ACTION: Notice.

SUPPLEMENTARY INFORMATION:

I: Background

The Trade Act of 1974, Section 236(d), as amended, requires the President to submit an annual report to the Congress on the trade agreements program which includes information on trade adjustment assistance for workers. The information from this collection of information is used by the Secretary of Labor to report to Congress quarterly regarding the amount of funds expended to provide training. Key workload data on the Trade Adjustment Assistance (TAA) and the North American Free Trade Agreement—Transitional Adjustment Assistance (NAFTA) programs is needed to measure program performance and to allocate program and administrative funds to State agencies administering the trade programs for the Secretary.

The Trade Act of 1974, (Pub. L. 93-618), Section 231(c)(3), as amended by the Omnibus Trade and Competitiveness Act (OTCA) of 1988, requires the Secretary to report to the Congress annually, the number of training waivers issued and revoked. NAFTA legislation does not provide for the waiver of training. The Department has determined that it is important to

ascertain not only the number of waivers issued, but the reasons why such waiver were issued following the guidelines provided by the Congress. Further, the Department determined that such information should be collected quarterly to assess the adequacy of the regulations and operating instructions issued to the State Agencies acting as an Agent of the United States when administering the Trade Act provisions.

Title: Minimum Wage.

OMB Number: 1225-0new.

Frequency: On occasion.

Affected Public: Individuals or households.

Number of Respondents: 100,000.

Estimated Time Per Respondent: 1 minute.

Total Burden Hours: 1,670.

Description: The Secretary of Labor is establishing a toll-free "800" number to solicit participation by minimum wage workers across the country in the national policy debate on proposals to increase the federally-established minimum wage. Participants are specifically being asked how a change in the minimum wage would affect the quality of their lives and the lives of their families. Minimum wage workers are usually not invited to policy debates, nor are they generally able to absorb the wages lost taking time off of work to engage in such activity. These low-income workers may also not be represented by collective bargaining and other organizations and therefore do not have an organized voice in such debates.

The Secretary is attempting, as a part of his role representing the concerns of American workers, to give these individuals an opportunity to have their stories heard. The Department believes that the use of toll-free telephone technology will allow workers to participate in the discussion at no cost to them and with the duration of the phone call being the only burden placed on their time.
