

16. Consolidated Edison Company of New York, Inc.

[Docket No. ER95-1704-000]

Take notice that on September 5, 1995, Consolidated Edison Company of New York, Inc. (Con Edison), tendered for filing a Supplement to its Rate Schedule, Con Edison Rate Schedule FERC No. 123, a facilities agreement with Central Hudson Gas and Electric Corporation (CH). The Supplement provides for a decrease in the monthly carrying charges. Con Edison has requested that this increase take effect as of August 1, 1995.

Con Edison states that a copy of this filing has been served by mail upon CH.

Comment date: September 29, 1995, in accordance with Standard Paragraph E at the end of this notice.

Standard Paragraph

E. Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

Secretary.

[Project No. 11243 Alaska]

Whitewater Engineering Corporation; Notice of Scoping Pursuant to the National Environmental Policy Act of 1969

September 18, 1995.

The Energy Policy Act of 1992, allows applicants to prepare their own draft environmental assessment (EA) for hydropower projects and file it with the Federal Energy Regulatory Commission (Commission) along with their license application as part of the "applicant-prepared EA" process. Whitewater Engineering Corporation (Whitewater) intends to prepare an EA to file with the Commission for the Power Creek Hydroelectric Project No. 11243.

Whitewater will hold two public scoping meetings, pursuant to the National Environmental Policy Act of 1969, to identify the scope of environmental issues that should be analyzed in the EA.

Scoping Meetings

The times and locations of the two scoping meetings are:

Public Meeting

Date: Tuesday, October 10, 1995.

Place: Cordova High School's Library, 100 Fisherman's Way, Cordova, Alaska.

Time: 7:00 p.m.

Agency Meeting

Date: Thursday, October 12, 1995.

Place: New Federal Building, 222 W. 7th Avenue, Room 133, Anchorage, Alaska.

Time: 1:30 pm.

At the scoping meetings, Whitewater will (1) summarize the environmental issues tentatively identified for analysis in the EA; (2) solicit from the meeting participants all available information, especially qualified data, on the resources at issue; and (3) encourage statements from experts and the public on issues that should be analyzed in the EA.

All interested individuals, organizations, and agencies are invited and encouraged to attend either or both meetings to assist in identifying and clarifying the scope of environmental issues that should be analyzed in the EA.

To help focus discussions at the meetings, Whitewater prepared and distributed Scoping Document 1 for this project. Copies of this scoping document can be obtained by calling Mike Prewitt of Whitewater at (206) 957-1874, or can be obtained directly at either meeting.

Site Visit

Whitewater will also conduct a site visit for this project on Wednesday, October 11, 1995. Those attending the site visit must meet in the lobby of the Old Courthouse (Old Post Office), at 612 2nd Street, in Cordova by 9:00 am. Those planning to attend the site visit must notify Whitewater at least three days prior to that date.

Meeting Procedures

The meetings will be conducted according to the procedures used at Commission scoping meetings. Because this meeting will be a NEPA scoping meeting, the Commission will not conduct another NEPA scoping meeting when the application and draft EA are filed with the Commission.

Both meetings will be recorded by a stenographer, and thus will become a part of the formal record of the proceedings for this project.

Those who choose not to speak may instead submit written comments on the project. These comments should be mailed to Mike Prewitt at Whitewater's Seattle office, 1415 140th Street, #9, Bellevue, Washington 98085. All correspondence should clearly show the following caption on the first page: Scoping Comments, Power Creek Project, FERC No. 11243, Alaska.

For further information, please contact Mike Prewitt at (206) 957-1874, or Mike Strzelecki of the Commission at (202) 219-2827.

Lois D. Cashell,

Secretary.

ENVIRONMENTAL PROTECTION AGENCY

(ER-FRL-5229-1)

Environmental Impact Statements And Regulations; Availability of EPA Comments

Availability of EPA comments prepared September 04, 1995 Through September 08, 1995 pursuant to the Environmental Review Process (ERP), under Section 309 of the Clean Air Act and Section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of FEDERAL ACTIVITIES AT (202) 260-5076.

An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 14, 1995 (60 FR 19047).

Draft EISs

ERP No. D-FRC-L05213-WA Rating EO2, Rocky Reach Hydroelectric Project (FERC No. 2145). Operating License Amendment Issuance to Increase Lake Entiat Reservoir, Chelan and Douglas Counties, WA.

Summary

EPA expressed environmental objections due to potentially significant water quality, wetland and fish impacts. Additional information was requested on cumulative effects, mitigation measures and impacts on water quality, wetlands and fisheries resources.

ERP No. D-NAS-K59011-CA Rating EC2, Programmatic EIS—NASA Ames Aerodynamic Testing Program, Implementation, Analyzation of the Noise Envelope of Future Wind Tunnel Testing at the National Full-Scale Aerodynamic Complex (NFAC), NASA Ames Research Center, Moffet Field, Santa Clara County, CA.

Summary

EPA expressed environmental concerns regarding the lack of air quality mitigation measures, noise impacts to Air Force housing and dependents, and the lack of detail concerning noise mitigation.

ERP No. DS-AFS-L65183-AK Rating LO, Central Prince of Wales Ketchikan
