

Administrative Action (p. 159) explicitly states that this change was intended to result in tax neutrality.

While the "Zenith footnote 4" methodology is slightly different from the URAA methodology, in that section 772(d)(1)(C) of the pre-URAA law required that the tax be added to United States price rather than subtracted from home market price, it does result in tax-neutral duty assessments. In sum, the Department has elected to treat consumption taxes in a manner consistent with its longstanding policy of tax-neutrality and with the GATT.

No other adjustments were claimed or allowed.

#### Foreign Market Value

In calculating foreign market value (FMV), we used home market price, as defined in section 773(a) of the Act, since quantities of merchandise sufficient to provide a reasonable basis for comparison were sold in the home market. Home market price was based on the delivered or FOB plant price to unrelated purchasers in the home market.

The Department made adjustments, where applicable, for inland freight, inland insurance, and for differences in packing material and credit. We also made an adjustment for home market indirect selling expenses up to the amount of U.S. commissions deducted from the U.S. price. Furthermore, since the respondent reported home market sales net of consumption taxes, we calculated the amount of such tax and added the amount back to FMV.

No other adjustments were claimed or allowed.

#### Preliminary Results of Review

As a result of our comparison of USP to FMV, the Department preliminarily determines that no margin exists for Prayon for the period August 1, 1993, through July 31, 1994.

Interested parties may request disclosure within 5 days of the date of publication of this notice and may request a hearing within 10 days of publication. Any hearing, if requested, will be held 44 days after the date of publication of this notice, or the first workday thereafter. Case briefs and written comments from interested parties may be submitted not later than 30 days after the date of publication. Rebuttal briefs and rebuttals to written comments, limited to the issues raised in the case briefs and comments, may be filed not later than 37 days after the date of publication. The Department will publish the final results of this administrative review, including the

results of its analysis of any such written comments or hearing.

The Department shall determine, and U.S. Customs shall assess, antidumping duties on all appropriate entries. The Department will issue appraisal instructions directly to U.S. Customs.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise, entered or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(1) of the Act: (1) the cash deposit rate for the reviewed company will be that rate established in the final results of this administrative review; (2) the cash deposit rate for merchandise exported by manufacturers or exporters not covered in this review but covered in a previous review or the original less-than-fair-value (LTFV) investigation, will continue to be the rate published in the most recent final results or determination for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, earlier reviews, or the original investigation, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in these final results of review, earlier reviews, or the original investigation, whichever is the most recent; and (4) the "all others" rate, as determined in the LTFV investigation, will be 14.67 percent.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: November 6, 1995.  
Susan G. Esserman,  
*Assistant Secretary for Import Administration.*

#### National Oceanic and Atmospheric Administration

##### National Estuarine Research Reserve System

**AGENCY:** Office of Ocean and Coastal Resource Management (OCRM), National Ocean Service (NOS), National Oceanic and Atmospheric Administration, Department of Commerce.

**ACTION:** Notice of public meeting in Moss Point, Mississippi on the site selection process for the nomination of a candidate site for the National Estuarine Research Reserve System.

**SUMMARY:** In accordance with section 315 of the Coastal Zone Management Act of 1972, as amended, the State of Mississippi and the National Oceanic and Atmospheric Administration (NOAA) intend to conduct a public meeting on November 30, 1995 in Moss Point, Mississippi as part of NOAA's site selection process for the nomination of a candidate site for the National Estuarine Research Reserve (NERR) System.

**DATES:** Thursday, November 30, 1995, at 7:00 p.m.

**ADDRESSES:** East Jackson County Community Center—Orange Grove, 9313 Old State Road, Moss Point, Mississippi 39581.

**FOR FURTHER INFORMATION CONTACT:** Mark W. LaSalle, MSU Coastal Research and Extension Center at (601) 388-4710 or Nathalie Peter, Program Specialist, Sanctuaries and Reserves Division, Office of Ocean and Coastal Resource Management, NOAA, at (301) 713-3132, ext. 119.

**SUPPLEMENTARY INFORMATION:** The NERR System is dedicated to fostering a system of estuarine reserves that represents the wide range of coastal and estuarine habitats found in the United States. NOAA has developed a classification scheme and typology of national estuarine areas that places the coastlines of the United States into biogeographic regions and subareas.

Site selection criteria are based on ecological representativeness, value for research and education, and practical coastal management considerations. The site ultimately designated will be used by researchers, educators, and the general public to study estuarine ecology and coastal issues that can aid in coastal policy making and management decisions.

During the past year, the State of Mississippi in consultation with NOAA has undertaken a process to identify a site which adequately represents the

major estuarine characteristics of the Mississippi delta coastal ecosystem. An estuary located in Mississippi would be the first site to represent the Mississippi Delta subarea of the Louisianian Biogeographic Region.

