

of the crude oil (some 98 percent of inputs) is sourced abroad.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on asphalt (duty-free). The duty on crude oil ranges from 5.25¢ to 10.5¢/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 2, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 16, 1996).

Racing Plates (Aluminum Horseshoes) From Canada; Termination of Antidumping Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of termination of Antidumping Administrative Review.

SUMMARY: On March 26, 1993, the Department of Commerce (the Department) initiated an administrative review of the antidumping finding on racing plates from Canada from one producer/exporter, covering the period February 1, 1992 through January 31, 1993 (58 FR 16397). We are now terminating that review because the producer/exporter is no longer interested in the review of the company.

EFFECTIVE DATE: November 2, 1995.

FOR FURTHER INFORMATION CONTACT:

Gayle Longest or Kelly Parkhill, Office of Countervailing Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-2786.

Background

On February 18, 1993, the Department received a request for an administrative review of this antidumping finding from Equine Forgings, a producer/exporter of the subject merchandise, for the period February 1, 1992 to January 31, 1993. No other interested party requested an administrative review. On March 26, 1993, the Department published, in the Federal Register (57 FR 16397), a notice of "Initiation of Antidumping Administrative Review." On October 12, 1995, Equine Forgings withdrew its request for review.

Section 353.22(a)(5) of the Department's regulations stipulates that the Secretary may permit a party that requests a review to withdraw the request not later than 90 days after the date of publication of the notice of initiation of the requested review. This regulation also provides that the Secretary may extend the time limit for withdrawal of a request if it is reasonable to do so.

Because no significant work has been completed on this review, the aforementioned request for withdrawal does not unduly burden the Department. Therefore, under the circumstances presented in this review, we are waiving the 90-day requirement in § 353.22(a)(5). Accordingly, based on the producer/exporter's request for

withdrawal, we are terminating this review.

This notice is published in accordance with § 353.22(a)(5) of the Department's regulations.

Dated: October 20, 1995.

Joseph A. Spetrini,

Deputy Assistant Secretary for Compliance.
