Office of Energy Research

Fusion Energy Advisory Committee; Notice of Open Meeting

AGENCY: Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: Pursuant to the provisions of
the Federal Advisory Committee Act
(Public Law 92-463, 86 Stat. 770),
notice is given of a meeting of the
Fusion Energy Advisory Committee.

DATES: Thursday, October 12, 1995, 9:00
a.m. to 6:00 p.m.; and Friday, October
13, 1995, 9:00 a.m. to 6:00 p.m.

ADDRESSES: Renaissance Washington
D.C. Hotel, 999 Ninth Street, N.W.,
Washington, D.C. 20036.

FOR FURTHER INFORMATION CONTACT:
Albert L. Opdenaker, III, Executive
Assistant, Office of Fusion Energy, ER-
50, GTN, U.S. Department of Energy,
Washington, D.C. 20585, Telephone:
301-903-4941.

SUPPLEMENTARY INFORMATION:

Purpose of the Meeting

The Committee will receive a new
charge from the Department and will
begin the process of organizing itself to
complete the necessary work.

Tentative Agenda

*Thursday, October 12, 1995, and Friday,
October 13, 1995*

Executive session for FEAC members
Presentation of new FEAC members
Presentation of new charge to FEAC
Presentation of the President's
Committee of Advisors on Science &
Technology (PCAST) results
Presentation on FY 1996 Budget

Presentation and Discussion on
Proposed new Strategy
Public Comments (10 minute rule)

Public Participation

The meeting is open to the public.
Written statements may be filed with
the Committee either before or after the
meeting. Members of the public who
wish to make oral statements pertaining
to agenda items should contact Albert
Opdenaker at the address or telephone
number listed above. Requests to make
oral statements must be received 5 days
prior to the meeting; reasonable
provision will be made to include the
statement in the agenda. The
Chairperson of the Committee is
empowered to conduct the meeting in a
fashion that will facilitate the orderly
conduct of business.

Minutes

The minutes of this meeting will be
available for public review and copying
within 30 days at the Freedom of
Information Public Reading Room, I-
190, Forrestal Building, 1000
Independence Avenue, S.W.,
Washington, D.C., between 9:00 a.m.
and 4:00 p.m., Monday through Friday,
except Federal holidays.

Issued at Washington, D.C. on September
19, 1995.

Rachel Murphy Samuel,
*Acting Deputy Advisory Committee
Management Officer.*

BILLING CODE 6450-01-P

Federal Energy Regulatory Commission

[Docket No. CP95-751-000]

High Island Offshore System; Notice of Application

September 18, 1995.

Take notice that on September 13,
1995, High Island Offshore System
(HIOS), 500 Renaissance Center, Detroit,
Michigan 48243, filed in Docket No.
CP95-751-000 an application pursuant
to section 7(b) of the Natural Gas Act for
permission and approval to abandon a
transportation service currently being
rendered to Transcontinental Gas Pipe
Line Corporation (Transco) which was
authorized in Docket No. CP75-104, *et
al.*, all as more fully set forth in the
application on file with the Commission
and open to public inspection.

Specifically, HIOS proposes to
abandon firm service rendered under its
Rate Schedule T-16 to Transco by
exercising its option to terminate the
related service agreement upon
expiration of the primary term.

Any person desiring to be heard or to
make any protest with reference to said
application should on or before October
10, 1995, file with the Federal Energy
Regulatory Commission, Washington,
DC 20426, a motion to intervene or a
protest in accordance with the
requirements of the Commission's Rules
of Practice and Procedure (18 CFR
385.214 or 385.211) and the Regulations
under the Natural Gas Act (18 CFR
157.10). All protests filed with the
Commission will be considered by it in
determining the appropriate action to be
taken but will not serve to make the
protestants parties to the proceeding.
Any person wishing to become a party
to a proceeding or to participate as a
party in any hearing therein must file a
motion to intervene in accordance with
the Commission's Rules.

Take further notice that, pursuant to
the authority contained in and subject to
the jurisdiction conferred upon the
Federal Energy Regulatory Commission
by sections 7 and 15 of the Natural Gas
Act and the Commission's Rules of
Practice and Procedure, a hearing will
be held without further notice before the
Commission or its designee on this
application if no motion to intervene is
filed within the time required herein, if
the Commission on its own review of
the matter finds that permission and
approval for the proposed abandonment
are required by the public convenience
and necessity. If a motion for leave to
intervene is timely filed, or if the
Commission on its own motion believes
that a formal hearing is required, further
notice of such hearing will be duly
given.

Under the procedure herein provided
for, unless otherwise advised, it will be
unnecessary for HIOS to appear or be
represented at the hearing.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. CP95-748-000]

Natural Gas Pipeline Company of America; Notice of Application

September 18, 1995.