After consideration of several possible sites along the Mississippi Gulf coast, the Mississippi National Estuarine Research Reserve Site Selection and Advisory Committee has selected the Grand Bay area of southeast Mississippi as its candidate site for nomination as a potential NERR. The public meeting is being held to provide details and solicit comments on this proposed site.

At the public meeting, the Mississippi Department of Marine Resources and Mississippi State University (MSU) will provide an overview of the national NERR Program; a summary of the Mississippi NERR initiative, including the site selection process and a description of the proposed site; and an open question and answer period.

Following the public meeting, a site nomination document will be developed based on existing research documents and literature, and comments received from NOAA, the Mississippi National Estuarine Research Reserve Site Selection and Advisory Committee, and the general public. The final site selection document will then be sent to the Governor of Mississippi for approval. If approved, the Governor will forward the site selection package and a nomination letter to NOAA for final clearance. A draft and final Environmental Impact Statement and Management Plan must be prepared prior to final site designation.

The public meeting will be held at 7:00 p.m. on Thursday November 30, 1995, at the East Jackson County Community Center—Orange Grove, 9313 Old Stage Road, Moss Point, Mississippi 39581.

Interested parties who wish to comment on the site selection are invited to attend. For more information, contact Mark W. LaSalle, MSU Coastal Research and Extension Center at (601) 388-4710 or Nathalie Peter, Program Specialist, Sanctuaries and Reserves Division, Office of Ocean and Coastal Resource Management, NOAA, at (301) 713-3132, ext. 119.

Federal Domestic Assistance Catalog Number 11.420 (Coastal Zone Management) Research Reserves

Dated: November 9, 1995.

David L. Evans,

*Acting Deputy Assistant Administrator for Ocean Services and Coastal Zone Management.*

### Endangered Species; Permits

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Issuance of modification 3 to permit 822 (P500B).

**SUMMARY:** Notice is hereby given that NMFS has issued a modification to a permit that authorizes a take of listed species for the purpose of scientific research and enhancement, subject to certain conditions set forth therein, to the Fish Passage Center (FPC) located in Portland, OR.

**ADDRESSES:** The applications and related documents are available for review in the following offices, by appointment:

Office of Protected Resources, F/PR8, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3226 (301-713-1401); and

Environmental and Technical Services Division, F/NW03, NMFS, 525 NE Oregon Street, Portland, OR 97232-4169 (503-230-5400).

#### SUPPLEMENTARY INFORMATION:

Modification 3 to permit 822 was issued under the authority of section 10 of the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and the NMFS regulations governing listed fish and wildlife permits (50 CFR parts 217-222).

Modification 3 to permit 822 was issued on October 24, 1995. The background and description of modification 3 to permit 822 were published with the notice of receipt of the application and request for comments on July 6, 1995 (60 FR 35178) and are not repeated here. Modification 3 is valid for the duration of the permit. Permit 822 expires on December 31, 1997.

Issuance of this permit modification, as required by the ESA, was based on a finding that such action: (1) Was applied for in good faith, (2) will not operate to the disadvantage of the listed species that is the subject of the permit, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA and the NMFS regulations governing listed species permits.

Dated: November 8, 1995.

Russell J. Bellmer,

*Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.*

### Marine Mammals and Endangered Species

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Receipt of application for a scientific research permit (P597).

**SUMMARY:** Notice is hereby given that Mr. Michael Kundu of Arcturus Adventure Communications, 1026-A 56th Street SE, Everett, WA 98203 has applied in due form for a permit to take several species of marine mammals for photographic purposes.

**DATES:** Written comments must be received on or before December 15, 1995.

**ADDRESSES:** The application and related documents are available for review upon written request or by appointment in the following office(s):

Permits Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13130, Silver Spring, MD 20910 (301/713-2289); and Director, Northwest Region, NMFS, 7600 Sand Point Way, NE, BIN C15700, Building 1, Seattle, WA 98115-0070 (206/526-6150).

Written data or views, or requests for a public hearing on this request, should be submitted to the Director, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13130, Silver Spring, MD 20910. Those individuals requesting a hearing should set forth the specific reasons why a hearing on this particular request would be appropriate.

**FOR FURTHER INFORMATION CONTACT:** Jeannie Drevenak, Permits Division, 301/713-2289.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of § 104(c)(6) of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR part 216). Section 104(c)(6) provides for photography for educational or commercial purposes involving non-endangered and non-depleted marine mammals in the wild. NMFS is currently working on proposed regulations to implement this provision. However, in the meantime, NMFS has received and is processing this request as a "pilot" application for Level B Harassment of non-listed and non-depleted marine mammals for photographic purposes. The applicant seeks authorization to photograph the following marine mammals: Harbor seal (*Phoca vitulina*); California sea lion
