Rules of Origin for Textile and Apparel Products

AGENCY: U.S. Customs Service, Department of the Treasury.

ACTION: Final rule; corrections.

SUMMARY: This document corrects a final rule document which amended the Customs Regulations to set forth provisions governing the determination of the country of origin of textile and apparel products for purposes of laws enforced by the Customs Service. The

corrections involve two erroneous regulatory text citations.

EFFECTIVE DATE: These corrections are effective October 5, 1995.

SUPPLEMENTARY INFORMATION:

Background

On September 5, 1995, Customs published T.D. 95-69 in the Federal Register (60 FR 46188) containing final amendments to the Customs Regulations to set forth standards governing the determination of the country of origin of textile and apparel products for purposes of laws enforced by Customs. The regulatory amendments primarily implemented the provisions of section 334 of the Uruguay Round Agreements Act (Pub. L. 103-465, 108 Stat. 4809) and included a new § 102.21 covering the majority of the section 334 provisions as well as new §§ 10.25 and 10.195(d) which concerned duty treatment accorded to imported articles incorporating textile components cut to shape in the United States. This document corrects the texts of §§ 10.25 and 10.195(d) which each contained an erroneous cross-reference to the definition of "textile or apparel product" in § 102.21.

Corrections of Publication

The document published in the Federal Register as T.D. 95-69 on September 5, 1995 (60 FR 46188) is corrected as set forth below.

1. On page 46196, in the third column, in § 10.25(a), the reference "§ 102.21(b)(4)" is corrected to read "§ 102.21(b)(5)".

2. On page 46197, in the second column, in § 10.195(d), the reference "§ 102.21(b)(4)" in the last sentence is corrected to read "§ 102.21(b)(5)".

Dated: October 31, 1995.

Stuart P. Seidel,

Assistant Commissioner, Office of Regulations and Rulings.

RIN 2900-AG56

Veterans Training Under the Service Members Occupational Conversion and Training Program

AGENCY: Department of Veterans Affairs.

ACTION: Final rule and correcting amendment.

SUMMARY: This document adopts as a final rule with changes an interim rule which established regulations to provide benefits relating to job training programs for recently discharged veterans under the Service Members Occupational Conversion and Training Act of 1992.

EFFECTIVE DATE: November 6, 1995.

FOR FURTHER INFORMATION CONTACT: June C. Schaeffer, Assistant Director for Policy and Program Administration, Education Service, Veterans Benefits Administration, (202) 273-7187.

SUPPLEMENTARY INFORMATION: On January 31, 1995, VA published in the Federal Register (60 FR 5848) an interim final rule with request for comments. This interim final rule implemented those responsibilities with respect to the Service Members Occupational Conversion and Training Act that the Secretary of Defense delegated to the Secretary of Veterans Affairs.

The public was given 62 days to submit comments. VA received no comments.

In reviewing the interim rule, VA noted that a small amount of material was inadvertently omitted from paragraph (c) of § 21.4832. Even so, the substance of paragraph (c) was evident from the interim rule document since this paragraph was fully discussed in the **SUPPLEMENTARY INFORMATION** section of the interim rule (60 FR 5851).

Based on the rationale set forth in the interim rule document, we are adopting the provisions of the interim rule as a final rule with the addition of the material that was inadvertently omitted from § 21.4832(c). This final rule also affirms the information in the interim rule document concerning the Regulatory Flexibility Act.

No Catalog of Federal Domestic Assistance number has been assigned to the program affected by these regulations.

Emergency Broadcast/Alert System

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This *Memorandum Opinion and Order* addresses petitions for reconsideration of the Federal Communications Commission's (FCC) Emergency alert System rules (EAS). These rules were approved by the FCC in 1994 to replace the Emergency Broadcast System (EBS). The purpose of EAS is to improve emergency warnings and information using broadcast stations and cable systems. The *Memorandum Opinion and Order* makes some changes requested by the petitions and denies others, and amends a number of the EAS rules.

EFFECTIVE DATE: December 6, 1995.

FOR FURTHER INFORMATION CONTACT: EAS Staff, Compliance and Information Bureau, (202) 418-1220.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's *Memorandum Opinion and Order* in FO Dockets 91-171/91-301, adopted October 4, 1995, and released October 23, 1995.

The full text of this Commission *Memorandum Opinion and Order* is available for inspection and copying during normal business hours in the FCC's Public Reference Center (Room 239), 1919 M Street, NW., Washington DC 20554. Synopsis of Memorandum Opinion and Order

The Federal Communications Commission (FCC) adopted a *Memorandum Opinion and Order* addressing petitions for reconsideration of its Emergency Alert System (EAS) rules. 47 CFR part 11. These rules were approved by the Commission on November 10, 1994, in a *Report and Order* which replaced the Emergency Broadcast System (EBS) with EAS. 59 FR 67090 (Dec. 28, 1994). The purpose of EAS is to use various communications technologies, such as broadcast stations and cable systems, to alert the public regarding national, state and local emergencies. EAS, compared to EBS, includes more sources capable of alerting the public and specifies new equipment standards and procedures to improve alerting capabilities.

Petitions for reconsideration were submitted by Data Broadcasting Corporation, Sage Alerting Systems, Inc., Federal Signal Corporation, Delco Electronics Corporation, and the national Association of Broadcasters. Also received were comments, oppositions to the petitions for reconsideration, and replies to the oppositions.

The petition for reconsideration raised three major issues. The first involved the Radio Broadcast Data System (RBDS). RBDS may be used to send emergency warnings on the subcarrier of FM broadcast stations. The Commission in its 1994 EAS *Report and Order* encouraged the use of RBDS, but did not require it. Several petitions for reconsideration requested that the FCC adopt rules specifying technical standards for RBDS. The Commission in its *Memorandum Opinion and Order* declined to establish standards since the use of RBDS is voluntary and mandated standards would impede technological advances and innovation.
