Only those computer files and printouts created from the computer matching that meet predetermined criteria are maintained. These records will be destroyed as soon as they have

served the matching program's purpose. All other records will be destroyed as soon as possible within 1 year. Paper listings containing personal identifiers will be shredded. Computer source files provided by other organizations will be returned to those organizations or destroyed in accordance with computer matching agreements.

Information obtained through computer matching and tenant case file reviews will be destroyed as soon as follow-up processing of this information is completed, unless the information is required for evidentiary reasons or needed by housing agencies, owners and management agents for use in program eligibility determinations. When needed for evidentiary documentation, the information will be referred to the HUD Office of Inspector General (OIG) or other appropriate Federal, state or local agencies charged with the responsibility for investigating or prosecuting such violations. **Proposed Sand and Gravel Mining Operation in Soledad Canyon, Los Angeles County, CA**

**AGENCY:** Bureau of Land Management, Department of the Interior, Palm Springs—South Coast Resource Area, Desert District, California.

**ACTION:** Notice of intent to prepare an environmental impact statement.

**SUMMARY:** In compliance with the National Environmental Policy Act (NEPA) of 1969 and 40 CFR 1508.22, notice is hereby given that the Bureau of Land Management (BLM) will prepare an Environmental Impact Statement (EIS) for the Transit Mixed Concrete (TMC) Surface Mining Project (Project) proposed for construction and operation in Soledad Canyon, Los Angeles County, California. TMC acquired the rights to develop the Project through a competitive bid process. The BLM granted the mineral material contract to TMC in March 1990. The BLM complied with NEPA for the sale of sand and gravel for the Project site by preparing an Environmental Assessment (EA) and issuing a Finding of No Significant Impact (FONSI) in 1989.

The Project plans to mine a total of 83 million tons of materials and sell approximately 56 million tons of sand and gravel, also known as Portland cement concrete sand and gravel (PCC aggregates), over a 20-year period to fulfill contracts entered into with the BLM. The Project includes plans to operate a concrete batch plant to produce and deliver ready-mixed concrete to the local market. All proposed mining and operations will be located north of Soledad Canyon Road and the Santa Clara River. The 500-acre site represents one of the westernmost reserves for PCC aggregate production in the Saugus-Newhall Production-Consumption Region that is located outside the floodplain of the Santa Clara River or a tributary wash.

The general mining plan is to mine on the south side of the ridge through a series of four excavation cuts. Each cut will progress from a higher elevation and proceed downslope. Fill areas for excess natural fines will be established on both the south and north sides of the ridge. Reclamation will be concurrent with mining operations and measures have been incorporated into Project design to minimize erosion, provide watershed control, and protect water quality in the Santa Clara River. A full range of alternatives to the proposed action will be considered in the EIS.

**SUPPLEMENTARY INFORMATION:** The Project site is on "split-estate" lands where the minerals are federally owned and administered by the BLM, and where the surface is privately owned. Because the Project is located in the County of Los Angeles (County), it is also subject to approval of a Surface Mining Permit through preparation of an Environmental Impact Report (EIR) in accordance with the California Environmental Quality Act (CEQA). The County has been the Lead Agency for preparation of an EIR that has been prepared as a document separate from the EIS.

Public participation is an integral part of the review process. Comments are being requested to help identify significant issues or concerns related to the proposed action to determine the scope of the issues (including alternatives) that need to be analyzed, and to identify and eliminate from detailed study the issues that are not significant. All comments recommending that the EIS address specific environmental issues should contain supporting documentation and rationale.

**DATES:** Written comments must be submitted no later than November 15, 1995, to the following address: Ms. Julia

Dougan, Area Manager, Bureau of Land Management, Palm Springs—South Coast Resource Area Office, P.O. Box 2000, North Palm Springs, California 92258-2000.

**Notice of Intent To Prepare a Management Framework Plan Amendment/Environmental Assessment (MFP/EA); Alaska**

**ACTION:** Notice of Intent to prepare an amendment to Southcentral Planning Area Management Framework Plan (MFP) to analyze a proposal adding lands to those designated in the MFP as "AREAS IN WHICH APPLICATIONS FOR FLPMA LEASES AND SALES WILL BE ACCEPTED." The plan amendment would be called "Victory Bible Camp Amendment to the Southcentral MFP".

**SUMMARY:** The Anchorage District Office (ADO), Bureau of Land Management (BLM) proposes an amendment to Southcentral Planning Area MFP dated March 3, 1983, which would allow ADO to classify approximately 129 acres as available for sale under the Federal Land Policy Management Act (FLPMA).

Affected lands are described as follows:

*Parcel One:* Land now under Airport Lease A-053435, at Victory Bible Camp, near Mile 95 of the Glenn Highway, further described as lying within:

Seward Meridian, Alaska  
T. 20 N., R. 8 E.,  
Secs. 23 and 26.

Containing approximately 80 acres.

*Parcel Two:* Land adjacent to the United Methodist Church, at Chugiak, Alaska, further described as:

Seward Meridian, Alaska  
T. 15 N., R. 1 W.,  
Lot 53, Section 19.

Containing 1.42 acres.

*Parcel Three:* Land now under Lease AA-55607 for a parking lot adjacent to the Pioneer Peak Baptist Church along the old Glenn Highway near Bodenbutte, at Palmer, Alaska, further described as:

Seward Meridian, Alaska  
T. 17 N., R. 2 E.,  
Lot 22, Section 26.  
Containing 0.94 acre.

*Parcel Four:* A portion of Lot 2, U.S. Survey 2625, now occupied by Jack and Nadine Smith, at Medfra, Alaska, lying within:

Kateel River Meridian, Alaska  
T. 27 S., R. 22 E.,  
Sec. 32.  
Containing approximately 45 acres.

*Parcel Five:* One (1) acre of land now occupied by John and Natalie Stone, described by metes and bounds as follows:

Beginning at the witness point located on line 4-1 of U.S. Survey No. 10551, Alaska, in Sec. 32, T. 27 S., R. 22 E., Kateel River Meridian, Alaska;  
Thence southwesterly approximately 132 feet on line 4-1 to establish Corner No. 1, the true point of beginning;  
Thence continuing southwesterly along line 4-1 approximately 198 feet to Corner No. 2;  
Thence southeasterly approximately 220 feet to Corner No. 3;  
Thence northeasterly 198 feet to Corner No. 4;  
Thence northwesterly 220 feet to Corner No. 1, and the true point of beginning.

The intent of this description is to encompass the applicant's improvements and not encumber more than one (1) acre.

*Parcel Six:* A parcel of land in the vicinity of Clam Gulch, described by metes and bounds as follows:

Beginning at ¼ corner (GLO Monument) of Sections 21 and 22, T. 2 N., R. 12 W., Seward Meridian, Alaska, Corner No. 1 the true point of beginning;  
Thence westerly approximately 659.70 feet to Corner No. 2;  
Thence northerly approximately 66 feet to Corner No. 3;  
Thence easterly approximately 659.70 feet to Corner No. 4;  
Thence southerly approximately 66 feet to Corner No. 1, and the true point of beginning; containing approximately 1 acre.

The issue to be addressed in the Amendment/EA is: should these lands be classified for disposal and offered for direct sale to proponents.

The Southcentral Planning Area MFP has been reviewed and found to be inadequate to support disposal of the affected parcels, even though it did recommend opening other lands in the southcentral area to various types of settlement entry and sale.

**DATES:** Interested parties may submit comments regarding this plan amendment until November 30, 1995.

**ADDRESSES:** Comments should be sent to District Manager, Anchorage District
