SUPPLEMENTARY INFORMATION:

I. Background

(A) Report of Ventilatory Study; Roentgenographic Interpretation; Medical History and Examination for Coal Mine Workers' Pneumoconiosis; Report of Arterial Blood Gas Study: The Office of Workers' Compensation Programs, which administers the Black Lung Benefits Act, use these forms to

gather information relative to the medical condition of a claimant who is alleging the presence of pneumoconiosis as a routine function of the claim adjudication process.

(B) Survivor's Claim for Benefits Under the Black Lung Benefits Act: A survivor of a coal miner must file a claim for benefits under the Black Lung Benefits Act, as amended, in order to receive benefits. The claim and supporting documentation submitted under this information collection are reviewed by DCMWC claims examiners to determine the survivor's eligibility for benefits.

(C) Black Lung Provider Enrollment Form: Specific requirements for the Federal Black Lung Program to provide medical services by authorized medical providers to black lung beneficiaries are set forth in statute. This form is designed to facilitate the collection of information about medical providers

and the payment of bills for the medical services they perform.

II. Continuation of These Information Collections Is Necessary for the Agency To Determine the Proper Status of a Claimant and His/Her Entitlement to Benefits, and To Ensure That Medical Providers Are Paid for the Medical Services They Perform for the Black Lung Program

NUCLEAR REGULATORY COMMISSION

Advisory Committee on Nuclear Waste; Procedures for Meetings

Background

Procedures to be followed with respect to meetings conducted pursuant to the Federal Advisory Committee Act by the Nuclear Regulatory Commission's (NRC's) Advisory Committee on Nuclear Waste (ACNW) are described in this notice. These procedures are set forth in order that they may be incorporated by reference in future individual meeting notices.

The ACNW advises the Nuclear Regulatory Commission on nuclear waste disposal facilities. This includes facilities covered under 10 CFR parts 60 and 61 and other applicable regulations and legislative mandates such as the Nuclear Waste Policy Act, the Low-Level Radioactive Waste Policy Act, and the Uranium Mill Tailings Radiation Control Act, as amended. The Committee's reports become a part of the public record. The ACNW meetings are normally open to the public and provide opportunities for oral or written statements from members of the public to be considered as part of the Committee's information gathering procedure. The meetings are not adjudicatory hearings such as those conducted by the NRC's Atomic Safety and Licensing Board Panel as part of the Commission's licensing process. ACNW full Committee meetings are conducted in accordance with the Federal Advisory Committee Act.

General Rules Regarding ACNW Meetings

An agenda is published in the Federal Register for each full Committee meeting. Practical considerations may dictate some changes to the agenda. The Chairman of the Committee is empowered to conduct the meeting in a manner that, in his judgment, will facilitate the orderly conduct of business, including making provisions to continue discussions of matters not completed on the scheduled day to the next day.

The following requirements shall apply to public participation in ACNW meetings:

(a) Persons wishing to submit written statements regarding the agenda items may do so by providing a readily reproducible copy at the beginning of the meeting. Comments should be limited to matters under consideration by the Committee.

Persons desiring to mail written comments may do so by sending a
