Russell A. Peterson—Continuance in Control Exemption—Gulf Coast Rail Service, Inc., d/b/a Orange Port Terminal Railway

Russell A. Peterson (Peterson) has filed a notice of exemption to continue in control of Gulf Coast Rail Service, Inc. d/b/a Orange Port Terminal Railway (OPTR), upon OPTR becoming a rail carrier.

OPTR has concurrently filed a notice of exemption in Finance Docket No. 32782, *Gulf Coast Rail Service, Inc., d/b/a Orange Port Terminal Railway*, to acquire and operate approximately 1.834 miles of line from Southern Pacific Transportation Company, known as the Old City Lead Track in Orange County, TX.

Peterson also controls through stock ownership, two nonconnecting class III rail carriers: Southwest Pennsylvania Railroad Company and Camp Chase Industrial Railroad Corporation. Peterson indicates that: the properties operated by these carriers do not connect with each other; (2) the continuance in control is not a part of a series of anticipated transactions that would connect the railroads with each

other or any other railroad in their corporate family; and (3) the transaction does not involve a class I carrier. The transaction therefore is exempt from the prior approval requirements of 49 U.S.C. 11343. See 49 CFR 1180.2(d)(2).

As a condition to use of this exemption, any employees affected by the transaction will be protected by the conditions set forth in *New York Dock Ry.—Control—Brooklyn Eastern Dist.*, 360 I.C.C. 60 (1979).

Petitions to revoke the exemption under 49 U.S.C. 10505(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction. Pleadings must be filed with the Commission and served on: Keith G. O'Brien, 1920 N Street, NW, Suite 420, Washington DC 20036.

Decided: October 10, 1995.

By the Commission, David M. Konschnik, Director, Office of Proceedings.
