In 1981, the President's Council on Integrity and Efficiency (PCIE) was established by Executive Order as an interagency committee charged with promoting integrity and effectiveness in Federal programs. ## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-36228; PA-19; File No. S7-27-95]

### Privacy Act of 1974; Establishment of New System of Records, Telephone Call Detail Records (SEC-39)

**AGENCY:** Securities and Exchange Commission.

**ACTION:** Notification of the establishment of a new system of records.

**SUMMARY:** In accordance with the requirements of the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Securities and Exchange Commission (Commission) gives notice of a new Privacy Act system of records, Telephone Call Detail Records (SEC-39).

**DATES:** Comments on the establishment of the new system of records must be received no later than October 20, 1995. The new system of records will be effective October 30, 1995, unless the Commission receives comments which would result in a contrary determination.

**ADDRESSES:** Persons wishing to submit comments should file three copies thereof with Jonathan G. Katz, Secretary, Securities and Exchange Commission, 450 Fifth Street NW., Washington, DC 20549. Reference should be made to File No. S7-27-95. Copies of the submission and all written comments will be available for public inspection and copying at the Commission's Public Reference Room, 450 Fifth Street NW., Washington, DC 20549.

**FOR FURTHER INFORMATION CONTACT:** Hannah R. Hall, Privacy Act Officer,

Tel. (202) 942-4320, Securities and Exchange Commission, 450 Fifth Street NW., Washington, DC 20549

**SUPPLEMENTARY INFORMATION:** This report is to give notice of the establishment of a new system of records entitled Telephone Call Detail Records—SEC-39, which is subject to the Privacy Act of 1974, 5 U.S.C. 552a.

The Commission is establishing the Telephone Call Detail Records system to enhance its ability to assess employee use of the telephone systems provided by the Commission (i.e. Private Automated Branch Exchange (PABX) telephone system installed at the Headquarters Building in Washington, DC, and the Operations Center and the Operations Center Annex in Alexandria, Virginia, and the Federal Telecommunications System (FTS) throughout the entire Commission), and to assist investigations into possible employee and contractor misconduct. Since parts of this system may be used to retrieve information about an individual through the telephone number that has been assigned to that individual, the Privacy Act of 1974, as amended, requires a general notice of the existence of this system of records to the public. The information may be used for telecommunication traffic studies, cost projections or other management studies and to enable the Commission to determine responsibility for placement of specific calls in connection with inquiries into possible employee or contractor misconduct, including misuse of Government-provided telephones. The records generated by the telephone system used by the Commissions's Headquarters Building, the Operations Center and the Operations Center Annex may identify the numbers called from a particular extension, calls made from or received at a particular extension, the date and time of the call and the length of the call. This system may also contain telephone assignment records, records reflecting the location of government telephones and requests for information

concerning calls made to or from particular extensions.

The new system of records report, as required by 5 U.S.C. 552a(r) of the Privacy Act, has been submitted to the Committee on Government Oversight and Reform of the U.S. House of Representatives, the Committee on Government Affairs of the U.S. Senate, and the Office of Management and Budget, pursuant to Appendix I to OMB Circular A-130, "Federal Agency Responsibilities for Maintaining Records About Individuals," dated July 15, 1994.

Accordingly, the Commission is giving notice of the establishment the following system of records, entitled Telephone Call Detail Records:

Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549.
