

following terms, conditions, and reservations:

1. Provisions of the R&PP Act and to all applicable regulations of the Secretary of the Interior.

2. All valid existing rights documented on the official public land records at the time of lease/patent issuance.

3. All minerals shall be reserved to the United States, together with the right to prospect for, mine, and remove the minerals.

4. Any other reservations that the authorized officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

Upon publication of this notice in the Federal Register, the lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease conveyance under the R&PP Act and leasing under the mineral leasing laws. On or before November 15, 1995, interested persons may submit comments regarding the proposed lease/conveyance or classification of the lands to the District Manager, Las Cruces District Office, 1800 Marquess, Las Cruces, New Mexico 88005. Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication of this notice.

*Classification Comments:* Interested parties may submit comments involving the suitability of the land for the Talavera Fire Station. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or the use is consistent with State and Federal programs.

*Application Comments:* Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for the Talavera Fire Station.

Dated: September 20, 1995.

Linda S.C. Rundell,

*District Manager, Las Cruces.*

### Establishment of a Supplementary Rule for Public Lands in the Hot Well Dunes Recreation Area Prohibiting Nude Bathing

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Establishment of supplementary rule for public lands in the Hot Well Dunes Recreation Area prohibiting nude bathing.

**SUMMARY:** The purpose of this notice is to establish a supplemental rule to reduce conflicts related to use of hot tubs and enhance public safety at the Hot Well Dunes Recreation area. Therefore, nude bathing will be prohibited at all times within the area designated as the Hot Well Dunes Recreation Area. This supplementary rule applies to public lands in the Hot Well Dunes Recreation Area. Generally, the recreation area encompasses approximately 2,000 acres around the hot well located 32 miles southeast of Safford, Arizona. The entire recreation area is fenced and signed. A precise boundary map is available at the information address specified toward the end of this notice.

#### Background

Thousands of visitors use the Hot Well Dunes Recreation Area each year. The number of visitors has increased dramatically over the past few years and continues to do so each year. This area was designated a Special Recreation Management Area through the Safford District Resource Management Plan, completed in September 1992. The area was established as a Special Recreation Management Area because it provided opportunities for off-highway-vehicle riding in the sand dunes, hot water bathing from an artesian well, camping, picnicking and fishing.

There is an increasing number of complaints from visitors, especially family groups, about nude bathing in the area. There is also an increasing problem or arguments and fights between nude bathers and those offended by this activity. This rule will enable BLM to prevent conflicts between groups while still making the area available for everyone.

**DATES:** On or before October 15, 1995, interested parties may submit comments to the Safford District Manager, 711 14th Avenue, Safford, AZ 85546. Any adverse comments will be evaluated by the District Manager, who may vacate or modify these actions and issue a final determination. In the absence of any action by the District Manager, these

actions will become the final determination of the Department of the Interior.

**FOR FURTHER INFORMATION CONTACT:** Tom Schnell, Outdoor Recreation Planner, Bureau of Land Management, San Simon Resource Area, 711 14th Avenue, Safford, Arizona 85546, (520) 428-4040.

**SUPPLEMENTARY INFORMATION:** The authority for establishing supplementary rules is contained in 43 CFR 8365.1-6. Copies of this rule will be available at the Safford District Office. This rule will be posted within the Hot Well Dunes Recreation Area.

Dated: August 30, 1995.

William T. Civish,

*District Manager.*
