BILLING CODE 6560-50-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 15

[ET Docket No. 95-144; FCC 95-389]

Filing of UHF Noise Figure Performance Measurements

AGENCY: Federal Communications Commission.

ACTION: Notice of proposed rulemaking.

SUMMARY: By this *Notice of Proposed Rulemaking (NPRM)*, the Commission proposes to amend its rules regarding television receivers by eliminating the requirement that parties who manufacture, import, or market television receivers file reports concerning the UHF noise figure performance of recently-introduced models. The Commission believes this action will reduce the regulatory burden on manufacturers and importers of television receivers.

DATES: Comments must be filed on or before October 12, 1995. Reply comments must be filed on or before October 27, 1995.

ADDRESSES: Office of the Secretary, Federal Communications Commission, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Kimberly Baum, Office of Engineering

Kimberly Baum, Office of Engineering and Technology, (202) 776–1606.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's *NPRM*, adopted September 5, 1995, and released September 12, 1995. The full text of this Commission decision is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street NW., Washington, DC, and also may be purchased from the Commission's duplication contractor, International Transcription Service, (202) 857–3800, 2100 M Street NW., Suite 140, Washington, DC 20037.

Summary of NPRM

The Consumer Electronics Group of the Electronic Industries Association ("EIA/CEG") filed a petition requesting

that the Commission delete the requirements for the submission of UHF noise figure measurement data. In its petition, EIA/CEG stated that requiring the compilation and submittal of test data, after the receiver has been verified as compliant with the Commission's rules, is unnecessary and inconsistent with the verification procedure for equipment authorization. EIA/CEG maintained that past filings of UHF noise figures showed a high level of compliance with the rules, which demonstrates the industry's commitment to the quality of UHF television.

2. Accordingly, the Commission proposes to eliminate the requirement for submission of UHF noise figure performance measurement data now submitted to the FCC. All television receivers shipped in interstate commerce or imported into the United States for sale or resale to the public would remain subject to the 14 dB noise figure. Compliance with this requirement would be maintained through the verification process, such routine follow-on testing as the manufacturer or importer believes is necessary, and random sampling by the Commission. The Commission believes this action will reduce the regulatory burden on manufacturers and importers of television receivers. Reduction of administrative burden on manufacturers could potentially result in a reduction in price to the consumer and thus is in the public interest.

BILLING CODE 6712-01-M

47 CFR Part 73

[MM Docket No. 93-244; RM-8315; RM-8401]

Radio Broadcasting Services; Pike Road and Ramer, AL

AGENCY: Federal Communications Commission.

ACTION: Proposed rule; dismissal.

SUMMARY: This document denies a petition filed on behalf of Fred R. Hughey (RM–8315) requesting the allotment of FM Channel 248A to Pike Road, Alabama, as that locality's first local aural transmission service, and

also denies a mutually-exclusive proposal to allot FM Channel 248A to Ramer, Alabama, as that community's first local aural transmission service, as requested by A. J. Miller (RM–8401). The proposals are denied based upon each proponent's failure to demonstrate that either Pike Road or Ramer, Alabama, constitute *bona fide* "communities", as that term is defined for purposes of Section 307(b) of the Communications Act, for allotment objectives. *See* 58 FR 50313, September 27, 1993. With this action, the proceeding is terminated.

[MM Docket No. 95-147; RM-8694]

Radio Broadcasting Services; Meredosia, IL

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Commission requests comments on a petition filed by Larry K. and Cathy M. Price to allot Channel 228A to Meredosia, Illinois, as the community's first local FM service. Channel 228A can be allotted to Meredosia in compliance with the Commission's minimum distance separation requirements with a site restriction of 1.8 kilometers (1.1 miles) east, at coordinates 39–50–14 North Latitude and 90–32–24 West Longitude, to avoid a short-spacing to Station
