

Federal Register, file written objections and/or request a hearing with the Hearing Clerk, at the address given above (40 CFR 178.20). A copy of the objections and/or hearing requests filed with the Hearing Clerk should be submitted to the OPP docket for this rulemaking. The objections submitted must specify the provisions of the regulation deemed objectionable and the grounds for the objections (40 CFR 178.25). Each objection must be accompanied by the fee prescribed by 40 CFR 180.33(i). If a hearing is requested, the objections must include a statement of the factual issue(s) on which a hearing is requested, the requestor's contentions on such issues, and a summary of any evidence relied upon by the objector (40 CFR 178.27). A request for a hearing will be granted if the Administrator determines that the material submitted shows the following: There is a genuine and substantial issue of fact; there is a reasonable possibility that available evidence identified by the requestor would, if established, resolve one or more of such issues in favor of the requestor, taking into account uncontested claims or facts to the contrary; and resolution of the factual issue(s) in the manner sought by the requestor would be adequate to justify the action requested (40 CFR 178.32).

A record has been established for this rulemaking under docket number [PP 3F2792/R2164] (including any objections and hearing requests submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The public record is located in Room 1132 of the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Written objections and hearing requests, identified by the document control number [PP 3F2792/R2164], may be submitted to the Hearing Clerk (1900), Environmental Protection Agency, Rm. 3708, 401 M St., SW., Washington, DC 20460.

A copy of electronic objections and hearing requests filed with the Hearing Clerk can be sent directly to EPA at: opp-Docket@epamail.epa.gov

A copy of electronic objections and hearing requests filed with the Hearing Clerk must be submitted as an ASCII file

avoiding the use of special characters and any form of encryption.

The official record for this rulemaking, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer any objections and hearing requests received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all objections and hearing requests submitted directly in writing. The official rulemaking record is the paper record maintained at the address in ADDRESSES at the beginning of this document.

Under Executive Order 12866 (58 FR 51735, Oct. 4, 1993), the Agency must determine whether the regulatory action is "significant" and therefore subject to review by the Office of Management and Budget (OMB) and the requirements of the Executive Order. Under section 3(f), the order defines a "significant regulatory action" as an action that is likely to result in a rule (1) having an annual effect on the economy of \$100 million or more, or adversely and materially affecting a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities (also referred to as "economically significant"); (2) creating serious inconsistency or otherwise interfering with an action taken or planned by another agency; (3) materially altering the budgetary impacts of entitlement, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) raising novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive Order.

Pursuant to the terms of the Executive Order, EPA has determined that this rule is not "significant" and is therefore not subject to OMB review.

Pursuant to the requirements of the Regulatory Flexibility Act (Pub. L. 96-354, 94 Stat. 1164, 5 U.S.C. 601-612), the Administrator has determined that regulations establishing new tolerances or raising tolerance levels or establishing exemptions from tolerance requirements do not have a significant economic impact on a substantial number of small entities. A certification statement to this effect was published in the Federal Register of May 4, 1981 (46 FR 24950).

**40 CFR Part 716**

[OPPTS-84030; FRL-4960-7]

**Health and Safety Data Reporting Period Terminations**

**AGENCY:** Environmental Protection Agency

**ACTION:** Final rule.

**SUMMARY:** EPA is terminating the reporting periods for 234 chemical substances by amending the sunset dates on the list of substances, mixtures, and categories in the Toxic Substances Control Act (TSCA) section 8(d) model Health and Safety Data Reporting rule. Pursuant to 40 CFR 716.65, EPA has reviewed all of the substances listed in § 716.120 and determined that at this time the Agency no longer needs continuing health and safety data reporting on these 234 chemical substances. For these chemicals, reporting under the section 8(d) model rule is no longer required except for those studies which were initiated before the end of the reporting period or were ongoing at the end of the reporting period. Persons who believe that EPA

should not terminate the reporting requirements for these substances on the section 8(d) model rule may notify EPA and provide their reasons.

**DATES:** This rule becomes effective on December 19, 1995. Written comments should be received by October 20, 1995.

**ADDRESSES:** All comments should include the docket control number OPPTS-84030 and should be sent in triplicate to: TSCA Document Receipt Office (7407), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 401 M St., SW., Rm. NE-G99, Washington, DC 20460.

