

federally assisted action indicates that the project will not cause significant local, regional, tribal or national impacts to the human environment. As a result of these findings, Lynn A. Brown, State Conservationist, has determined that the preparation of an environmental impact statement is not needed for this project.

The project purposes are watershed protection, fish and wildlife enhancement, and to improve the water quality. The planned works of improvement include developing resource management system plans with the Colville Confederated Tribe and individual land operators. Conservation practices include grazing management, riparian planting, creating fish passage, water developments, fencing, cultural resource plots, bioengineered streambank stabilization, critical area planting, range seeding, troughs and other land treatment practices.

With the adoption of this plan, Omak Creek could support the only anadromous fish run within the boundaries of the Colville Confederated Tribe's sovereign nation. Nearly 40 miles of Omak Creek and its tributaries may once again be available for summer steelhead and, potentially, chinook salmon. Treatment measures are proposed to additionally address habitat components necessary to restore salmonid habitat and to protect the watershed. Two major fish passage structures are proposed to provide access for salmonids to Omak Creek. Some treatment measures are planned to enhance and protect cultural resources. Both the physical and human environments were considered while developing the strategy for total watershed treatment.

The Notice of a Finding Of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Frank R. Easter, Assistant State Conservationist (Programs).

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the Federal Register.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

Dated: September 13, 1995.  
Lynn A. Brown,  
State Conservationist.

## DEPARTMENT OF COMMERCE

### Agency Forms Under Review by the Office of Management and Budget (OMB)

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposals for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* National Oceanic and Atmospheric Administration.

*Title:* High Seas Fishing Compliance Act.

*Agency Form Number:* None assigned.

*OMB Approval Number:* None.

*Type of Request:* New collection.

*Burden:* 30 hours.

*Number of Respondents:* 60.

*Avg Hours Per Response:* 30 minutes.

*Needs and Uses:* An Agreement to Promote Compliance with International Conservation and Management Measures by Fishing Vessels on the High Seas was adopted by consensus by the United Nations Food and Agriculture Organization. The need for the Agreement evolved from the concern that vessels belonging to member nations of regional fisheries organizations were reflagging to non-member nations, in order to continue fishing in the management areas unconstrained by the rules affecting member nations. The primary tenet of the Agreement is the obligation of a nation to require specific authorization to fish on the high seas for vessels carrying its flag. The nation is also responsible for ensuring that its authorized vessels do not undermine conservation and management measures that have been adopted by global or regional fishery management organizations. This collection will establish a system of licensing, reporting and recordkeeping for U.S. flag vessels.

*Affected Public:* Businesses or other for-profit organizations.

*Frequency:* On occasion.

*Respondent's Obligation:* Mandatory.

*OMB Desk Officer:* Don Arbuckle, (202) 395-7340.

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* Fishing Capacity Reduction Program.

*Agency Form Number:* None assigned.

*OMB Approval Number:* 0648-0289.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 2,010 hours.

*Number of Respondents:* 1,050.

*Avg Hours Per Response:* Between 1 and 16 hours depending on the requirement.

*Needs and Uses:* This program seeks to reduce permanently the fishing capacity within Northeast fisheries. Applicants must provide information on vessel ownership, catch history, financial information, and a bid for the amount for which the applicant's Federal fishing permit will be surrendered. NOAA will use the information to select the vessels to be removed.

*Affected Public:* Businesses or other for-profit organizations, individuals.

*Frequency:* On occasion.

*Respondent's Obligation:* Required to obtain or retain benefits.

*OMB Desk Officer:* Don Arbuckle, (202) 395-7340.

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* Individual Fishing Quotas for Pacific Halibut and Sablefish in the Alaska Fisheries.

*Agency Form Number:* None.

*OMB Approval Number:* 0648-0272.

*Type of Request:* Extension of a currently approved collection.

*Burden:* 18,845 hours.

*Number of Respondents:* 6,700.

*Avg Hours Per Response:* Ranges between 30 minutes and 4 hours depending on the requirement.

*Needs and Uses:* The Individual Fishing Quota (IFQ) program allocates annual total catch limits for the halibut and sablefish fisheries among individual fishermen. Collection of information is necessary to establish eligibility for quota shares, to obtain registered buyers permits, to track the transfer of quota shares and IFQs, and to report on various activities. The information is used to manage these fisheries.

*Affected Public:* Businesses or other for-profit organizations.

*Frequency:* On occasion.

*Respondent's Obligation:* Mandatory.

*OMB Desk Officer:* Don Arbuckle, (202) 395-7340.

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* West Coast Salmon Northwest Emergency Assistance Plan.

*Agency Form Number:* None assigned.

*OMB Approval Number:* 0648-0288.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 12,116 hours.

*Number of Respondents:* 3,611.

*Avg Hours Per Response:* Ranges between 2 and 40 hours depending on the requirement.

