#### C. The Division of Child and Family Development

The Division of Child and Family Development, in cooperation with ACF programs and others, works with Federal counterparts, states, community agencies, and the private sector to: improve the effectiveness and efficiency of programs; assure the protection of children and other vulnerable populations; strengthen and promote family stability; and foster sound growth and development of children and their families.

The Division provides guidance, analysis, technical assistance and oversight in ACF on: Strategic planning and performance measurement for child and family development; statistical, policy and program analysis; surveys, research and evaluation methodologies; demonstration testing and model

development; synthesis and dissemination of research and demonstration findings; and application of emerging technologies to improve the effectiveness of programs and service delivery.

The Division: Manages the section 1110 social service research budget; develops policy-relevant priorities; conducts, manages and coordinates major cross-program, leading-edge research, demonstration, and evaluation studies; manages and conducts statistical, policy and program analyses on social trends and behaviors which impact child and family well-being; and works in partnership with states, local communities, and the private sector to promote the well-being of children and families.

Dated: November 3, 1995.

Mary Jo Bane,

*Assistant Secretary for Children and Families.*

### Agency for Toxic Substances and Disease Registry

#### Public Meeting of the Inter-tribal Council on Hanford Health Projects (ICHHP)

The Agency for Toxic Substances and Disease Registry (ATSDR) and the Centers for Disease Control and Prevention (CDC) announce the following meeting.

*Name:* Public Meeting of the Inter-tribal Council on Hanford Health Projects (ICHHP), in association with the meeting of the Citizens Advisory Committee on Public Health Service Activities and Research at DOE Sites: Hanford Health Effects Subcommittee (HHES).

*Time and Date:* 9 a.m.-4:30 p.m., November 29, 1995.

*Location:* Edgewater Inn, 2411 Alaskan Way-Pier 67, Seattle, Washington 98121, telephone 206/728-7000, FAX 206/441-4119.

*Status:* Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

*Background:* A Memorandum of Understanding (MOU) was signed in October 1990 and renewed in November 1992 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health

surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

In addition, under an MOU signed in December 1990 with DOE, the Department of Health and Human Services (HHS) has been given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production and use. HHS delegated program responsibility to CDC.

Community involvement is a critical part of ATSDR's and CDC's energy-related research and activities and input from members of the ICHHP is part of these efforts. The ICHHP will work with the HHES to provide input on Native American health effects at the Hanford, Washington, site.

*Purpose:* The purpose of this meeting is to address issues that are unique to tribal involvement with the HHES including considerations regarding a proposed medical monitoring program and explorations of options and alternatives to providing support for tribal involvement in the HHES.

*Matters to be Discussed:* Agenda items will include a dialogue pertaining to issues unique to tribal involvement with HHES. This will include an update on the status of ATSDR's draft policy on establishing government-to-government relations with the nine affected tribes as sovereign nations, and exploring options and alternatives to providing support for tribal participation in HHES.

Agenda items are subject to change as priorities dictate.

*Contact Person for More Information:* Linda A. Carnes, Health Council Advisor, ATSDR, E-28, 1600 Clifton Road, NE, Atlanta, Georgia 30333, telephone 404/639-0730, FAX 404/639-0759.

Dated: November 3, 1995.

Carolyn J. Russell,

*Director, Management Analysis and Services Office, Centers for Disease Control and Prevention (CDC).*
