

SAFECO undertakes to maintain at its home office, and make available upon request to the Commission and its staff, a memorandum setting out the basis for such conclusion.

9. SAFECO and First SAFECO also represent that the Separate Accounts will invest only in an underlying mutual fund which undertakes, in the event it should adopt any plan pursuant to Rule 12b-1 of the 1940 Act to finance distribution expenses, to have such plan formulated and approved by a board of directors, a majority of the members of which are not "interested persons" of such fund within the meaning of Section 2(a)(19) of the 1940 Act.

Conclusion

Applicants submit, for the reasons stated herein, that the requested exemptions from Sections 26(a)(2)(C) and 27(c)(2) of the 1940 Act to permit the assessment of a mortality and expense risk charge meet the standards set out in Section 6(c) of the 1940 Act. Accordingly, Applicants assert that the requested exemptions are necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the 1940 Act.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.

Margaret M. McFarland,
Deputy Secretary.

SMALL BUSINESS ADMINISTRATION

[Declaration of Disaster Loan Area #2806]

Ohio; Declaration of Disaster Loan Area (Amendment #1)

The above-numbered Declaration is hereby amended, effective September 1, 1995, to include Erie and Lorain Counties in the State of Ohio as a disaster area due to damages caused by severe storms and flooding which occurred August 7-18, 1995.

In addition, applications for economic injury loans from small businesses located in the contiguous counties of Ashland, Cuyahoga, Huron, Medina, and Sandusky in the State of Ohio may be filed until the specified date at the previously designated location.

All other information remains the same, i.e., the termination date for filing applications for physical damage is October 24, 1995, and for loans for economic injury the deadline is May 28, 1996.

(Catalog of Federal Domestic Assistance Program Nos. 59002 and 59008.)

Dated: September 13, 1995.

James W. Hammersley,
Acting Associate Administrator for Disaster Assistance.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Approval of Noise Compatibility Program; Austin Straubel International Airport, Green Bay, WI

AGENCY: Federal Aviation Administration, DOT.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces its findings on the noise compatibility program submitted by Brown County under the provisions of Title I of the Aviation Safety and Noise Abatement Act of 1979 (Pub. L. 96-193) and 14 CFR part 150. These findings are made in recognition of the description of federal and nonfederal responsibilities in Senate Report No. 96-52 (1980). On January 20, 1995 the FAA determined that the noise exposure maps submitted by Brown County under part 150 were in compliance with applicable requirements. On July 19, 1995, the Administrator approved the Austin Straubel International Airport noise compatibility program as modified by supplemental information provided by the Austin Straubel International Airport Manager dated June 15, 1995 and comments with addenda and errata sheets dated November 16, 1995. Most of the recommendations of the program were approved.

EFFECTIVE DATE: The effective date of the FAA's approval of the Austin Straubel International Airport noise compatibility program is July 19, 1995.

FOR FURTHER INFORMATION CONTACT: William J. Flanagan, Federal Aviation Administration, Airports District Office, room 102, 6020 28th Avenue South, Minneapolis, Minnesota 55450, (612) 725-4463. Documents reflecting this FAA action may be reviewed at this location.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA has given its overall approval to the noise program for Austin Straubel International Airport, effective July 19, 1995.

Under section 104(a) of the Aviation Safety and Noise Abatement Act of 1979

(hereinafter referred to as "the Act"), an airport operator who has previously submitted a noise exposure map may submit to the FAA a noise compatibility program that sets forth the measures taken or proposed by the airport operator for the reduction of existing noncompatible land uses and prevention of additional noncompatible land uses within the area covered by the noise exposure maps. The Act requires such programs to be developed in consultation with interested and affected parties including local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with Federal Aviation Regulations (FAR) part 150 is a local program, not a federal program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for action. The FAA's approval or disapproval of FAR part 150 program recommendations is measured according to the standards expressed in part 150 and the Act and is limited to the following determinations:

a. The noise compatibility program was developed in accordance with the provisions and procedures of FAR part 150;

b. Program measures are reasonably consistent with achieving the goals of reducing existing noncompatible land uses around the airport and preventing the introduction of additional noncompatible land uses;

c. Program measures would not create an undue burden on interstate or foreign commerce, unjustly discriminate against types or classes of aeronautical uses, violate the terms of airport grant agreements, or intrude into areas preempted by the Federal Government; and

d. Program measures relating to the use of flight procedures can be implemented within the period covered by the program without derogating safety, adversely affecting the efficient use and management of the navigable airspace and air traffic control systems, or adversely affecting other powers and responsibilities of the Administrator prescribed by law.

Specific limitations with respect to FAA's approval of an airport noise compatibility program are delineated in FAR part 150, section 150.5. Approval is not a determination concerning the acceptability of land uses under Federal, state, or local law. Approval does not by itself constitute an FAA implementing action. A request for Federal action or approval to implement specific noise compatibility measures may be
