SECURITIES AND EXCHANGE COMMISSION

Forms Under Review by the Office of Management and Budget

Agency Clearance Officer: Michael E. Bartell, (202) 942-8800

Upon Written Request, Copy Available From: Securities and Exchange Commission, Office of Filings and Information Services, 450 Fifth Street, N.W., Washington, DC 20549

Proposed Amendments:

Form N-1A
File No. 270-21

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted for OMB approval proposed amendments to Form N-1A under the Securities Act of 1933 (the "Securities Act") and the Investment Company Act of 1940 [15 U.S.C. 80a *et seq.*] (the "Investment Company Act").

Form N-1A is the registration statement required for open-end registered investment companies ("funds") under the Investment Company Act and the Securities Act. A registration statement on Form N-1A must contain such information as the

Commission has determined to be necessary or appropriate in the public interest or for the protection of investors. Form N-1A requires funds to include in their prospectuses, among other items, disclosure about sales charges and a table setting forth those changes (the "fee table").

The Commission proposed amending Form N-1A to reflect the new types of deferred sales loads permitted by the amended rule 6c-10. The amendments would add new item 7(g) to Form N-1A to require funds to disclose in their prospectuses the price on which the load is based (e.g., whether the load is based on the fund's net asset value at the time of purchase or redemption), the amount of deferred sales loads, if any, imposed on shares acquired through reinvested distributions, and the way in which the load is calculated (e.g., a specified percentage of the fund's net asset value). This information also would have to be reflected in the fund's fee table. In addition, item 7(g) would require funds to disclose any deferred sales loads charged on reinvested dividends or other distributions and to disclose the way in which an investor may be required to pay any installment load (e.g., through the withholding of dividend payments). Under revised Guidelines to Form N-1A, funds would be required to briefly describe any tax consequences for shareholders related to an installment load. Finally, proposed amendments to Instruction 1 to Item 22(b)(i) of Form N-1A would require deferred sales loads to be included in calculating a fund's advertised total return. Some of these requirements do not entail any additional paperwork burden because the amendments cover many of the operational aspects that have been mandatory for all funds under rule 6c-10 and already are required to be disclosed in the prospectus. The fee tables of funds that impose contingent deferred sales loads ("CDSLs"), for example, must include certain information about these charges.

The Commission expects that funds that currently impose CDSLs are likely to continue to impose these charges or assess the other types of deferred sales loads permitted under the amendments. It is estimated that the number of funds that currently charge CDSLs is approximately 550. Based on its experience with the industry, the Commission estimates that, as a result of the disclosure requirements proposed by the amendments, the burden on a fund that imposes a deferred sales load would increase by 2/10 of an hour. It is estimated that an increase of 110 total burden hours would be expended in
