

The controversy between VA and the blind vendor community concerns application of the Randolph-Sheppard Act to VA canteen service operations at medical centers. The patient food service involved in this addition to the Procurement List is not connected to the medical center's canteen operation. Accordingly, the Committee does not believe this addition to the Procurement List will inject the JWOD Program into the controversy.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the service, fair market price, and impact of the addition on the current or most recent contractors, the Committee has determined that the service listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the service to the Government.
2. The action does not appear to have a severe economic impact on current contractors for the service.
3. The action will result in authorizing small entities to furnish the service to the Government.
4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the service proposed for addition to the Procurement List.

Accordingly, the following service is hereby added to the Procurement List: Food Service Attendant, Department of Veterans Affairs Medical Center, Mountain Home, Tennessee

This action does not affect current contracts awarded prior to the effective date of this addition or options exercised under those contracts.