Comments and data may also be submitted electronically by sending electronic mail (e-mail) to: [ncic@epamail.epa.gov](mailto:ncic@epamail.epa.gov). Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect in 5.1 file format or ASCII file format. All comments and data in electronic form must be identified by the docket number OPPTS-84030. No Confidential Business Information (CBI) should be submitted through e-mail. Electronic comments on this proposed rule may be filed online at many Federal Depository Libraries. Additional information on electronic submissions can be found in Unit III. of this document.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

Pursuant to section 8(d) of the Toxic Substances Control Act (TSCA), EPA promulgated a model Health and Safety Data Reporting Rule (40 CFR part 716). The section 8(d) model rule requires past, current, and prospective manufacturers, importers, and processors of listed chemical substances and mixtures (henceforth referred to as substances) to submit to EPA copies and lists of unpublished health and safety studies on the listed substances that they manufacture, import, or process. These studies provide EPA with useful information and have provided significant support for EPA's decisionmaking.

By adding a substance to part 716, EPA triggers the section 8(d) model rule's reporting requirements. Past, current, and prospective manufacturers,

importers, and processors of the listed substance are required to submit certain information at the time the substance is listed. Further submissions are required of those who later initiate a study of the listed substance or who later propose to manufacture, import, or process the listed substance up to 10 years from the effective date of the rule. The only reporting requirement unaffected by the sunset provision found at § 716.65(a) applies to those manufacturers, importers, and processors who initiate a study on a listed substance before the reporting period terminates. These studies must be submitted upon their completion regardless of the completion date (§ 716.65(c)). For chemicals that have reached their sunset date, reporting under the section 8(d) model rule is no longer required except for those studies which were initiated before the end of the sunset period or were ongoing at the end of the sunset period.

In addition to the 10-year sunset provision to prevent unnecessary reporting burdens, EPA has instituted a biennial review process to identify and terminate the reporting periods for those substances for which the Agency does not currently need continued health and safety data reporting (40 CFR 716.65(b)). Pursuant to this process, the EPA Office of Pollution Prevention and Toxics requested from other EPA offices and certain other Federal agencies all reasonable justifications for retaining each substance or mixture from the list at § 716.120. As a result, EPA has determined that the Agency's health and safety data needs no longer justify continued health and safety data reporting for 234 chemical substances presently listed in the section 8(d) model rule. Amending the reporting sunset date for a substance listed in § 716.120(a) and (d) to reflect the effective date of this rule terminates the reporting period for the substance. This action eliminates the potential reporting burdens for prospective manufacturers, importers, and processors of the substance, and removes the requirement that current manufacturers, importers, and processors of the substance must notify EPA whenever they initiate a study of the substance. However, any manufacturer, importer, or processor who initiates a study on the substance before its removal from the 8(d) list must notify EPA of the study's initiation and submit the study upon its completion regardless of the completion date (§ 716.65(c)). For the foregoing reason, EPA is amending the reporting sunset dates for the substances rather

than removing all reference to the substances.

Authority for this action is stated in § 716.65 of the section 8(d) model rule. This section directs the EPA Office of Pollution Prevention and Toxics to conduct a biennial review of all the chemical substances and mixtures listed in § 716.120, and to request from other EPA offices and certain Federal agencies all reasonable justifications for retaining each substance or mixture on, or removing each substance or mixture from, the § 716.120 list. EPA is issuing this action without prior proposal in accordance with 40 CFR 716.65(b). This final rule terminates the reporting periods for 234 substances on the § 716.120 list 90 days following publication of this rule in the Federal Register. Persons are invited to comment on the determinations presented in this document. Written comments must be received by October 20, 1995. If a reasonable justification is received for requiring continued health and safety data reporting for any of these 234 substances on the section 8(d) model rule, EPA will, by notice published in the Federal Register, withdraw the sunset date amendment for the substance from the final rule prior to the final rule's effective date.

**II. Amendments to 40 CFR 716.120**

In order to affect the termination of health and safety data reporting on the chemical substances and categories for which there exists no justification for continuing reporting, § 716.120 will be amended. Sunset dates for 234 chemical substances will be amended to reflect the effective date of this rule. As previously stated, once a sunset date is reached, the reporting period for the chemical substance is terminated except as provided in § 716.65(c). A listing of the chemical substances subject to sunset date amendments are listed in the regulatory text.

