

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 95-091]

### NASA Advisory Council (NAC), Aeronautics Advisory Committee, Subcommittee on Materials and Structures; Meeting

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of meeting.

**SUMMARY:** In accordance with the Federal Advisory Committee Act, Pub. L. 92-463, as amended, the National Aeronautics and Space Administration announces an NAC, Aeronautics Advisory Committee, Subcommittee on Materials and Structures meeting.

**DATES:** November 2, 1995, 8:30 a.m. to 4:30 p.m.

**ADDRESSES:** National Aeronautics and Space Administration, Lewis Research Center, Room 215, Building 3, Cleveland, OH 44135.

**FOR FURTHER INFORMATION CONTACT:** Dr. Hugh R. Gray, National Aeronautics and Space Administration, Lewis Research Center, Cleveland, OH 44135 (216/433-3230).

**SUPPLEMENTARY INFORMATION:** The meeting will be open to the public up to the seating capacity of the room. The agenda for the meeting is as follows:

- Objectives of NASA's Materials and Structures Program
- Restructuring of Aero Base/Disciplines
- NASA's Implementation Plans of Zero Base Review
- Major Changes in Focused Technology Programs

It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

Dated: September 27, 1995.

Timothy M. Sullivan,

*Advisory Committee Management Officer.*

## NATIONAL SCIENCE FOUNDATION

### Directorate for Social, Behavioral, and Economic Sciences; Proposed Data Collection Available for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the National Science Foundation (NSF) will

publish periodic summaries of proposed projects. To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, call the NSF Clearance Officer on (703) 306-1243.

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Estimation of the expenditures on research and development performed within the United States by industrial firms—A mail survey, the Survey of Industrial Research and Development, has been conducted annually since 1953. The survey is the industrial component of the NSF statistical program that seeks to "provide a central clearinghouse for the collection, interpretation, and analysis of data on the availability of, and the current and projected need for, scientific and technical resources in the United States, and to provide a source of information for policy formulation by other agencies of the Federal government" as mandated in the National Science Foundation Act of 1950. The proposed project will continue the survey for three years. The survey will be mailed to a statistical sample of approximately 23,300 companies to collect information on the amount and sources of funds for and character of R&D performed and contracted out by industrial firms, and information on sales and employment of the firms themselves. Industry accounts for over 70 percent of total U.S. R&D each year and since its inception, the survey has provided continuity of statistics on R&D expenditures by major industry groups and by source of funds. Statistics from the survey are published in NSF's annual publication series Research and Development in Industry.

The survey will be mailed to R&D executives of large companies and to planning or accounting executives in smaller companies. To minimize burden, over 90-percent of the companies selected for the Survey of Industrial R&D are asked to respond to the Form RD-1A, the abbreviated version of the basic survey questionnaires, Form RD-1L (used in

odd-numbered years) and Form RD-1S (used in even-numbered years). Further, only companies with five paid employees or more are asked to participate in the survey and extensive use is made of the descriptive codes and information on the establishment list that is the source of the survey sample to avoid sampling firms in industries that traditionally do not perform R&D. Burden estimates are as follows:

1995	23,300 respondents,	61,300 total burden hours
1996	23,300 respondents,	32,300 total burden hours
1997	23,300 respondents,	61,300 total burden hours

Send comments to Herman Fleming, Clearance Officer, National Science Foundation, National Science Foundation, 4201 Wilson Boulevard, Suite 485, Arlington, VA 22230. Written comments should be received by December 1, 1995.

Dated: September 29, 1995.

Herman G. Fleming,

*NSF Clearance Officer.*

## DEPARTMENT OF STATE

### [Public Notice No. 2258]

#### Shipping Coordinating Committee Assembly and Associated Bodies; Notice of Meeting

The Shipping Coordinating Committee (SHC) will conduct an open meeting at 10:30 a.m. on Friday, October 27, 1995, in Room 3317, at U.S. Coast Guard Headquarters, 2100 Second Street, SW, Washington, DC 20593-0001. The purpose of the meeting is to finalize preparations for the 19th Session of the Assembly and the 19th Extraordinary and the 75th session of the Council of the International Maritime Organization (IMO), which are scheduled during the period November 10 through November 24, 1995 at IMO Headquarters in London. At the meeting, discussions will focus on the papers received and the draft U.S.

positions. Among other things, the items of particular interest are:

- a. Reports of the IMO committees
- b. Reports on diplomatic conferences
- c. Work program and budget for 1996-1997
- d. Proposed amendments to various conventions
- e. Review of the IMO technical cooperation activities

Members of the public may attend the meeting up to the capacity of the room. Interested persons may seek information by writing: Mr. Gene F. Hammel, U.S. Coast Guard Headquarters (G-CI), 2100 Second Street, SW, Room 2114, Washington, DC 20593-0001, by calling: (202) 267-2280, or by faxing: (202) 267-4588.

Dated: September 26, 1995.

Charles A. Mast,

*Chairman, Shipping Coordinating Committee.*

## DEPARTMENT OF TRANSPORTATION

### Federal Aviation Administration

#### Aviation Rulemaking Advisory Committee Meeting on Aircraft Certification Procedures Issues

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of meeting.

**SUMMARY:** The FAA is issuing this notice to advise the public of a meeting of the Federal Aviation Administration's Aviation Rulemaking Advisory Committee to discuss aircraft certification procedures issues.

**DATES:** The meeting will be held on October 26, 1995, at 9:00 a.m. Arrange for oral presentations by October 20, 1995.

**ADDRESSES:** The meeting will be held at the Aerospace Industries Association of America, Inc., Suite 1100, 1250 Eye Street, NW., Washington, DC 20005.

**FOR FURTHER INFORMATION CONTACT:** Jeanne Trapani, Office of Rulemaking (ARM-208), 800 Independence Avenue, SW., Washington, DC 20591, telephone (202) 267-7624.

**SUPPLEMENTARY INFORMATION:** Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463; 5 U.S.C. App. II), notice is hereby given of a meeting of the Aviation Rulemaking Advisory Committee to be held on October 26, 1995, at the Aerospace Industries Association of America, Inc., Suite 1100, 1250 Eye Street, NW., Washington, DC 20005. The agenda for the meeting will include:

- Opening Remarks
- Working Group Reports
  - Delegation System
  - ELT
  - Parts
  - Production Certification
  - ICPTF
- New Business

Attendance is open to the interested public, but will be limited to the space available. The public must make arrangements by October 20, 1995, to present oral statements at the meeting. The public may present written statements to the committee at any time by providing 25 copies to the Assistant Executive Director for Aircraft Certification Procedures or by bringing the copies to him at the meeting. Arrangements may be made by contacting the person listed under the heading **FOR FURTHER INFORMATION CONTACT**.

Sign and oral interpretation can be made available at the meeting, as well as an assistive listening device, if requested 10 calendar days before the meeting.

Issued in Washington, DC, on September 28, 1995.

Ava L. Robinson,

*Assistant Executive Director, Aviation Rulemaking Advisory Committee for Aircraft Certification Procedures Issues.*
