

instructions concerning all respondents directly to the Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Act: (1) The cash deposit rates for the reviewed companies will be those rates established in the final results of the review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the original investigation, the cash deposit rate will be 4.60 percent, the "All Others" rate established in the LTFV investigation (57 FR 3996). These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Interested parties may request disclosure within 5 days of the date of publication of this notice and may request a hearing within 10 days of the date of publication. Any hearing, if requested, will be held as early as convenient for the parties but not later than 44 days after the date of publication or the first work day thereafter. Case briefs or other written comments from interested parties may be submitted not later than 30 days after the date of publication of this notice. Rebuttal briefs and rebuttal comments, limited to issues in the case briefs, may be filed not later than 37 days after the date of publication. The Department will publish the final results of this administrative review, including the results of its analysis of issues raised in any such written comments.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22(c).

Dated: September 13, 1995.
Susan G. Esserman,

Assistant Secretary for Import Administration.

National Technical Information Service

Notice of Prospective Extension of Exclusive Patent License

This is notice in accordance with 35 U.S.C. 209 (c)(1) and (d) and 37 CFR 404.7 (a)(1)(i) and (b)(1)(i) that the National Technical Information Service (NTIS), U.S. Department of Commerce, is contemplating extending its grant of an exclusive license in the United States of America and certain foreign countries to practice the inventions embodied in U.S. Patent Nos. 4,311,826 (Ser. No. 6-085,450) and 4,391,969 (Ser. No. 6-266,484) to Martin Resources, Inc., having a place of business in Kilgore, Texas. The patent rights in these inventions have been assigned to the United States of America.

The prospective extension of the exclusive license will include royalty terms and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license extension may be granted unless, within 60 days from the date of this published notice, NTIS receives written evidence and argument which establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

The respective inventions expressed in the patents cited above describe: (1) A modified sulfur cement comprising the polymeric reaction product of elemental sulfur and a cyclopentadiene oligomer containing reactant; cement compositions can be formulated by blending an aggregate material with the modified sulfur cement; and (2) a modified sulfur cement formulation, comprising the polymeric reaction product of sulfur with a cyclopentadiene oligomercyclopentadiene containing modifier in which the cyclopentadiene oligomer content of said modifier is at least 37 wt. %, the sulfur cement product having a softening point ranging up to 116 °C.

The availability of the inventions for licensing were published in Federal Register notices on April 27, 1982, Vol. 47, No. 81, p. 18019 and October 16,

1985, Vol. 50, No. 200, p. 41931, the latter in the form of a notice of "intent to grant a license." Copies of the instant U.S. patents are available from the Commissioner of Patents and Trademarks, Box 9, Washington, DC at a cost of \$3.00 each.

Any inquiries and comments relating to the contemplated license must be submitted to Neil L. Mark, Office of Federal Patent Licensing, NTIS, Box 1423, Springfield, Virginia 22151. Properly filed competing license applications received by the NTIS in response to this notice will be considered as objections to the grant of the contemplated license.

Douglas J. Campion,

Director, Office of Federal Patent Licensing.
