In accordance with Departmental policy, 28 CFR § 50.7, notice is hereby given that proposed stipulations in *United States v. City of Brook Park*, Civil Action No. 1:91CV1727, *United States v. City of Strongsville*, Civil Action No. 1:91CV1725 were lodged on September 28, 1995 with the United States District Court for the Northern District of Ohio. The stipulations settle actions brought concurrently under the Clean Water Act, 33 U.S.C. 1251, et seq., (the "Act") to address the defendants' violations of the pollutant discharge limits set forth in the defendant cities' respective permits issued pursuant to Section 1342 of the Act. Each of the defendant cities is a suburb of Cleveland, Ohio, and located within the Rocky River Basin, which drains into Lake Erie. Since the complaints were filed on August 30, 1991, each of the defendant cities has ceased discharging their municipal wastewaters into navigable waterways of the United States by directing those wastewaters to a regional wastewater treatment plant owned and operated by the Northeast Ohio Regional Sewer District. Accordingly, the defendants are in compliance with the pollutant discharge limits of their respective

permits. Each stipulation requires the defendants in that case to pay a civil penalty of \$10,000.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed stipulations. Comments should be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, Department of Justice, Washington, D.C. 20530, and should refer to: *United States v.
