*Abstract:* The Bank Holding Company Report of Changes in Investments and Activities is an event-generated report filed by top-tier bank holding companies to report changes in regulated investments and activities made pursuant to the Bank Holding Company Act and Regulation Y. The report collects information relating to acquisitions, divestitures, changes in activities, and legal authority. The

response rate for the FR Y-6A varies depending on the reportable activity engaged in by each bank holding company.

The Federal Reserve approved the following revisions to the FR Y-6A:

(1) Modify the reporting threshold to collect data from those bank holding companies that control 25 percent or more of any class of non-voting equity of a bank or bank holding company. The current FR Y-6A reporting threshold applies where the bank holding company controls in excess of 25 percent of any class of non-voting equity.

(2) Eliminate the requirement to report investments in Edge and agreement corporations. This information will be proposed to be reported on the Report of Changes in Foreign Investments (FR 2064; OMB No. 7100-0109).

(3) Reformat the Investments Schedule to show one investment transaction and one activities transaction on each report page.

(4) Make certain clarifications to the reporting instructions.
