**Jump Creek Water Quality Planning Project Owyhee County**

**AGENCY:** Natural Resources Conservation Service, Department of Agriculture.

**ACTION:** Notice of a Finding of No Significant Impact.

**FOR FURTHER INFORMATION CONTACT:**

Luana E. Kiger, State Conservationist, Natural Resources Conservation Service, 3244 Elder Street, Room 124, Boise, Idaho 83705, telephone (208) 334-1601 until 11/17/95. On or after 11/20/95 the telephone number will be (208) 378-5700.

**NOTICE:** Pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR Part 1500); and the Natural Resources Conservation Service Guidelines (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, give notice that an environmental impact statement is not being prepared for the Jump Creek Water Quality Planning Project, Owyhee County, Idaho.

The Plan/Environmental Assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Luana E. Kiger, State Conservationist, has determined that the preparation and review of an environmental impact statement was not needed for this project.

The Jump Creek Water Quality Planning Project consists of a system of land treatment measures designed to protect the resource base, reduce off-site sediment, and improve the quality of waters entering Jump Creek and the Snake River. Planned land treatment practices include pasture and hayland planting, critical area planting, sediment basins, nutrient and pesticide management, streambank protection, conservation tillage, fencing, waste management systems, livestock grazing management, sprinkler and surge irrigation systems, and channel vegetation.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency. The basic data developed during the plan/environmental assessment are on file and may be reviewed by contacting Luana E. Kiger. The FONSI has been sent to various Federal, State, and local agencies, and interested parties. A limited number of copies of the FONSI

are available to fill single copy requests at the address stated on the previous page.

No administrative action on the proposal will be initiated until 30 days after the date of this publication in the Federal Register.

Dated: October 26, 1995.

**Rural Telephone Bank**

**Determination of the 1995 Fiscal Year Interest Rates on Rural Telephone Bank Loans**

**AGENCY:** Rural Telephone Bank, USDA.

**ACTION:** Notice of 1995 fiscal year interest rates determination.

**SUMMARY:** In accordance with 7 CFR 1610.10, the Rural Telephone Bank fiscal year 1995 cost of money rates have been established as follows: 6.04% and 6.88% for advances from the liquidating account and financing account, respectively (fiscal year is the period beginning October 1 and ending September 30).

Except for loans approved from October 1, 1987, through December 21, 1987 where borrowers elected to remain at interest rates set at loan approval, all loan advances made during fiscal year 1995 under bank loans approved in fiscal years 1988 through 1991 shall bear interest at the rate of 6.04% (the liquidating account rate). All loan advances made during fiscal year 1995 under bank loans approved during or after fiscal year 1992 shall bear interest at the rate of 6.88% (the financing account rate).

The calculation of the Bank's cost of money rates for fiscal year 1995 for the liquidating account and the financing account are provided in Tables 1a and 1b. Since the calculated rates are greater than the minimum rate (5.00%) allowed under 7 U.S.C. § 948(b)(3)(A), the cost of money rates for the liquidating account and financing account are set at 6.04% and 6.88%, respectively. The methodology required to calculate the cost of money rates is established in 7 CFR 1610.10(c).

**FOR FURTHER INFORMATION CONTACT:** Barbara L. Eddy, Deputy Assistant Governor, Rural Telephone Bank, room 4056, South Building, U.S. Department of Agriculture, Washington DC 20250, telephone number (202) 720-9556.

**SUPPLEMENTARY INFORMATION:** The Federal Credit Reform Act of 1990

("Credit Reform") (2 U.S.C. § 661a, et seq.) implemented a system to reform the budgetary accounting and management of Federal credit programs. Bank loans approved on or after October 1, 1991, are accounted for in a different manner than Bank loans approved prior to fiscal year 1992. As a result, the Bank must calculate two cost of money rates: (1) The cost of money rate for advances made from the liquidating account (advances made during fiscal year 1995 on loans approved prior to fiscal year 1992) and (2) the cost of money rate for advances made during fiscal year 1995 on loans approved on or after October 1, 1991 (otherwise referred to as loans from the financing account).

The cost of money rate methodology is the same for both accounts. It develops a weighted average rate for the Bank's cost of money considering total fiscal year loan advances; the excess of fiscal year loan advances over amounts received in the fiscal year from the issuances of Class A, B, and C stocks, debentures and other obligations; and the costs to the Bank of obtaining funds from these sources.

#### Sources and Costs of Funds— Liquidating Account

During fiscal year 1995, the Bank was authorized to pay the following dividends: the dividend on Class A stock was 2.00% as established in amended section 406(c) of the Rural Electrification Act; no dividends were payable on Class B stock as specified in 7 CFR 1610.10(c); and the dividend on Class C stock was established by the Bank at 7.5%.

