Questions concerning this proposed notice should be addressed to Mr. Pastura at the above address or by telephone at (703) 305-2048.

**SUPPLEMENTARY INFORMATION:**

*Title:* FCS-665, Supplement to Financial Status Report, Nutrition Education and Training Program.

*OMB Number:* 0584-0383.

*Expiration Date of Approval:* October 31, 1995.

*Type of Request:* Extension of a currently approved information collection.

*Abstract:* The primary objective of The Nutrition Education and Training (NET) Program is to encourage effective dissemination of scientifically valid information to children participating in the school lunch and related child nutrition programs by establishing a system of grants to State educational agencies for the development of comprehensive nutrition information and education programs. The NET Program currently has 53 State agencies participating. Since section 19 of the Child Nutrition Act (42 U.S.C. 1788) since establishes two statutory conditions relating to the use of these funds, certain reporting requirements must be in place. The two conditions are: (1) No more than 15 percent of the NET grant may be used for administrative purposes; and (2) The State must match each Federal dollar so applied with one dollar from State

sources. To ensure compliance with these conditions, it is necessary to identify the amount of both Federal grant funds and State matching funds that the State agency has applied to NET Program administrative costs. While each State agency uses the SF-269 for total program outlays, this form does not provide a means for capturing subdivisions of total program outlays. Thus, form FCS-665 has been developed to serve that purpose with respect to the NET Program.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 15 minutes per response.

*Respondents:* State governments.

*Estimated Number of Respondents:* 53.

*Estimated Number of Responses per Respondent:* 5.

*Estimated Total Annual Burden on Respondents:* 66.25 hours.

Dated: October 30, 1995.

### Grain Inspection, Packers and Stockyards Administration

#### Designation of Quanta for the South Texas Area

**AGENCY:** Grain Inspection, Packers and Stockyards Administration (GIPSA).

**ACTION:** Notice.

**SUMMARY:** GIPSA announces the designation of Quanta Lab (Quanta), main office located in Selma, Texas, to provide official inspection services under the United States Grain Standards Act, as amended (Act), for 1 year. Initially, Quanta will be providing aflatoxin testing services. Quanta will phase in other official services as soon as they are ready.

**EFFECTIVE DATE:** January 1, 1996.

**ADDRESSES:** Janet M. Hart, Chief, Review Branch, Compliance Division, GIPSA, USDA, Room 1647 South Building, P.O. Box 96454, Washington, DC 20090-6454.

**FOR FURTHER INFORMATION CONTACT:** Janet M. Hart, telephone 202-720-8525.

**SUPPLEMENTARY INFORMATION:**

This action has been reviewed and determined not to be a rule or regulation as defined in Executive Order 12866 and Departmental Regulation 1512-1; therefore, the Executive Order and Departmental Regulation do not apply to this action.

In the March 3, 1995, Federal Register (60 FR 11952), GIPSA asked persons

interested in providing official services in South Texas under a pilot program allowing more than one official agency to provide service in a single geographic area to submit an application for designation. There were two applicants: Quanta, main office located in Selma, Texas; and Saybolt-South Texas Inspection Service, Inc. (Saybolt), main office located in Galena Park, Texas. Quanta applied for the Texas Counties of: Atascosa, Bexar, Dimmit, Duval, Frio, Kinney, La Salle, Maverick, McMullen, Medina, Uvalde, Val Verde, Webb, and Zavala. Quanta subsequently amended their application to include all the counties announced in the March 3, 1995, Federal Register. Saybolt applied for all Counties announced in the March 3, 1995, Federal Register.

GIPSA, in the March 3, 1995, Federal Register, also asked for comments on the need for official services in the South Texas region. Comments were due by March 21, 1995. GIPSA received 10 comments by the deadline. All but one of the comments indicated that there is no need for an official inspection service in South Texas because of the service provided by the Corpus Christi Grain Exchange. The Corpus Christi Grain Exchange is an unofficial agency not designated by GIPSA under authority of the Act. The other comment was of the view that the proposal was unworkable due to competitive factors, the level of demand for official services in the pilot area, and the size of the pilot area.

