**AGENCY:** Agency for Toxic Substances and Disease Registry (ATSDR), Public Health Service (PHS), Department of Health and Human Services (HHS).

**ACTION:** Notice of availability.

**SUMMARY:** This notice announces the availability of 10 final toxicological

profiles on unregulated hazardous substances prepared by ATSDR for the Department of Defense.

**SUPPLEMENTARY INFORMATION:** The Superfund Amendments and Reauthorization Act (SARA) of 1986 (Public Law 99-499) amended the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (Superfund) or CERCLA. Section 211 of SARA also amended Title 10 of the U.S. Code, creating the Defense Environmental Restoration Program. Section 2704(a) of Title 10 of the U.S. Code directs the Secretary of Defense to notify the Secretary of Health and Human Services of not less than 25 of the most commonly found, unregulated hazardous substances at defense facilities. Each profile or technical report includes an examination, summary and interpretation of available toxicological information and epidemiological evaluations. This information and these data are used to ascertain the levels of significant human exposure for the substance and the associated health effects. The profiles or technical reports include a determination of whether adequate information on the health effects of each substance is available or under development. When adequate information is not available, in cooperation with the National Toxicology Program (NTP), ATSDR may plan a program of research designed to determine these health effects.

Notice of the availability of 10 new draft toxicological profiles and 1 technical report for public review and comment was published in the Federal Register on September 1, 1993, (58 FR 46196), with notice of a 90-day public comment period for each profile, starting from the actual release date. Following the close of each comment period, chemical-specific comments were addressed, and where appropriate, changes were incorporated into each profile.

The public comments, the classification of and response to those comments, and other data submitted in response to the Federal Register notice bear the docket control number ATSDR-71.
