Antitrust Division

United States v. National Automobile Dealers Association; Proposed Final Judgment and Competitive Impact Statement

Notice is hereby given pursuant to the Antitrust Procedures and Penalties Act, 15 U.S.C. 16 (b) through (h), that a proposed Final Judgment, Stipulation, and Competitive Impact Statement have been filed with the United States District Court for the District of Columbia, in *United States v. National Automobile Dealers Association*, Civil Action No. 95-1804 (HHG). The Complaint alleged that the National Automobile Dealers Association ("NADA") engaged in anticompetitive practices designed to lessen price competition among car dealers. Those practices included encouraging members to maintain specific inventory levels at their dealerships, urging members to boycott manufacturers and auto brokers, and soliciting agreements from members not to advertise prices based on their own cost of buying the automobile.

On September 20, 1995, the United States and the NADA filed a Stipulation in which they consented to the entry of a proposed Final Judgment that, if approved by the court, would enjoin the NADA for ten years from entering into agreements with dealers to fix or maintain motor vehicle prices, urging or encouraging dealers to adopt or to refrain from adopting specific pricing or advertising policies, urging dealers to boycott or reduce the business they do with manufacturers or brokers, and terminating any dealer for reasons relating to the dealer's prices or advertising policies. The proposed Final Judgment would also require the NADA to set up an antitrust compliance program.

Public comment is invited within the statutory 60-day comment period. Such comments and responses thereto will be published in the Federal Register and filed with the Court. Comments should be directed to Mary Jean Moltenbrey, Chief, Civil Task Force II, Antitrust Division, Department of Justice, Liberty Place Building, Room 300, 325 Seventh
