

installations, can now be used for aerial plant installations. Since filled cables provide greater service reliability than air core cables, filled cables for aerial plant installations have increased on RUS borrower construction projects. This increasing use of filled cables for aerial installations has resulted in a decline of air core cables for aerial plant construction projects. Since the use of air core cables in aerial plant construction is declining on RUS borrower projects, RUS is rescinding both bulletins because of obsolescence.

RUS Bulletin 345-75, RUS Specification for Electronic Trunk Circuits, PE-65, is being rescinded because RUS trunk circuits are now digitally derived making RUS Bulletin 345-75 obsolete.

RUS Bulletin 345-168, RUS Specification for Equipment for Direct Distance Dialing, Form 538, specified the technical requirements for equipment use in direct distance dialing. Since the equipment requirements for direct distance dialing are now specified in RUS 7 CFR 1755.522, RUS General Specification for Digital, Stored Program Controlled Central Office Equipment, RUS Bulletin 345-168 is no longer required therefore making the document obsolete.

#### Comments

On January 5, 1995, RUS published a proposed rule (60 FR 1758) to rescind RUS Bulletin 345-13, RUS Specification for Aerial and Underground Telephone Cable, PE-22; RUS Bulletin 345-29, RUS Specification for Self-Supporting Cable, PE-38; RUS Bulletin 345-75, RUS Specification for Electronic Trunk Circuits, PE-65; and RUS Bulletin 345-168, RUS Specification for Equipment for Direct Distance Dialing, Form 538, because of obsolescence. Comments on this proposed rule were due by February 6, 1995. Comments and recommendations were received from four organizations by this due date. The comments, recommendations, and responses are summarized as follows:

All four organizations commented that they agreed with RUS's decision to rescind all four of the outdated bulletins.

Response: Since all four organizations agreed with RUS's decision to rescind the outdated bulletins, RUS will rescind the outdated bulletins.

[T.D. 95-69]

RIN 1515-AB71

**Rules of Origin for Textile and Apparel Products**

AGENCY: U.S. Customs Service, Department of the Treasury.

ACTION: Final rule; corrections.

**SUMMARY:** This document corrects a final rule document which amended the Customs Regulations to set forth provisions governing the determination of the country of origin of textile and apparel products for purposes of laws enforced by the Customs Service. The

corrections involve two erroneous regulatory text citations.

**EFFECTIVE DATE:** These corrections are effective October 5, 1995.

**SUPPLEMENTARY INFORMATION:**

**Background**

On September 5, 1995, Customs published T.D. 95-69 in the Federal Register (60 FR 46188) containing final amendments to the Customs Regulations to set forth standards governing the determination of the country of origin of textile and apparel products for purposes of laws enforced by Customs. The regulatory amendments primarily implemented the provisions of section 334 of the Uruguay Round Agreements Act (Pub. L. 103-465, 108 Stat. 4809) and included a new § 102.21 covering the majority of the section 334 provisions as well as new §§ 10.25 and 10.195(d) which concerned duty treatment accorded to imported articles incorporating textile components cut to shape in the United States. This document corrects the texts of §§ 10.25 and 10.195(d) which each contained an erroneous cross-reference to the definition of "textile or apparel product" in § 102.21.

**Corrections of Publication**

The document published in the Federal Register as T.D. 95-69 on September 5, 1995 (60 FR 46188) is corrected as set forth below.

1. On page 46196, in the third column, in § 10.25(a), the reference "§ 102.21(b)(4)" is corrected to read "§ 102.21(b)(5)".

2. On page 46197, in the second column, in § 10.195(d), the reference "§ 102.21(b)(4)" in the last sentence is corrected to read "§ 102.21(b)(5)".

Dated: October 31, 1995.