GIPSA requested comments on the applicants in the June 1, 1995, Federal Register (60 FR 28572). Comments were due by July 15, 1995. GIPSA received no comments by the deadline.

GIPSA visited both applicants and attended a trade association meeting in South Texas. Based on information from these and other sources, GIPSA believes there is sufficient need for official service.

GIPSA evaluated all available information regarding the designation criteria in Section 7(f)(1)(A) of the Act, and determined that Saybolt is not qualified due to its providing unofficial inspection services resulting in a conflict of interest. GIPSA also evaluated all available information regarding the designation criteria in Section 7(f)(1)(A) of the Act; and according to Section 7(f)(1)(B), determined that Quanta is able to provide official services in the South Texas area. Since there is only one qualified applicant, GIPSA can not run a pilot program in South Texas. Since Quanta is able, GIPSA is designating Quanta to provide official services in South Texas effective January 1, 1996.

Effective January 1, 1996, and ending December 31, 1996, Quanta is designated to provide official inspection services in the Texas Counties of: Atascosa, Bexar, Brooks, Cameron, Dimmit, Duval, Frio, Hidalgo, Jim Hogg, Jim Wells, Kenedy, Kinney, Kleberg, La Salle, Live Oak, Maverick, McMullen, Medina, Nueces, San Patricio, Starr, Uvalde, Val Verda, Webb, Willacy, Zapata, and Zavala, excluding those export port locations served by GIPSA. Initially, Quanta will be providing official aflatoxin services. Quanta will phase in other official services as soon as they have the required equipment and expertise.

Interested persons may obtain official aflatoxin testing services by contacting Quanta at 210-651-5799.

### National Defense Stockpile Market Impact Committee Request for Public Comments

**AGENCY:** Office of Strategic Industries and Economic Security, Bureau of Export Administration, U.S. Department of Commerce.

**ACTION:** Notice of request for public comments on the potential market impact of proposed disposals of excess commodities from the National Defense Stockpile. This action concerns the Department of Defense proposed disposal plans under Fiscal Year (FY) 1997 Annual Materials Plan (AMP) and revisions to the FY 1996 AMP.

**SUMMARY:** This notice is to advise the public that the interagency National Defense Stockpile Market Impact Committee is seeking public comment on the market impact of proposed disposals of excess materials currently held in the National Defense Stockpile.

**DATES:** Comments must be received by December 7, 1995.

**ADDRESSES:** Written comments (10 copies) should be sent to Richard V. Meyers, Co-Chair, Stockpile Market Impact Committee, Office of Strategic Industries and Economic Security, Room 3878, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230.

**FOR FURTHER INFORMATION CONTACT:**

Richard V. Meyers, Office of Strategic Industries and Economic Security, U.S. Department of Commerce, (202) 482-3634; or Stephen G. Brundage, Office of International Energy and Commodities Policy, U.S. Department of State, (202) 647-2871; co-chairs of the National Defense Stockpile Market Impact Committee.

**SUPPLEMENTARY INFORMATION:** Under the authority of the Strategic and Critical Materials Stock Piling Act of 1979, as amended, (50 U.S.C. 98 *et seq.*), the Department of Defense (as National Defense Stockpile Manager) maintains a stockpile of strategic and critical materials to supply the military, industrial, and essential civilian needs of the United States for national defense. Section 3314 of the Fiscal Year (FY) 1993 National Defense Authorization Act (NDAA) (50 U.S.C. 98h-1) formally established a Market Impact Committee (the Committee) to "advise the National Defense Stockpile Manager on the projected domestic and foreign economic effects of all acquisitions and disposals of materials from the stockpile \* \* \*." The Committee includes representatives from the Departments of Commerce, State, Agriculture, Defense, Energy, Interior, Treasury and the Federal Emergency Management Agency and is co-chaired by the Departments of Commerce and State. The NDAA for Fiscal Year 1993 directs the Committee to "consult from time to time with representatives of producers, processors
