Foreign-Trade Zones Board

[Docket 66-95]

Foreign-Trade Zone 202, Los Angeles, California Area; Application for Expansion

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Board of Harbor Commissioners of the City of Los Angeles, grantee of FTZ 202, requesting authority to expand its zone in the Los Angeles, California area, adjacent to Los Angeles-Long Beach Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on October 30, 1995.

FTZ 202 was approved on July 14, 1994 (Board Order 693, 59 FR 37464, 7/22/94). The zone project currently includes 3 sites (3,428 acres) in the Los Angeles/Long Beach Customs port of entry area: *Site 1* (2,783 acres)—Port of Los Angeles Harbor Complex, San Pedro; *Site 2* (3 acres)—within the Los Angeles International Airport (LAX) complex; and, *Site 3* (642 acres)—International Trade & Transportation Center, Santa Fe Highway at 7th Standard Road in Kern County, adjacent to the City of Bakersfield.

The applicant is now requesting authority to expand the zone to include five new sites (proposed Sites 4 through 8): Proposed *Site 4* (46 acres)—within the 438-acre Carson Dominguez Technology Center south of the Artesia Freeway, between the Harbor Freeway and I-710 in Rancho Dominguez; proposed *Site 5* (20 acres)—Alameda Import/Export Center, located at the northeast corner of Alameda and Bay Streets in Los Angeles; proposed *Site 6* (9 acres)—Western Sunset Distribution Center, 2626 Vista Industria, Rancho Dominguez; proposed *Site 7* (101 acres)—Pacific Gateway Center, at the southwest corner of the San Diego Freeway and Harbor Freeway Interchange, Los Angeles; and, proposed *Site 8* (6 acres)—Kintetsu Intermodal Warehouse, located at 1031/1035 Watson Center Road, Carson. No specific manufacturing requests are being made at this time. Such requests would be made to the Board on a case-by-case basis.

In accordance with the Board's regulations (as revised, 56 FR 50790-50808, 10-8-91), a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 8, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 23, 1996).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, 11000 Wilshire Boulevard, Room 9200, Los Angeles, California 90024.

[Docket 68-95]

Foreign-Trade Zone 26—Atlanta, GA; Application for Subzone Status, United Technologies Corporation and Precision Components International, Inc., Plants (Aircraft Turbine Engine Components) Columbus, Georgia

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Georgia Foreign-Trade Zone, Inc., grantee of FTZ 26, requesting special-purpose subzone status for the aircraft turbine engine component manufacturing facilities of the United Technologies Corporation, Pratt & Whitney Group (Pratt & Whitney) and Precision Components International, Inc. (PCI) (a subsidiary of a Pratt & Whitney joint venture), located in Columbus, Georgia. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on November 1, 1995.

The facilities (700,000 sq.ft., 720 employees) are located on a 339-acre site at 8801 Macon Road in Columbus (Muscookee County), Georgia, some 90 miles southwest of Atlanta. They are used to produce titanium disk forgings and airfoils (HTS# 8411.91.90) for the compressor components of turbine-type aircraft engines. Pratt & Whitney manufactures the disk forgings, and PCI manufactures the airfoils under contract for Pratt & Whitney. The airfoils and disk forgings are manufactured from titanium alloy sourced from abroad (HTS# 8108.10.50.45, 8108.90.60.30; duty rate: 15%). The disk forgings and airfoils are shipped to other U.S. Pratt & Whitney facilities for further processing and/or assembly into aircraft turbine engines, or they are exported.

Zone procedures would exempt Pratt & Whitney and PCI from Customs duty payments on the foreign titanium alloy used in export production. On domestic sales, the companies would be able to choose the lower duty rates that apply to finished aircraft turbine engine components (duty free, 3.0%) for the foreign titanium alloy. The application indicates that the savings from zone procedures would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 8, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 23, 1996).

A copy of the application and the accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Export Assistance Center, Marquis II Tower, Suite 200, 285 Peachtree Center Avenue, N.E., Atlanta, GA 30303.

Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th Street & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: November 2, 1995.

Executive Secretary.

[Docket 67-95]

Foreign-Trade Zone 72—Indianapolis, Indiana Application for Subzone; Thomson Consumer Electronics, Inc.

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Indianapolis Airport Authority, grantee of FTZ 72, requesting special-purpose subzone status for the warehouse/distribution facilities of Thomson Consumer Electronics, Inc. (Thomson), in the Indianapolis, Indiana area. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 31, 1995.

Thomson is a subsidiary of Thomson, S.A., one of the world's largest manufacturers and marketers of consumer electronics products. Its U.S. headquarters is located in Indianapolis. Thomson (U.S.) employs 6,900 people, and its total sales exceeded \$4.5 billion in 1994.

The proposal calls for subzone status at 4 Thomson facilities in Indiana: *Site 1* (52 acres)—export distribution facility, 710 South Girls School Road, Indianapolis; *Site 2* (189 acres)—

television distribution facility, 1300 South Rogers Street, Bloomington; *Site 3* (30 acres)—cathode ray tube storage facility for color TV tube manufacturing plant, 1001 East 38th Street, Marion; and, *Site 4* (7 acres)—TV tube warehouse, 1908 Stout Field West Drive, Indianapolis. The facilities (270 employees) are used to warehouse and distribute a variety of consumer electronic products including: televisions, VCRs, picture tubes, audio equipment, and telecommunication products. No requests for manufacturing authority are being made at this time. Some 6 percent of the products shipped from the plant are exported.

Zone procedures would exempt Thomson from Customs duty payments on the foreign items that are reexported. On domestic sales, it would be able to defer Customs duty payments until the items are shipped from the facilities. The application indicates that the zone savings would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is January 8, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to January 23, 1996).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, Penwood One, Suite 106, 11405 N. Pennsylvania St., Carmel, Ind. 46032.

Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce, 14th & Pennsylvania Avenue, N.W., Washington, DC 20230.

Dated: November 2, 1995.

BILLING CODE 3510-DS-P

International Trade Administration

[A-570-843]

Notice of Preliminary Determination of Sales at Less Than Fair Value: Bicycles From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: November 9, 1995.

FOR FURTHER INFORMATION CONTACT: Katherine Johnson or Shawn Thompson, Office of Antidumping Investigations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-4929 or (202) 482-1776, respectively.

THE APPLICABLE STATUTE: Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Rounds Agreements Act (URAA).

PRELIMINARY DETERMINATION: We preliminarily determine that bicycles from the People's Republic of China (PRC) are being, or are likely to be, sold in the United States at less than fair value (LTFV), as provided in section 733 of the Act. The estimated margins are shown in the "Suspension of Liquidation" section of this notice.

Case History

Since the initiation of this investigation on April 25, 1995 (60 FR 21065, May 1, 1995) the following events have occurred:

On April 28 and May 11 and 12, 1995, we sent surveys to the PRC's Ministry of Foreign Trade and Economic Cooperation (MOFTEC) requesting the identification of producers and exporters, and information on production and sales of bicycles exported to the United States. We also sent courtesy copies of this survey to the China Chamber of Commerce for Machinery and Electronics Products Imports and Exports (China Chamber) and the China Chamber of Commerce for Import/Export of Light Industrial Products. In June, the China Chamber submitted responses to the Department of Commerce's (the Department's) surveys. These responses included partial company-specific data from 29 companies and export data from all companies. See Respondent Selection section of this notice.
