## INTERSTATE COMMERCE COMMISSION

[Ex Parte No. MC-5 (Sub-No. 12)]

### Procedural Change in Authority Revocation Process

**AGENCY:** Interstate Commerce Commission.

**ACTION:** Notice; suspension of effective date.

**SUMMARY:** The purpose of this Notice is to address the written comments filed in this proceeding, and to suspend the effective date for implementation of the changes in the Commission's internal procedures for revocation of operating authority based upon noncompliance with the financial security provisions of 49 U.S.C. 10927 and 49 CFR 1043.

**EFFECTIVE DATE:** The revised internal procedures announced here will apply to insurance, surety bond and trust fund notices of cancellation filed on or after November 1, 1995. The earlier-announced effective date of October 15, 1995, has been suspended until November 1, 1995.

**FOR FURTHER INFORMATION CONTACT:** Dixie E. Horton, (202) 927-5520 or Patricia A. Burke, (202) 927-5520. [TDD for the hearing impaired: (202) 927-5721.]

**SUPPLEMENTARY INFORMATION:** In a Notice served September 29, 1995, and published in the Federal Register at 60 FR 50645, we announced revised internal procedures for revocation of operating authority based upon noncompliance with the financial security provisions of 49 U.S.C. 10927 and 49 CFR 1043. Under the new procedures, as soon as the Commission receives notice that a carrier's insurance is to be canceled, the Commission will serve an order giving the carrier 30 days in which to obtain insurance, or its authority will be revoked. The public was invited to comment, and the effective date of the change was to be October 15, 1995.

Comments were filed by four parties: the American Insurance Association, the

American Movers Conference, the American Trucking Associations and the Regular Common Carrier Conference (RCCC). In general, the commenters support our changes and recognize the need for a shorter revocation period. Some commenters, however, have raised certain reservations about our revised procedures, which we will address.

In particular, some commenters express concern about a carrier's ability to achieve compliance within the 30-day period after it is notified that its insurance is about to lapse, or the Commission's ability to process filings in a timely manner. We recognize that our new procedure increases the responsibility of the authority holder and its security holder to comply in a timely manner, and that it also heightens the responsibility of the Commission to process all filings efficiently. The 30-day period, however, does not begin to run until the agency has received an insurer's notice of cancellation, has entered it into the computer system, and has served the order notifying the carrier of its impending noncompliance. Thus, the carrier will in fact have more than 30 days in which to achieve compliance prior to any actual revocation of authority. Given the public interest in keeping uninsured carriers off the roads, we believe that the revised procedures provide sufficient time for carriers to achieve compliance. We note that carriers may expedite their compliance by having their insurance companies use the new option of filing evidence of insurance and other financial security electronically.

The RCCC recommends that we modify the current 30-day notice period of 49 CFR 1043.7(d), to require insurance carriers to give 60-days notice of cancellation to the agency, in order to provide more time in which motor carriers can perfect their new insurance filings. We see no need to put the burden of carrier noncompliance on the insurance industry. As we have noted, carriers should be able to remain in compliance with the law, even with the current 30-day notification requirement. We will, however, monitor the new procedures and will be open to requests for further modification should it be warranted. An efficient and fair revocation process, which will require due diligence on the part of all involved, will be beneficial to the motor carrier industry and the public.

Because the replacement of the 4-document, 120-day process with the 2-document, 30-day process requires modification to the Commission's computer system, which has not yet

been completed, we will suspend the effective date of the new changes until November 1, 1995.

### Environmental Statement

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

Authority: 49 U.S.C. 10925 and 10927; 49 CFR 1043 and 1084.

Decided: October 26, 1995.

By the Commission, Chairman Morgan, Vice Chairman Owen, and Commissioner Simmons.

Vernon A. Williams,

Secretary.
