DEPARTMENT OF DEFENSE

Department of the Army

Intent To Prepare Environmental Impact Analyses for Defense Base Realignment and Disposal Actions Resulting from the 1995 Commission's Recommendations

AGENCY: United States Army, Department of Defense.

ACTION: Notice of intent.

SUMMARY: The Defense Base Closure and Realignment Commissions were established by Public Law 101-510, the Defense Base Closure and Realignment Act of 1990, to recommend military installations for realignment and closure. The 1995 Commission's recommendations were included in a report which was presented to the President on July 1, 1995. The President approved and forwarded this report to Congress on July 13, 1995. A joint resolution to disapprove these recommendations did not pass in Congress on September 8, 1995. Thus, if no further action is undertaken to disapprove such recommendations within the statutorily provided time period, then these recommendations will become law and must be implemented consistent with the requirements of the Defense Base Closure and Realignment Act of 1990, Public Law 101-510.

Public Law 101-510 exempts the decision-making processes of the Commission from the provisions of the National Environmental Policy Act of 1969 (NEPA). The law also relieves the Department of Defense from the NEPA requirement to consider the need for closing, realigning, or transferring functions and from looking at alternative installations to close or realign. Nonetheless, the Department of the Army must still prepare environmental impact analyses during the process of property disposal and during the process of relocating functions from a military installation being closed or realigned to another military installation after the receiving installation has been selected but before the functions are relocated. These analyses will include consideration of the direct and indirect environmental and socioeconomic effects of these actions and the cumulative impacts of other reasonably foreseeable actions affecting the installation during the same time.

The Army intends to prepare environmental impact analysis to assess the environmental effects of the actions listed below. Opportunities for public

participation will be announced in the local newspaper. Comments from the public will be considered before any action is taken to implement these actions.

a. Environmental Assessments are planned for the following realignment actions:

(1) Anniston Army Depot, Alabama, receiving: towed and self-propelled combat vehicle mission from Letterkenny Army Depot, Pennsylvania; and material remaining at Defense Distribution Depot Letterkenny (DDLDP) at the time of disestablishment from DDLDP, Chambersburg, Pennsylvania, to be combined at the Defense Distribution Depot Anniston, Alabama (DDAA).

(2) Detroit Arsenal, Michigan, receiving: automotive materiel management functions from Aviation-Troop Command, St. Louis, Missouri, to align with Tank-Automotive and Armaments Command.

(3) Fort Belvoir, Virginia, receiving: Concepts Analysis Agency from leased facilities in Bethesda, Maryland.

(4) Fort Bliss, Texas, receiving: U.S. Army Test and Experimentation Center missions and functions from Fort Hunter Liggett, California.

(5) Fort Detrick, Maryland, receiving: 1111th Signal Battalion and 1108th Signal Brigade from Fort Ritchie, Maryland.

(6) Fort Huachuca, Arizona, receiving: Information Systems Engineering Command elements from Fort Ritchie, Maryland.

(7) Fort Jackson, South Carolina, receiving: Defense Polygraph Institute from Fort McClellan, Alabama.

(8) Fort Meade, Maryland, receiving: Defense Investigative Service, Investigations Control and Automation Directorate from Fort Holabird, Maryland; and Information Systems Software Center from leased facilities in Fairfax, Virginia.

(9) Fort Monmouth, New Jersey, receiving: functions related to materiel management of communications-electronics from Aviation-Troop Command, St. Louis, Missouri, to align with Communications-Electronics Command.

(10) Fort Wainwright, Alaska, receiving: Cold Regions Test Activity and Northern Warfare Training Center from Fort Greely, Alaska.

(11) McAlester Army Ammunition Plant, Oklahoma, receiving: U.S. Army Defense Ammunition Center and School from Savanna Army Depot Activity, Illinois.

