Notice of Inventory Completion of Native American Human Remains in the Possession of the Colorado Historical Society, Denver, CO

AGENCY: National Park Service, Interior
ACTION: Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003(d), of the completion of an inventory of human remains in the possession of the Colorado Historical Society, Denver, CO.

The inventory and assessment of these human remains has been made by the Colorado Historical Society staff and representatives of the Pawnee Tribe of Oklahoma.

The human remain consists of one human scalplock. No known individual was identified. The scalplock was acquired in 1881 by John B. Hamilton at Pawhuska, Oklahoma as part of a collection associated with an Osage tribal leader, Black Dog, and identified in the extant documentation as the scalplock of a Pawnee. The scalplock was subsequently acquired by Dr. and Mrs. S. Julian Lamme and loaned to the Colorado Historical Society in 1944. Part of the scalplock was turned over by the Lammes in March 1957 to Kohlberg's, a Denver antique dealer, for sale. In April 1957, a portion of this item was discovered in the Colorado Historical Society collections and purchased from the heirs of Dr. and Mrs. S. Julian Lamme.

Based on the above mentioned information, consultations with the Pawnee Tribe, and the history of conflict between the Osage and the Pawnee during the 19th century (including Black Dog's lifetime), officials of the Colorado Historical Society have determined that, pursuant to 25 U.S.C 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these human remains and the Pawnee Tribe of Oklahoma.

This notice has been sent to officials of the Pawnee Tribe of Oklahoma. Representatives of any other Indian tribe which believes itself to be culturally affiliated with these human remains should contact Anne Wainstein Bond, Curator of Material Culture, Colorado Historical Society, 1300 Broadway, Denver, CO 80203, phone (303) 866-4691 before November 24, 1995. Repatriation of these remains may begin after this date if no additional claimants come forward.

Dated: October 18, 1995

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

[Docket No. 94-63]

David D. Miller, M.D.; Grant of Restricted Registration

On June 28, 1994, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to David D. Miller, M.D., (Respondent) of Bartlesville, Oklahoma, notifying him of an opportunity to show cause as to why DEA should not deny his pending application for registration as a practitioner under 21 U.S.C. 823(f), as being inconsistent with the public interest. Specifically, the Order to Show Cause alleged that: (1) In September 1992, the Respondent delivered one-eighth ounce of marijuana, a Schedule I controlled substance, to an Oklahoma State undercover officer, and in October 1992, he surrendered two to three ounces of marijuana to the same officer, after admitting that he had been obtaining marijuana locally for several years and had been a user of marijuana since his college days; (2) on October 12, 1992, the Respondent entered a plea of *nolo contendere* to a felony charge of unlawful distribution of a controlled dangerous substance-marijuana, and the Oklahoma Eleventh Judicial District Court deferred the imposition of sentence for five years, placing the Respondent on probation for that period; (3) on October 12, 1992, the Oklahoma Bureau of Narcotic and Dangerous Drugs ordered the suspension of the Respondent's controlled dangerous substances registration, but reinstated it in April 1993; (4) on December 3, 1992, the Oklahoma Board of Medical Licensure determined that the Respondent's conduct violated the State Medical

Practice Act and suspended the Respondent's license to practice medicine, but reinstated it and placed the Respondent on five years probation beginning April 8, 1993; and (5) on January 2, 1993, the Respondent voluntarily surrendered his DEA Certificate of Registration; BM0852423, for cause.

On July 25, 1994, the Respondent filed a timely request for a hearing, and following prehearing procedures, a hearing was held in Oklahoma City, Oklahoma, on November 29, 1994, before Administrative Law Judge Paul A. Tenney. At the hearing, the Respondent was represented by counsel, both parties called witnesses to testify and introduced documentary evidence, and after the hearing, counsel for both sides submitted proposed findings of fact, conclusions of law and argument. On January 17, 1995, Judge Tenney issued his Findings of Fact, Conclusions of Law, and Recommended Ruling, recommending that DEA grant the Respondent's application for a DEA Certificate of Registration with certain limitations. Neither party filed exceptions to his decision, and on February 17, 1995, Judge Tenney transmitted the record of these proceedings to the Deputy Administrator.

The Deputy Administrator has considered the record in its entirety, and pursuant to 21 C.F.R. 1316.67, hereby issues his final order based upon findings of fact and conclusions of law as hereinafter set forth. The Deputy Administrator adopts, in full, the Findings of Fact, Conclusions of Law, and Recommended Ruling of the Administrative Law Judge, and his adoption is in no manner diminished by any recitation of facts, issues and conclusions herein, or of any failure to mention a matter of fact or law.

The Deputy Administrator finds that during the hearing before Judge Tenney, a Special Agent of the Oklahoma Bureau of Narcotics testified that in 1992, he opened a criminal investigation of the Respondent. With the assistance of a nurse, on September 1, 1992, the Agent received marijuana from the Respondent. The parties stipulated that marijuana is a Schedule I controlled substance pursuant to 21 C.F.R. 1308.11(d). On October 1, 1992, the Agent asked the Respondent to come to the Washington County Sheriff's Office in Bartlesville, Oklahoma, and after being notified of the investigation and the potential charges, the Respondent voluntarily turned over approximately two to three ounces of marijuana to the Agent. After rights advisement, the Respondent also told the Agent that he