In accordance with Section 406(a) of the RE Act, the Bank did not issue Class A stock in fiscal year 1995. Total

advances for the purchase of Class B stock and cash purchases for Class B stock were \$1,111,708. Rescissions of loan funds advanced for Class B stock amounted to \$201,173. Thus, the amount received by the Bank from the issuance of Class B stock, per 7 CFR 1610.10(c), was \$910,535 (\$1,111,708 - 201,173). The total amount received by the Bank in fiscal year 1995 from the issuance of Class C stock was \$12,330.

The Bank did not issue debentures or any other obligations related to the liquidating account in fiscal year 1995. Consequently, no cost was incurred related to the issuance of debentures subject to 7 U.S.C. § 948(b)(3)(D).

The excess of fiscal year 1995 loan advances from the liquidating account over amounts received from issuances of stocks, debentures, and other obligations amounted to \$35,044,268. The cost associated with this excess is the historical cost of money rate as defined in 7 U.S.C. § 948(b)(3)(D)(v). The calculation of the Bank's historical cost of money rate for advances from the liquidating account is provided in Table 2a. The methodology required to perform this calculation is described in 7 CFR 1610.10(c). The cost for money rates for fiscal years 1974 through 1987 are defined in section 408(b) of the RE Act, as amended by Pub. L. 100-203, and are listed in 7 CFR 1610.10(c) and Table 2a herein.

#### Sources and Costs of Funds—Financing Account

During fiscal year 1995, the Bank was authorized to pay the following dividends: the dividend on Class A stock was 2.00% as established in amended section 406(c) of the Rural Electrification Act; no dividends were

payable on Class B stock as specified in 7 CFR 1610.10(c); and the dividend on Class C stock was established by the Bank at 7.5%.

In accordance with Section 406(a) of the RE Act, the Bank did not issue Class A stock in fiscal year 1995. Total advances for the purchase of Class B stock and cash purchases for Class B stock were \$1,769,597. Since there were no rescissions of loan funds advanced for Class B stock, the amount received by the Bank from the issuance of Class B stock, per 7 CFR 1610.10(c), was \$1,769,597. No amounts were received in fiscal year 1995 from the issuance of Class C stock associated with the financing account.

During fiscal year 1995, issuances of debentures or any other obligations related to the financing account were \$28,627,516.67 at an interest rate of 7.39% and \$2,000,000 at an interest rate of 6.77%.

The excess of fiscal year 1995 loan advances from the financing account over amounts received from issuances of stocks, debentures, and other obligations amounted to \$4,764,403. The cost associated with this excess is the historical cost of money rate as defined in 7 U.S.C. § 948(b)(3)(D)(v). The calculation of the Bank's historical cost of money rate for advances from the financing account is provided in Table 2b. The methodology required to perform this calculation is described in 7 CFR 1610.10(c).

<sup>2/</sup> Issuance of debentures and obligations related to the financing account totalled \$121,000,000. Of that total, \$2,000,000 was borrowed in FY 1994 and carried over to make advances in FY 1995. In FY 1995, \$119,000,000 was borrowed; however, only \$28,627,516.67 was needed to meet the remainder of the advances in FY 1995. Since the Bank earns interest on Treasury borrowings until funds are advanced, equal to the borrowing rate, no cost was incurred on the difference of \$90,372,483.33 (\$119,000,000 less \$28,627,516.67) and this amount will be used to make advances in FY 1996.

<sup>3/</sup> The excess of total advances over issuances is provided primarily by subsidy appropriations (for either defaults or interest) as well as borrower repayments.

## DEPARTMENT OF COMMERCE

### Bureau of the Census

#### 1996 Administrative Records Notification Evaluation

**ACTION:** Proposed agency information collection activity; comment request.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

**DATES:** Written comments must be submitted on or before January 8, 1996.

**ADDRESSES:** Direct all written comments to Gerald Taché, Departmental Forms Clearance Officer, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument(s) should be directed to Randall Neugebauer, Bureau of the Census, Room 3587-3, Washington, DC 20233-7100, (301) 457-3952.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

One objective of the 2000 decennial census calls for the Census Bureau to make greater use of other agencies' administrative record files to reduce cost, respondent burden, and the differential in the results among various components of the population. The Administrative Records Notifications Evaluation is a test to measure mail and item response rates to census forms containing different administrative record use notifications. The test also will measure how requests for Social Security numbers will affect mail return and item response rates.

##### II. Method of Collection

For this one-time survey, census questionnaires will be mailed to the sampled households and returned in postage-paid envelopes. We also plan to mail pre-notice letters, reminder cards, and replacement questionnaires (the only means used for following up on nonresponding households). There will be no telephone or field enumeration follow-up.
