Subpart C—Reporting and Paying Royalties

19. In section 211.18 as proposed to be added at 60 FR 30500 (June 19, 1995) a new paragraph (c) is added to read as follows:

§ 211.18 Who is required to report and pay royalties?

* * * * *

(c) *Persons who take production allocable to Federal or Indian leases in all other approved Federal or Indian agreements.* This paragraph provides requirements and instructions for reporting and paying royalties and other payments for Federal leases in approved Federal agreements comprised of leases with differing lessors, royalty rates, or fund distributions.

(1) Except as provided in paragraphs (c) (2) and (3) and (d) of this section, if you are an operating rights owner in a Federal lease in an agreement under this paragraph, you must report and pay royalties on your entitled share of production under the terms of the agreement. You must:

(i) File a PIF with MMS as specified in Part 210 of this title and the MMS Payor Handbooks;

(ii) Report the royalties owed for that production on a Form MMS-2014 and follow the instructions provided in Part 210 of this title and the MMS Payor Handbooks; and

(iii) Pay royalties on that production as specified in Part 218 of this title and the MMS Payor Handbooks.

(2) If you are an operating rights owner who meets the definition of a small operating rights owner in § 206.451 of this title, you may report and pay royalties each month on the volume of production you actually take subject to the following criteria:

(i) You must report your takes on Form MMS-2014 using a special code.

(ii) Within 6 months after the end of each calendar year in which you report based on takes, you must pay any additional royalties that may be due on

the difference between your entitled share and the volume of production on which you reported and paid royalties in accordance with 30 CFR § 202.450(d)(1)(iv)(D).

(iii) If the volume of the production on which you reported and paid royalties for the calendar year is equal to or greater than the volume of your entitled share of production for that calendar year, you will not be assessed late payment interest for any sales month during the calendar year in which you underreported volume. However, MMS will assess interest for any reported volumes based on takes if the royalty value for those volumes was not properly reported and paid. MMS will allow a credit for any overtaken volumes in accordance with applicable procedures.

(iv) If the volume of the production on which you report and paid royalties for the calendar year is less than the volume of your entitled share of production for the calendar year, you must:

(A) Report and pay royalties on the difference between the volume of your entitled share of the production for the calendar year and the volume of the production on which you reported and paid under the takes basis; and

(B) Pay interest in accordance with MMS regulations and procedures on any underpaid royalties.

(3) You are not required to report and pay royalties on your entitled share of production under paragraph (c)(1) of this section if all operating rights owners in the agreement agree to assign reporting and payment responsibilities among themselves in an alternative manner that ensures that royalties are reported and paid properly each month on the full volume of production from or attributable to each Federal lease in the agreement.

AGENCY: Minerals Management Service, Interior.

ACTION: Proposed rule; notice of meeting change and further extension of comment period.
