

interest received from U.S. Savings Bonds cashed during 1995.”

D. We are deleting some items based on suggestions from interviewers and other staff. These items are CHK50A, Q50b, and Q50b-add (additional farm income series).

E. We are adding some items based on suggestions from data users:

1. We will identify persons covered by AFDC and food stamps.
2. We will collect eligibility reasons for receipt of Social Security and/or Social Security Income.
3. We will add a question that will identify child recipients of Social Security and Social Security Income.

III. Request for Comments

Prospective respondents and other interested parties should comment on the actions discussed in Item II. The following general guidelines are provided to assist in the preparation of responses. Please include the name of this information collection, the Annual Demographic Survey, in your comments.

As a potential data user:

- A. Have you ever used the Annual Demographic Survey data from the CPS?
- B. If so, will any of the proposed changes described in Section II

adversely affect your analyses? If yes, please explain.

C. In general, do you agree or disagree that the modifications listed in Section II should be adopted? Please be specific.

D. As a user of these data, can you suggest modifications to the proposed items that, if incorporated, would better serve your analytical needs? If so, please submit your suggested changes with a short statement describing the perceived benefits.

As a potential respondent:

A. We estimate that it will take the average respondent about 25 minutes to answer the appropriate questions. Is this a reasonable burden?

B. Are the questions sensitive in nature? If so, please be specific in describing why.

C. Are the questions understandable and framed in a sensible manner? If not, what items are confusing and how should we clarify them?

D. In your opinion, could a proxy respondent (i.e., one household member providing information for another household member) provide complete and accurate answers? If not, why?

E. Do you have any suggestions on ways of reducing the burden associated with responding to this information collection?

The Census Bureau is also interested in receiving comments from persons regarding their views on the need for this information collection.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: September 18, 1995.

Gerald Taché,
Departmental Forms Clearance Officer, Office of Management and Organization.

New York Hardboard & Plywood Corp.	129 30th Street, Brooklyn, NY 11232.	09/05/95	Wood Furniture.
The Frame Company	33 Hope Street, Jersey City, NJ 07307.	08/24/95	Picture frames.
Thermo Tech, Inc	287 South Santa Fe Drive, Denver, CO 80223.	09/13/95	Stainless steel silicone connectors and food and dairy process hoses.
United Knitting, Inc	P.O. Box 3748, 310 Industrial Dr., Cleveland, TN 37320-3748.	09/14/95	Circular knit fabrics.

The petitions were submitted pursuant to Section 251 of the Trade Act of 1974 (19 U.S.C. 2341). Consequently, the United States Department of Commerce has initiated separate investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each firm contributed importantly to total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

Any party having a substantial interest in the proceedings may request a public hearing on the matter. A request for a hearing must be received by the Trade Adjustment Assistance Division, Room 7023, Economic Development Administration, U.S. Department of Commerce, Washington, D.C. 20230, no later than the close of business of the tenth calendar day following the publication of this notice.

The Catalog of Federal Domestic Assistance official program number and title of the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance.

Dated: September 18, 1995.

Lewis R. Podolske,

Director, Trade Adjustment Assistance Division.

Heavy Forged Hand Tools, Finished or Unfinished, With or Without Handles, from the People's Republic of China; Final Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative reviews.

SUMMARY: On April 20, 1995, the Department of Commerce (the Department) published the preliminary results of the administrative reviews of the antidumping duty orders on heavy forged hand tools, finished or unfinished, with or without handles, (HFHTs) from the People's Republic of China (PRC). The reviews cover two exporters of the subject merchandise to the United States and the period February 1, 1992, through January 31, 1993. We gave interested parties an opportunity to comment on our

preliminary results. Based on our analysis of the comments received, we have changed the results from those presented in the preliminary results of reviews.

EFFECTIVE DATE: September 22, 1995.

FOR FURTHER INFORMATION CONTACT: Karin Price or Maureen Flannery, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On April 20, 1995, the Department published in the Federal Register (60 FR 19723) the preliminary results of the administrative reviews of the antidumping duty orders on HFHTs from the PRC (56 FR 6622, February 19, 1991). The Department has now completed these administrative reviews in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Applicable Statute and Regulations

Unless otherwise stated, all citations to the statute and to the Department's regulations are references to the provisions as they existed on December 31, 1994.

Scope of These Reviews

Imports covered by these reviews are shipments of HFHTs from the PRC comprising the following classes or kinds of merchandise: (1) hammers and sledges with heads over 1.5 kg. (3.33 pounds) (hammers/sledges); (2) bars over 18 inches in length, track tools and wedges (bars and wedges); (3) picks and mattocks (picks/mattocks); and (4) axes, adzes and similar hewing tools (axes/adzes).

HFHTs include heads for drilling, hammers, sledges, axes, mauls, picks, and mattocks, which may or may not be painted, which may or may not be finished, or which may or may not be imported with handles; assorted bar products and track tools including wrecking bars, digging bars and tampers; and steel woodsplitting wedges. HFHTs are manufactured through a hot forge operation in which steel is sheared to required length, heated to forging temperature and formed to final shape on forging equipment using dies specific to the desired product shape and size. Depending on the product, finishing operations may include shot blasting, grinding, polishing and painting, and the insertion of handles for handled products. HFHTs are currently provided

for under the following Harmonized Tariff System (HTS) subheadings: 8205.20.60, 8205.59.30, 8201.30.00, and 8201.40.60. Specifically excluded are hammers and sledges with heads 1.5 kg. (3.33 pounds) in weight and under, hoes and rakes, and bars 18 inches in length and under. Although the HTS subheadings are provided for convenience and customs purposes, our written description of the scope of these proceedings is dispositive.

These reviews cover two exporters of HFHTs from the PRC, Fujian Machinery & Equipment Import & Export Corporation (FMEC) and Shandong Machinery Import & Export Corporation (SMC). The review period is February 1, 1992, through January 31, 1993.

Analysis of Comments Received

We gave interested parties an opportunity to comment on the preliminary results. We received joint comments from FMEC, SMC, and Olympia Industrial Inc., an importer of the subject merchandise, (together, respondents), and rebuttal comments from Woodings-Verona Tool Works, Inc., petitioner. At the request of FMEC, SMC, and petitioner, a hearing was held on June 7, 1995.

Comment 1: Respondents argue that the Indian import statistics for the period April-December 1992, which the Department used to value direct materials and packing materials for the preliminary results of these reviews, are aberrational and should largely be rejected. Respondents contend that the aberrations in the surrogate values result from the fact that basket categories were used to value the factor inputs, that the imports sometimes reflected small import quantities, and that the import statistics have deviant values. They argue that other sources for surrogate values should be considered.

According to respondents, although the Department's first choice for publicly available published information (PAPI) is import statistics, as import prices theoretically represent the price paid by producers in the surrogate country, the Department has in past cases abandoned its reliance on import statistics and PAPI from the primary surrogate country when they are aberrational and do not fairly represent the market value of the input. They cite to the Notice of Final Determination of Sales at Less Than Fair Value: Furfuryl Alcohol from the People's Republic of China (60 FR 22544, May 8, 1995) (Furfuryl Alcohol), the Notice of Final Determination of Sales at Less Than Fair Value: Disposable Pocket Lighters from the People's Republic of China (60 FR