*Needs and Uses:* A Federal financial assistance program has been established

for fishermen in the Northwest who can document losses resulting from the resource disaster in the salmon fishery. Fishermen will be apply to apply for two short-term jobs programs or apply for participation in a fishing permit buy-back program.

**Affected Public:** Individuals, business or other for-profit organizations, not-for-profit institutions, state, local or tribal government.

**Frequency:** On occasion when funding is made available.

**Respondent's Obligation:** Required to obtain or retain benefits.

**OMB Desk Officer:** Don Arbuckle, (202) 395-7340.

Copies of the above information collection proposals can be obtained by calling or writing Gerald Tache, DOC Forms Clearance Officer, (202) 482-3271, Department of Commerce, Room 5327, 14th and Constitution Avenue, N.W., Washington, D.C. 20230.

Written comments and recommendations for the proposed information collections should be sent to Don Arbuckle, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, D.C. 20503.

Dated: September 13, 1995

Gerald Tache,

*Departmental Forms Clearance Officer, Office of Management and Organization.*

## Bureau of the Census

### Notice of Proposal To Submit an Information Collection to the Office of Management and Budget (OMB)

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-submission consultation program to provide the general public and other Federal agencies with an opportunity to comment on proposed and/or continuing information collections before they are submitted to OMB for review. This program helps to ensure that requested data can be provided in the desired format, reporting burden is minimized, reporting forms are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Census Bureau, within the Department of Commerce, is soliciting comments concerning its plans to submit the Annual Demographic Survey (ADS), which we conduct in conjunction with the March 1996 Current Population Survey (CPS), to OMB for review.

**DATES:** Submit written comments on or before (insert 60 days after publication date). If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below of your intention to do so as soon as possible.

**ADDRESSES:** Direct all written comments to Gerald Taché, Departmental Forms Clearance Officer, Department of Commerce, Room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information, or copies of the information collection instrument and survey procedures should be directed to Oscar Perez, Bureau of the Census, FOB 3, Room 3340, Washington, DC 20233-8400, (301) 457-3806.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Bureau of the Census conducts the ADS in conjunction with the March 1996 CPS. The Bureau of the Census has conducted this supplement annually for over 40 years. It is authorized by Title 13, United States Code, Section 182; and Title 29, United States Code, Sections 1-9. The Bureau of the Census, the Bureau of Labor Statistics, and the Department of Health and Human Services sponsor this supplement.

The work experience items provide a unique measure of the dynamic nature of the labor force as viewed over a one year period. These items produce statistics that show movements in and out of the labor force by measuring the number of periods of unemployment experienced by persons, the number of different employers worked for during the year, the principal reasons for unemployment, and part-/full-time attachment to the labor force. We can make indirect measurements of discouraged workers and others with a casual attachment to the labor market.

The income data from the ADS are used by social planners, economists, Government officials, and market researchers to gauge the economic well-being of the Nation as a whole, and selected population groups of interest. Government planners and researchers use these data to monitor and evaluate the effectiveness of various assistance programs. Market researchers use these data to identify and isolate potential customers. Social planners use these data for forecasting economic conditions and to identify special groups that seem to be especially sensitive to economic fluctuations. Economists use March data to determine the effects of various

economic forces such as inflation, recession, recovery, etc., and their differential effects on various population groups.

A prime statistic of interest is the classification of persons as being in poverty and how this measurement has changed over time for various groups. Researchers evaluate March income data not only to determine poverty levels but also to determine whether Government programs are reaching eligible households.

##### II. Current Actions

The March 1996 supplement instrument will consist of the same items that were included in the March 1995 instrument, with the following changes:

A. In the migration series, we are eliminating the 1995 questions that asked about migration five years ago. In 1996, the migration series will ask only about migration one year ago.

B. We are reformatting a number of income items to allow reporting the amounts' periodicity on a more detailed basis than strictly annual, and to ensure consistency with all other income items. In 1995, we reformatted selected income items in this manner, and they resulted in better income data. The items we are reformatting in 1996 include:

Item No.	Item description
Q48b	Self-employment earnings from longest job.
Q49B2	Other self-employment earnings.
Q49B3	Other farm income.
Q60A88	Veteran's benefits (this series collects income amounts for up to <i>two</i> sources).
Q58a	Survivor benefits (this series collects income amounts for up to <i>three</i> sources).
Q61b	Disability benefits (this series collects income amounts for up to <i>two</i> sources).
Q63A1 through Q63A3	Interest income.
Q64a	Dividend income.
Q65A1 through Q65A3	Rents, royalties, estates and trusts.
Q66b	Educational assistance.
Q73A1 and Q73A2	Other income.

C. We are making minor wording changes in a few items; for example:

1. Changed the wording (for all periodicity-based income questions) from "biweekly" to "every other week," and "twice monthly" to "twice a month."

2. Changed the statement for Item Q63c (interest income) to "Only include