**III. Rulemaking Record**

EPA has established a public record for this rulemaking (docket control number OPPTS-84030). This record includes basic information considered by the Agency in developing this rule. EPA will supplement the rulemaking record with additional information as it is received. The record now includes the following:

1. Section 8(d) model Health and Safety Rule Data Reporting Rule (51 FR 32720, September 15, 1986).
2. EPA memoranda to program offices requesting comments on substances listed in 40 CFR 716.120.
3. Comments from program offices and other Federal agencies.

A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from noon to 4 p.m., Monday through Friday, excluding legal holidays. The public record is located in the TSCA Nonconfidential Information Center, Rm. NE-B607, 401 M St., SW., Washington, DC 20460.

Electronic comments can be sent directly to EPA at:  
ncic@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this rulemaking, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all comments submitted directly in writing. The official rulemaking record is the paper record maintained at the address

in ADDRESSES at the beginning of this document.

IV. Regulatory Requirements

The Office of Management and Budget (OMB) has exempted this action from OMB review under Executive Order 12866 (58 FR 51735, October 4, 1993). The section 8(d) rule does not impose any Federal mandate on any State, local, or tribal governments or on the private sector within the meaning of the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4). Pursuant to the Regulatory Flexibility Act (5 U.S.C. 605(b)), it has been determined that this action will not have a significant economic impact on a significant number of small entities.

In addition, the information collection requirements related to the section 8(d) rule have already been approved by OMB pursuant to the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.* under OMB control number 2070-0004. For the 234 chemical substances in this final rule, the reporting requirements under the section 8(d) rule will no longer apply, except for in those circumstances where a study has been initiated before or was ongoing at the end of the sunset period. In these cases,

the reporting requirement continues until the studies are submitted to EPA upon their completion. This action does not include any burdens requiring additional OMB approval.

Assistant Administrator for Prevention,  
Pesticides and Toxic Substances.

Therefore, 40 CFR part 716 is amended to read as follows:

**PART 716—[AMENDED]**

1. The authority citation for part 716 continues to read as follows:

Authority: 15 U.S.C. 2607(d).

2. Section 716.120 is amended by revising 234 entries in paragraph (a) and revising entries under the categories in paragraph (d) to read as follows:

**§ 716.120 Substances and listed mixtures to which this subpart applies.**

### Office of the Secretary

#### 49 CFR Part 1

[OST Docket No. 1; Amdt. 1-273]

#### Organization and Delegation of Powers and Duties Delegations of Authority to the Maritime Administrator

AGENCY: Office of the Secretary, DOT.

ACTION: Final rule.

**SUMMARY:** The Secretary of Transportation (Secretary) hereby delegates to the Maritime Administrator authority to carry out the Merchant Marine Decorations and Medals Act of 1988, Pub. L. 100-324 (46 App. U.S.C. 2001 et seq.). The act authorizes the Secretary to award decorations and medals of appropriate design (including ribbons, ribbon bars, emblems, rosettes, miniature facsimiles, plaques, citations, or other suitable devices or insignia) for individual acts or service in the United States merchant marine. This amendment revises language in subparagraph 1.66(k) to cite the current statutory authority.

**EFFECTIVE DATE:** This rule becomes effective September 20, 1995.

Farbman, Office of the Assistant General Counsel for Regulation and Enforcement (C-50), Department of Transportation, Room 10424, 400 Seventh Street SW, Washington, DC 20590, (202) 366-9306.

**SUPPLEMENTARY INFORMATION:** The Maritime Administration (MARAD) has been delegated authority to carry out the Merchant Marine Medals Act of 1956 (46 App. U.S.C. 249 et seq.) since enactment. Delegation is through the Secretary of Transportation at 49 CFR 1.66(k). The 1956 act was repealed by the Merchant Marine Decorations and Medals Act of 1988, Pub. L. 100-324, (46 App. U.S.C. 2001 et seq.). The act authorizes the Secretary to award decorations and medals of appropriate design (including ribbons, ribbon bars,

emblems, rosettes, miniature facsimiles, plaques, citations, or other suitable devices or insignia) for individual acts or service in the United States merchant marine. This amendment revises language in subparagraph 1.66(k) to cite the current statutory authority. Since this amendment relates to departmental management, organization, procedure, and practice, notice and comment are unnecessary, and the rule may become effective in fewer than 30 days after publication in the Federal Register.
