating administrative reviews of the following antidumping and countervailing duty orders and findings. The Department is not initiating an administrative review of any exporters and/or producers who were not named in a review request because such exporters and/or producers were not specified as required under section 353.22(a) (19 CFR 353.22(a)). We intend to issue the final results of these reviews not later than August 31, 1996.

¹ The period of review shown in the August 16, 1995 (60 FR 42500) initiation notice covering sebacic acid from the PRC should have read as stated above.

² The Department has determined that it is not practicable to conduct company-specific reviews of the order on Live Swine from Canada because a large number of exporters and producers requested the review. Therefore, pursuant to section 777A(e)(2)(B) of the Tariff Act of 1930, as amended, the Department will conduct a country-wide review on the basis of aggregate data. We note the investigation and all prior reviews of this order have been conducted on an aggregate basis and that the companies requesting review, except for Pryme Pork Ltd., and the Government of Canada requested a review on a country-wide basis.

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 353.34(b) and 355.34(b).

These initiations and this notice are in accordance with section 751(a) of the Tariff Act of 1930, as amended (19 U.S.C. 1675(a)), and 19 CFR 353.22(c)(1) and 355.22(c)(1).

Dated: September 13, 1995.

BILLING CODE 3510-DS-M

National Oceanic and Atmospheric Administration

Notice of Intent To Adjust the Boundary of the South Slough National Estuarine Research Reserve

AGENCY: Sanctuaries and Reserves Division (SRD), Office of Ocean and Coastal Resource Management (OCRM), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Public notice.

SUMMARY: Notice is hereby given that the Division of State Lands, of the State of Oregon, intends to make minor adjustments to the boundary of the South Slough National Estuarine Research (SSNERR) in Coos Bay, Oregon. The need for the boundary adjustments stems from the July, 1991

discovery that a landowner adjacent to the SSNERR had encroached on approximately three and one half acres owned by the Reserve. The landowner has agreed to transfer to SSNERR property adjacent to the Reserve. In exchange, the SSNERR will grant to the landowner the encroached-upon land. In addition, The Division of State Lands is also granting tidelands to the SSNERR to ensure that there is no net loss of property within the SSNERR, either in terms of market or ecological value of lands. These actions were designed to resolve the encroachment issue in a manner that will protect the natural integrity of the Reserve, while enabling the landowner to retain access to, and use of, the roads, structures, and utilities he developed on Reserve property.

The delineation of the property that will be removed from the boundary of the SSNERR and granted to the encroaching land owner is identified as follows:

- Beginning at a 3/4" iron pipe which marks the center 1/4 corner of Section 13, Township 26 South, Range 14 West of the Willamette Meridian, Coos County, Oregon:
- Thence South 69°53'22" East for a distance of 85.23 feet;
- Thence South 02°25'33" East for a distance of 498.92 feet;
- Thence South 88°03'51" East for a distance of 299.89 feet;
- Thence North 24°46'16" East for a distance of 351.55 feet;
- Thence West for a distance of 360.17 feet;
- Thence North for a distance of 218.7 feet to the North line of the Southeast 1/4 of said Section 13;

Thence West along said North line for a distance of 188.0 feet back to the point of beginning. Said parcel containing 3.3 acres more or less.

The delineation of the tidelands proposed to be added to the SSNERR by the Division of State Lands is as follows: All submerged lands in the South Slough arm of Coos Bay, Township 26 South, Range 14, West 14, Willamette Meridian, more particularly described as follows:

Beginning at a point which is the intersection of Township 26 South, Range 14 West, Sections 14, 15, and 23; thence East 1,283 feet to a point; thence North 2°, 36' East, 1279.60 feet to the Southwest one-sixteen point on Section 14; thence East 1,313.36 feet to a meander corner of the mean high tide line of the South Slough arms of Coos Bay; thence South 73°34'48" West 1,808.62 feet to the True Point of Beginning.

Thence South 73°34'48" West, 250 feet more or less, thence North 16°25'12" West, 696.96 feet more or less, thence North 73°34'48" East 250 feet more or less; thence South 16°25'12" East; 696.96 feet more or less to the True Point of Beginning, containing 4.0 acres more or less.

The delineation of the property added by the landowner who encroached into SSNERR in the upland portion of the SSNERR is as follows:

Beginning at 3/4" iron pipe which marks the center 1/4 corner of Section 13, Township 26 South, Range 14 West of the Willamette Meridian, Coos County, Oregon:

- Thence East along the North line of the Southeast 1/4 of said Section 13 for a distance of 649.09 feet to the True Point of Beginning;
- Thence continuing East along said North line for a distance of 60.66 feet;