(12) Redstone Arsenal, Huntsville, Alabama, receiving: Aviation Research, Development & Engineering Center; Aviation Management; and Aviation

Program Executive Offices from Aviation-Troop Command, St. Louis, Missouri, to form the Aviation & Missile Command.

(13) Tobyhanna Army Depot, Pennsylvania, receiving: core missile guidance system workload from Letterkenny Army Depot, Pennsylvania; and Common-Use Ground-Communication Electronics from McClellan Air Force Base, California.

b. An Environmental Impact Statement is planned for Fort Leonard Wood, Missouri, receiving: U.S. Army Military Police School and U.S. Army Chemical School from Fort McClellan, Alabama.

c. Environmental Assessments are planned for property disposal actions at the following closure locations:

- (1) Bellmore Logistics Activity, New York;
- (2) Big Coppett Key, Florida;
- (3) Camp Bonneville, Washington;
- (4) Camp Kilmer, New Jersey;
- (5) Camp Pedericktown, New Jersey;
- (6) Defense Distribution Depot, Ogden, Utah;

- (7) Detroit Army Tank Plan, Michigan;
- (8) East Fort Baker, California;
- (9) Fort Buchanan, Puerto Rico;
- (10) Fort Dix, New Jersey;
- (11) Fort Greely, Alaska;
- (12) Fort Holabird, Maryland;
- (13) Fort Missoula, Montana;
- (14) Fort Pickett, Virginia;
- (15) Fort Totten, New York;
- (16) Hingham Cohasset, Massachusetts;

- (17) Kelly Support Center, Pennsylvania;
- (18) Letterkenny Army Depot, Pennsylvania;
- (19) Recreation Center #2, North Carolina;

- (20) Red River Army Depot, Texas;
- (21) Rio Vista Army Reserve Center, California;

- (22) Seneca Army Depot, New York;
- (23) Sierra Army Depot, California;

and (24) Sudbury Training Annex, Massachusetts.

d. Environmental Impact Statements are planned for property disposal actions at the following closure locations:

- (1) Bayonne Military Ocean Terminal, New Jersey;
- (2) Defense Distribution Depot, Memphis, Tennessee;
- (3) Fitzsimons Army Medical Center, Colorado;
- (4) Fort Chaffee, Arkansas;
- (5) Fort McClellan, Alabama;
- (6) Fort Ritchie, Maryland;
- (7) Oakland Army Base, California;
- (8) Savanna Army Depot Activity, Illinois; and

(9) Stratford Army Engine Plant, Connecticut.

FOR FURTHER INFORMATION CONTACT: For further information regarding these environmental impact analyses, please contact the Public Affairs Office of the affected installations or the appropriate higher headquarters as indicated below:

DEPARTMENT OF ENERGY

Draft Waste Management Programmatic Environmental Impact Statement

AGENCY: Department of Energy.
ACTION: Notice of Availability.

SUMMARY: The Department of Energy (DOE) announces the availability of the Draft Waste Management Programmatic Environmental Impact Statement (PEIS) for public review and comment. The draft PEIS has been prepared in accordance with the requirements of the National Environmental Policy Act (NEPA) of 1969; Council on Environmental Quality regulations implementing NEPA, 40 CFR Parts 1500-1508; and DOE NEPA Implementing Procedures, 10 CFR Part 1021. The draft PEIS evaluates waste management strategies and siting alternatives for each of five waste types: high-level waste; transuranic waste; low-level waste; low-level mixed waste; and hazardous waste. The public is invited to comment on the draft PEIS during a 90-day public comment period, which starts on the date of this Notice.

ADDRESSES: Requests for information about and copies of the draft PEIS should be directed to: Center for Environmental Management Information, P.O. Box 23769, Washington, D.C. 20026-3769, 1-800-736-3282 or in Washington, D.C.: 202-863-5084.

Written comments on the draft PEIS should be mailed to the following address: U.S. Department of Energy, Waste Management PEIS Comments, P.O. Box 3790, Gaithersburg, MD 20885-3790.
