Anchor Glass Container Corporation; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 USC 2273) the Department of labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on July 12, 1995, applicable to all workers at the Anchor Glass Container Corporation locations in Gurnee, Illinois, and Huntington Park, California. The notice was published in the Federal Register on August 9, 1995 (60 FR 40613).

The Department, on its own motion, reviewed the certification for workers of the subject firm. New information received by the Department shows that imports of articles like or directly competitive with glass containers produced at Anchor's Keyser, West Virginia location contributed importantly to company sales, production, and employment declines at that location. Accordingly, the Department is expanding its certification to those workers at Anchor Glass Container Corporation, Keyser, West Virginia.

The amended notice applicable to TA-W-31,207 is hereby issued as follows:

"All workers of Anchor Glass Container Corporation, Gurnee, Illinois (TA-W-31,206); Huntington Park, California (TA-W-31,207); and Keyser, West Virginia (TA-W-31,207A) engaged in employment related to the production of glass containers who became totally or partially separated from
