East Tennessee is proposing to lower its Unauthorized Overrun charge to \$15 per dth, to delete the current Unauthorized Overrun charge language in Section 5.1 of its LMS-MA rate schedule, to be replaced with a "Maximum Allowed Deliveries" (MAD) provision, and to add a provision allowing East Tennessee to waive Daily Variance Charges on a nondiscriminatory basis. East Tennessee states that the primary function of the proposed MAD language is to eliminate East Tennessee's need to use Operational Flow Orders to prevent shippers from exceeding their firm entitlements. East Tennessee is lowering its Unauthorized Overrun Charge in response to customer requests and adding the waiver provision to enable it to respond to extenuating circumstances.
