

330, which consists of 1.47 miles of 20-inch diameter pipe and appurtenant facilities that connect gas supplies from High Island Blocks A-330 and A-349 and West Cameron Blocks 612 and 613 to HIOS.

**B. High Island Lateral Line A-349.**

National Fuel owns a 3.20 percent interest in High Island Lateral Line A-349, which consists of 1.88 miles of 16-inch diameter pipe and appurtenant facilities that connect gas supplies from High Island Block A-349 to High Island Lateral Line A-330.

**C. High Island Lateral Line A-563.**

National Fuel owns a 2.67 percent interest in High Island Lateral Line A-563, which consists of 1.20 miles of 20-inch diameter pipe and appurtenant facilities that connect a High Island Block A-563 production platform with HIOS.

**D. High Island Lateral Line A-582.**

National Fuel owns a 3.13 percent interest in High Island Lateral Line A-582, which consists of 0.53 mile of 12-inch diameter pipe and appurtenant facilities that connect a High Island Block A-582 production platform with HIOS.

National Fuel states that its interests in the High Island laterals are fully depreciated and that Tennessee would acquire these facilities from National Fuel at no cost.

Any person desiring to be heard or to make any protest with reference to said application should on or before November 6, 1995, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the NGA and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and

approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for National Fuel to appear or be represented at the hearing.

**[Docket No. CP96-20-000]**

**Florida Gas Transmission Company; Notice of Request Under Blanket Authorization**

October 16, 1995.

Take notice that on October 10, 1995, Florida Gas Transmission Company (FGT), 1400 Smith Street, Houston, Texas 77002, filed in Docket No. CP96-20-0000 a request pursuant to Sections 157.205 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.216) for authorization to abandon a meter station and related facilities located in Brazoria County, Texas, under FGT's blanket certificate issued in Docket No. CP82-553-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

FGT proposes to abandon the meter station, located on FGT's 22-inch line in Brazoria County, which was installed in 1980 under Commission authorization in Docket No. CP79-471. It is stated that the meter station was installed in order for FGT to make deliveries of up to 3,000 MMBtu equivalent of natural gas per day to Natural Gas Pipeline Company of America (Natural). It is explained that Natural's 24-inch mainline is located near FGT's facilities, and in Docket No. CP79-479 (in a joint order with CP79-471) Natural was authorized to construct approximately 1,300 feet of 3-inch pipeline to connect the two companies' facilities. It is asserted that FGT's transportation service, also authorized in the joint order, was abandoned by authorization of the Commission in Docket No. CP83-13-000, because Natural's gas supply had been depleted. It is stated that the meter station would have required costly repairs and maintenance expense to be operational and that neither company could justify the expense. The

request includes a letter from Natural stating its concurrence with the abandonment.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Secretary.
