SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Department of Education (ED) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Office of Management and Budget (OMB) may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director of the Information Resources Group, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g., new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. ED invites public comment at the address specified above. Copies of the requests are available from Patrick J. Sherrill at the address specified above.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department, (2) will this information be processed and used in a timely manner, (3) is the estimate of burden accurate, (4) how might the Department enhance the quality, utility, and clarity of the information to be collected, and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

BILLING CODE 6450-01-P

Federal Energy Regulatory Commission

[Docket No. CP95-783-000]

Colorado Interstate Gas Company; Notice of Application

October 2, 1995.

Take notice that on September 27, 1995, Colorado Interstate Gas Company (CIG), P.O. Box 1087, Colorado Springs, CO 80944, filed in Docket No. CP95-783-000 an application pursuant to Section 7(b) of the Natural Gas Act for permission and approval to abandon, by sale to Williams Gas Processing—Wamsutter Company, certain natural gas facilities in Sweetwater and Carbon Counties, Wyoming, and the services rendered thereby, all as more fully set forth in the application on file with the Commission and open to public inspection.

CIG states that the facilities to be abandoned are part of its North Wamsutter and Echo Springs gathering systems. CIG also states that the facilities to be abandoned consist of 17 miles of 8-inch, 3.5 miles of 6-inch and 1.1 miles of 4-inch lines as well as taps and facilities appurtenant thereto.

CIG states that the facilities will be sold at their net book value at the time of the sale. CIG also states that the net book value of the facilities on November 30, 1994 was \$342,923.

In addition, CIG requests that the Commission state that the subject facilities will perform a non-jurisdictional gathering function when transferred.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 23, 1995, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for CIG to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.
