OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Generalized System of Preferences; Expedited Review of Products That Are Eligible for a "De Minimis" Waiver Based on 1994 Import Statistics

AGENCY: Office of the United States Trade Representative.

ACTION: Notice and opportunity for public comment.

SUMMARY: This notice invites public comments on whether any "de minimis" waivers should be granted to eligible articles from beneficiary countries that exceed the 50-percent competitive need limit in 1994, but which are eligible for "de minimis" waivers because total U.S. imports of the products in 1994 did not exceed the "de minimis" limit.

FOR FURTHER INFORMATION CONTACT:

GSP Subcommittee, Office of the United States Trade Representative, 600 17th Street, N.W., Room 518, Washington, D.C. 20508. The telephone number is (202) 395-6971.

SUPPLEMENTARY INFORMATION:

I. The GSP Program

The GSP program grants duty-free treatment to designated eligible articles that are imported from designated beneficiary developing countries. The GSP program is authorized by Title V of the Trade Act of 1974, as amended ("Trade Act") (19 U.S.C. 2461 *et seq.*), and was implemented by Executive Order 11888 of November 24, 1975, and modified by subsequent Executive Orders and Presidential Proclamations. The GSP regulations provide for an annual GSP review, unless otherwise specified by Federal Register notice (15 CFR 2007.3).

The GSP program expired on July 31, 1995 (see section 505(a) of the Trade Act (19 U.S.C. 2465(a)). A bill to renew the program is pending in Congress. This notice solicits public comments on whether to grant any so-called "de minimis" waivers, but the Administration cannot take any action unless and until the GSP program is reauthorized.

II. Competitive Need Limits

Section 504(c) of the Trade Act (19 U.S.C. 2464(c)) provides, in part, that any country, which has exported to the United States a quantity of an eligible article equal to or exceeding 50 percent of the appraised value of the total U.S. imports of the article during the most recent calendar year, shall lose GSP privileges for that article not later than July 1 of the next calendar year.

III. "De Minimis" Waivers

Section 504(d)(2) of the Trade Act (19 U.S.C. 2464(d)(2)) provides, however,

that the President may disregard the 50-percent limit with respect to any eligible article if the value of the total U.S. imports of the article during the most recent calendar year did not exceed \$5 million, indexed to the nominal growth of U.S. GNP since 1979. The "de minimis" limit for 1994 is \$13,346,358.

The countries/products in the annex to this notice exceeded the 50-percent limit in 1994, but total U.S. imports were less than the "de minimis" limit. In accordance with section 504(c) of the Trade Act, all such countries/products lost GSP on July 1, 1995 because the Administration did not conduct an annual GSP review for 1994 and the President did not grant any "de minimis" waivers (see 60 FR 28184).

The Administration has now decided to solicit public comments and to consider "de minimis" waivers on the merits. This notice invites public comments on whether "de minimis" waivers should be granted to the eligible articles from the beneficiary countries that are set forth in the annex to this notice. The Administration will not take any action unless and until the GSP program is reauthorized by the Congress.

IV. Public Comments

All written comments on whether "de minimis" waivers should be granted to the countries/products that are set forth in the annex to this notice should be addressed to: GSP Subcommittee, Office of the U.S. Trade Representative, 600 17th Street, N.W., Room 518, Washington, D.C. 20508. All submissions must be in English and should conform to the information requirements of 15 CFR 2007.

Furthermore, each party providing comments should indicate on the first page of the submission its name, the relevant subheading of the Harmonized Tariff Schedule of the United States and the relevant beneficiary country.

A party must provide fourteen copies of its statement which must be received by the Chairman of the GSP Subcommittee no later than 5 p.m., Wednesday, November 22. Comments received after the deadline will not be accepted. If the comments contain business confidential information, fourteen copies of a non-confidential version must also be submitted. A justification as to why the information contained in the submission should be treated confidentially must be included in the submission. In addition, the submissions containing confidential information should be clearly marked "confidential" at the top and bottom of each page of the submission. The version that does not contain confidential information should also be clearly marked, at the top and bottom of each page, "public version" or "non-confidential".

Written comments submitted in connection with these decisions, except for information granted "business confidential" status pursuant to 15 CFR 2007.7, will be available for public inspection shortly after the filing deadline by appointment only with the staff of the USTR Public Reading Room. Other requests and questions should be directed to the GSP Information Center at USTR by calling (202) 395-6971.

Frederick L. Montgomery,
Chairman, Trade Policy Staff Committee.
