

against a contract would normally constitute an obligation of funds by the agency providing the funds, absent any prohibition or condition on an agency's expenditure of the funds involved. The revised amendment clarifies that the Brooks Act is the appropriate authority when agencies use contracts that have been awarded pursuant to a delegation of procurement authority from GSA under 40 U.S.C. 759. The revised amendment also consolidates the procedures presented in the NPR for the use of such contracts.

(3) Section 201-39.1702 is added to permit agencies to make new indefinite-delivery/indefinite-quantity type contracts for commercial FIP products and services available for use by all agencies, and to clarify that FAR subpart 17.5 does not apply when agencies use another agency's contract that has been awarded pursuant to a delegation of authority from GSA under 40 U.S.C. 759.

(4) GSA has determined that this rule is not a significant regulatory action for the purposes of Executive Order 12866. It is certified that this rule will not have a significant economic impact upon a substantial number of small entities under the Regulatory Flexibility Act of 1980 (5 U.S.C. 601, et seq.).

#### List of Subjects in 41 CFR Part 201-39

Archives and records, Computer technology, Telecommunications, Government procurement, Property management, Records management, and Federal information processing resources activities.

### PART 201-39—ACQUISITION OF FEDERAL INFORMATION PROCESSING (FIP) RESOURCES BY CONTRACTING

1. The authority citation for part 201-39 continues to read as follows:

Authority: 40 U.S.C. 486(c) and 751(f).

2. Section 201-39.1700 is revised to read as follows:

#### § 201-39.1700 Scope of subpart.

This subpart prescribes policies and procedures for using options and contracts available to Federal agencies for FIP resources.

3. Sections 201-39.1702, 201-39.1702-1 and 201-39.1702-2 are added to read as follows:

#### § 201-39.1702 Interagency Acquisitions.

##### § 201-39.1702-1 Policy.

FAR subpart 17.5 concerning interagency acquisitions does not apply when acquiring or providing FIP resources under a contract which has

been awarded pursuant to a delegation of procurement authority from GSA under 40 U.S.C. 759. Agencies should cite 40 U.S.C. 759 as their contracting authority.

#### § 201-39.1702-2 Procedures.

(a) Agencies are encouraged to make new indefinite-delivery/indefinite-quantity (IDIQ) contracts for commercial FIP products and services available for use by other agencies.

(1) Contracts must be awarded using full and open competition.

(2) Contract provisions should allow other Federal agencies to use the contracting agency's contract to satisfy requirements that are within the scope of products and services available under the contract until the total contract dollars are expended, subject to ordering limitations imposed by the contracting agency. At the contracting agency's discretion, other agencies may use portions of the contract not needed by the contracting agency.

(3) In addition, contract requirements for products and services may be increased up to twenty percent beyond the contracting agency's requirements in anticipation of overall greater use by the government without conducting additional studies to determine the anticipated needs of other agencies that may place orders under the contract. Use of the contract by other agencies should not be limited to the percent contract requirements are increased. Other agencies should have priority for use of the percent that the contract requirements are increased.

(b) There are no specific limitations on agencies combining similar requirements under a single consolidated contract when the requirements of individual agencies are determined in accordance with FIRMR subpart 201-20.1.

### FEDERAL EMERGENCY MANAGEMENT AGENCY

#### 44 CFR Part 65

[Docket No. FEMA-7160]

#### Changes in Flood Elevation Determinations

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Interim rule.

**SUMMARY:** This interim rule lists communities where modification of the base (1% annual chance) flood elevations is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified base flood elevations for new buildings and their contents.

**DATES:** These modified base flood elevations are currently in effect on the dates listed in the table and revise the Flood Insurance Rate Map(s) in effect prior to this determination for each listed community.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Associate Director, Mitigation Directorate, reconsider the changes. The modified elevations may be changed during the 90-day period.

**ADDRESSES:** The modified base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

**FOR FURTHER INFORMATION CONTACT:** Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street, SW, Washington, DC 20472, (202) 646-2756.

**SUPPLEMENTARY INFORMATION:** The modified base flood elevations are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community where the modified base flood elevation determinations are available for inspection is provided.

Any request for reconsideration must be based upon knowledge of changed conditions, or upon new scientific or technical data.

The modifications are made pursuant to Section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 et seq., and with 44 CFR Part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified base flood elevations are the basis for the floodplain management measures that the community is required to either adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations, together with the floodplain management criteria

required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities.

The changes in base flood elevations are in accordance with 44 CFR 65.4.

**National Environmental Policy Act**

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

**Regulatory Flexibility Act**

The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the

Regulatory Flexibility Act because modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are required to maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

**Regulatory Classification**

This interim rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

**Executive Order 12612, Federalism**

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

**Executive Order 12778, Civil Justice Reform**

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

**List of Subjects in 44 CFR Part 65**

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 65 is amended to read as follows:

**PART 65—[AMENDED]**

1. The authority citation for Part 65 continues to read as follows:
