

riskless principal). Notificants have stated that Alfred Berg would conduct these proposed activities within the limitations and prudential guidelines established by the Board.

Notificants also maintain that the Board has determined that underwriting and dealing, to a limited extent, in debt and equity securities is closely related to banking. *See Canadian Imperial Bank of Commerce*, 76 Federal Reserve Bulletin 158 (1990) (*CIBC*); *J.P. Morgan & Co. Incorporated, et al.*, 75 Federal Reserve Bulletin 192 (1989), *aff'd sub nom. Securities Industries Ass'n v. Board of Governors of the Federal Reserve System*, 900 F.2d 360 (D.C. Cir. 1990); and *Citicorp, et al.*, 73 Federal Reserve Bulletin 473 (1987), *aff'd sub nom. Securities Industry Ass'n v. Board of Governors of the Federal Reserve System*, 839 F.2d 47 (2d Cir.), *cert. denied*, 486 U.S. 1059 (1988).

Notificants have stated that Alfred Berg would conduct the proposed activities within the limitations and prudential guidelines established by the Board in previous orders, with one exception. In particular, Notificants propose to modify firewall number 19 of *CIBC* to permit Alfred Berg, in connection with its market making activities, to purchase from and sell to its foreign affiliates American Depositary Receipts (ADRs) and the underlying foreign securities represented by the ADRs in such quantities that are reasonably related to *bona fide* indications of buying and selling interest of unaffiliated customers of Alfred Berg. Notificants maintain that their proposal is consistent with the Board's determination in *CIBC* to permit foreign affiliates of an underwriting subsidiary, in certain circumstances, to purchase from the underwriting subsidiary securities being underwritten by such subsidiary. Notificants also state that the purchases and sales of ADRs and foreign securities between Alfred Berg and its foreign affiliates would not be for the purpose of providing liquidity or capital support to Alfred Berg.

In order to approve the proposal, the Board must determine that the proposed activities to be conducted by Alfred Berg "can reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." 12 U.S.C. 1843(c)(8). Notificants believe that the proposal would produce public benefits that outweigh any potential adverse effects. In particular, Notificants maintain that

the proposal would enhance competition and enable Notificants to offer their customers a broader range of products. Notificants also maintain that their proposal would not result in any adverse effects.

In publishing the proposal for comment, the Board does not take a position on issues raised by the proposal. Notice of the proposal is published solely to seek the views of interested persons on the issues presented by the application and does not represent a determination by the Board that the proposal meets, or is likely to meet, the standards of the BHC Act. Any comments or requests for hearing should be submitted in writing and received by William W. Wiles, Secretary, Board of Governors of the Federal Reserve System, Washington, D.C. 20551, not later than October 19, 1995. Any request for a hearing on this application must, as required by § 262.3(e) of the Board's Rules of Procedure (12 CFR 262.3(e)), be accompanied by a statement of the reasons why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

This application may be inspected at the offices of the Board of Governors or the Federal Reserve Bank of Chicago.

Board of Governors of the Federal Reserve System, September 14, 1995.

William W. Wiles,

Secretary of the Board.

Office of Inspector General

Program Exclusions: September 1995

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of September 1995, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, Maternal and Child Health Services Block Grant and Block Grants to States for Social Services programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.
