Certain Cut-to-Length Carbon Steel Plate From Sweden: Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Preliminary Results of Antidumping Duty Administrative Review.

SUMMARY: In response to a request by a respondent, the Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on *Certain Cut-to Length Carbon Steel Plate from Sweden* (A-401-805). This review covers one manufacturer/exporter of the subject merchandise to the United States during the period of review (POR) February 4, 1993, through July 31, 1994.

We have preliminarily determined that sales to the United States have been made below the foreign market value (FMV). If these preliminary results are adopted in our final results of administrative review, we will instruct U.S. Customs to assess antidumping duties equal to the difference between the United States price (USP) and the FMV. Interested parties are invited to comment on these preliminary results. Parties who submit argument in this proceeding are requested to submit with the argument (1) a statement of the issue and (2) a brief summary of the argument.
