[Docket No. CP96-37-000]

Northwest Pipeline Corporation; Notice of Request Under Blanket Authorization

October 30, 1995.

Take notice that on October 25, 1995, Northwest Pipeline Corporation (Northwest), 295 Chipeta Way, Salt Lake City, Utah 84158, filed in Docket No. CP96-37-000 a request pursuant to Sections 157.205, 157.211 and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to abandon delivery point facilities and construct and operate replacement facilities in Douglas County, Oregon, to accommodate deliveries of natural gas to the Washington Water Power Company (WWP), under Northwest's blanket certificate issued in Docket No. CP82-433-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Northwest proposes to modify its existing Winston-Dillard Meter Station by replacing 2 obsolete 2-inch regulators to better accommodate deliveries to WWP and to increase the capacity of the meter station. It is stated that construction of the meter station was authorized by the Commission in Docket No. CP62-265. The cost of the

proposed modification of facilities is estimated at \$1,959, including both removal and construction. It is asserted that Northwest is authorized to provide a firm transportation service for WWP under the terms of its Rate Schedule TF-1, with maximum daily delivery obligations for up to 1,070 dt equivalent of gas per day. It is explained that the replacement regulators would increase the capacity of the meter station from 2,633 dt equivalent per day to 3,438 dt equivalent per day. It is asserted that no significant impact on Northwest's peak day or annual deliveries will result from the proposed modification of the Winston-Dillard Meter Station.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

Secretary.
