East Cooper & Berkeley Railroad—Construction and Operation of a Rail Line—Berkeley County, South Carolina

The East Cooper and Berkeley Railroad (ECBR) has petitioned the Interstate Commerce Commission (Commission) for authority to construct and operate a 1.7-mile extension of ECBR's existing rail line in Berkeley County, South Carolina. The proposed rail line extension is part of a large economic incentive program offered jointly by state and local governments to NUCOR Corporation in connection with its proposed electric arc steel mill and associated industries. The ECBR rail line extension would carry materials for the construction of the steel mill and then, upon completion of the mill, move raw materials in (mainly scrap) and finished steel products out. The Commission's Section of Environmental Analysis (SEA) has prepared an Environmental Assessment (EA) for this project. Based on the information provided and the environmental analysis conducted to date, this EA concludes that this proposal should not significantly affect the quality of the human environment if the recommended mitigation measures set forth in the EA are implemented. Accordingly, SEA preliminarily recommends that the Commission impose on any decision approving the proposed construction and operation conditions requiring ECBR to

implement the mitigation contained in the EA.

The EA will be served on all parties of record as well as all appropriate Federal, state and local officials and will be made available to the public upon request. SEA will consider all comments received in response to the EA in making final environmental recommendations to the Commission. The Commission will then consider SEA's final recommendations and the environmental record in making its final decision in this proceeding.

Comments (an original and 10 copies) and any questions regarding this Environmental Assessment should be filed with the Commission's Section of Environmental Analysis, Office of Economic and Environmental Analysis, Room 3219, Interstate Commerce Commission, Washington, D.C. 20423, to the attention of Dana White (202) 927-6214. Requests for copies of the EA should also be directed to Ms. White.

Date made available to the public: September 22, 1995.

Comment due date: October 23, 1995.

By the Commission, Elaine K. Kaiser, Chief, Section of Environmental Analysis, Office of Economic and Environmental Analysis.

Vernon A. Williams,
Secretary.

Soo Line Railroad Company (Soo) has filed a notice of exemption under 49 CFR 1152 Subpart F—*Exempt Abandonments* to abandon approximately 5.5 miles of its "Harlow to Baker Trackage" between milepost 474.35±, near Harlow, and milepost 479.54±, near Baker, in Benson County, ND.

Soo has certified that: (1) No local traffic has moved over the line for at least 2 years; (2) all overhead traffic has been rerouted over other lines; (3) no formal complaint filed by a user of rail service on the line (or by a State or local government entity acting on behalf of such user) regarding cessation of service over the line either is pending with the Commission or with any U.S. District Court or has been decided in favor of the complainant within the 2-year period; and (4) the requirements at 49 CFR 1105.7 (environmental reports), 49 CFR 1105.8 (historic reports), 49 CFR 1105.11 (transmittal letter), 49 CFR

As a condition to use of this exemption, any employee affected by the abandonment shall be protected under *Oregon Short Line R. Co.—Abandonment—Goshen*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C. 10505(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received, this exemption will be effective on October 22, 1995, unless stayed pending reconsideration. The Commission's Section of Environmental Analysis (SEA) will issue an environmental assessment (EA) by September 27, 1995. Interested persons may obtain a copy of the EA by writing to SEA (Room 3219, Interstate Commerce Commission, Washington, DC 20423) or by calling Elaine Kaiser, Chief of SEA, at (202) 927-6248.