Take notice that on September 11,
1995, Natural Gas Pipeline Company of
America (Natural), 701 East 22nd Street,
Lombard, Illinois, 60148, filed in Docket
No. CP95-748-000 an abbreviated
application pursuant to section 7(b) of
the Natural Gas Act, as amended, and
Sections 157.7 and 157.18 of the Federal
Energy Regulatory Commission's
(Commission) regulations thereunder,
for permission to abandon an

interruptible natural gas transportation service for South Jersey Exploration Company (SJEX), a producer, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Natural states that it proposes to abandon an interruptible transportation service authorized in Natural's Docket No. CP78-89, as amended, and performed under Natural's Rate Schedule X-98. Natural further states that under the arrangement, dated September 30, 1977, SJEX made available up to 5,000 Mcf of natural gas per day to Natural in Nacogdoches County, Texas via a joint venture gathering line to Natural in Nacogdoches County, Texas, and Natural redelivered an equivalent volume of natural gas for the account of SJEX to Transcontinental Gas Pipe Line Corporation (Transco) at the outlet of Mobil Oil Corporation's Cameron Gas Processing Plant in Cameron Parish, Louisiana, for further transportation and ultimate distribution to certain of Transco's customers or their producing affiliates.

Natural indicates that it had an option, which Natural exercised, to purchase up to ten percent of the total amount of gas it received in Nacogdoches County, Texas for the account of SJEX. Natural also indicates that SJEX sold a part of such gas to Natural in Docket No. CS76-818. It is also indicated that the gas that Natural was transporting for SJEX as gas that was not all owned by SJEX as SJEX was also acting as agent for six other companies. It is further indicated that the six other companies and the docket numbers regarding their sales to Natural were Delmarva Energy Corporation in Docket No. CS76-1086, Dover Exploration Company in Docket No. CI77-34, NCNG Exploration Corporation in Docket No. CS77-39, Piedmont Exploration Company, Inc. in Docket No. CS76-1125, Rockingham Exploration Company in Docket No. CS77-339, Tar Heel Energy Corporation in Docket No. CS76-982, and U.G.C. Energy Corporation in Docket No. CS77-464.

Natural states that by a letter of South Jersey Industries, Inc. (SJI) ¹ dated July 20, 1995, Natural was notified that its transportation service for SJEX was no longer required. Therefore, Natural requests authority to abandon its transportation service for SJEX under the agreement.

¹ Natural indicates that SJI is the parent company of South Jersey Gas Company (South Jersey). Natural states that SJEX was the producing affiliate of South Jersey. It is further indicated that SJEX dissolved in 1992.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 10, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party to the proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, and if the Commission on its own review of the matter finds that the abandonment is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provide for, unless otherwise advised, it will be unnecessary for Natural to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. CP95-710-000, et al.]

**Southern Natural Gas Company, et al.;
Natural Gas Certificate Filings**

September 15, 1995.

Take notice that the following filings have been made with the Commission:

1. Southern Natural Gas Company

[Docket No. CP95-710-000]

Take notice that on August 25, 1995, Southern Natural Gas Company (Southern), P.O. Box 2563, Birmingham, Alabama 35202-2563, filed in Docket No. CP95-710-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to

abandon by sale certain gas supply facilities in Knoxo Field, Walthall County, Mississippi, all as more fully set forth in the application on file with the Commission and open to public inspection.

Southern proposes to abandon by sale two receiving stations and associated 6-inch and 4-inch supply lines in the Knoxo Field. The facilities were constructed in the 1960's to connect gas supplies to Southern's system. Because of decreased production in the field, the facilities are no longer economical to maintain, according to Southern. An agreement has been entered with the operator of the upstream wellhead production facilities J.R. Pounds, Inc., to acquire the facilities. No impact on Southern's system capacity or its customers would result.

Comment date: October 6, 1995, in accordance with Standard Paragraph F at the end of this notice.

**2. CNG Transmission Corporation and
Texas Eastern Transmission
Corporation**

[Docket No. CP95-668-001]

Take notice that on September 8, 1995, CNG Transmission Corporation (CNG), 445 West Main Street, Clarksburg, West Virginia 26301 and Texas Eastern Transmission Corporation (Texas Eastern), 5400 Westheimer Court, Houston, Texas 77056, collectively referred to as Applicants, filed a joint amended application in Docket No. CP95-668-001 pursuant to Section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain pipeline facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

On August 7, 1995, in Docket No. CP95-668-000, Applicants filed an application pursuant to Section 7 of the Natural Gas Act for permission and approval to abandon certain facilities at the Jeannette Compressor Station and a certificate of public convenience to add horsepower at the South Oakford Compressor Station. Applicants also proposed to install two new, parallel storage pipelines consisting of 3,158 feet of 30-inch storage suction pipe and 3,158 feet of 20-inch storage discharge pipe. Applicants state that updated engineering studies have indicated that the 20-inch storage discharge pipe may be replaced with the same length of 16-inch pipe at a cost savings. Applicants therefore propose to install a 16-inch storage discharge pipe in lieu of the 20-inch pipe.
