DEPARTMENT OF ENERGY

[FE Docket No. EA-97-A]

Application To Amend Electricity Export Authorization, Portland General Electric Company

AGENCY: Office of Fossil Energy, DOE.

ACTION: Notice of application.

SUMMARY: Portland General Electric Company (PGE) has applied for renewal of its authority to transmit electric energy from the United States to Canada.

DATES: Comments, protests or requests to intervene must be submitted on or before December 22, 1995.

ADDRESSES: Comments, protests or requests to intervene should be

addressed as follows: Office of Coal & Electricity (FE-52), Office of Fuels Programs, Office of Fossil Energy, Department of Energy, 1000 Independence Avenue SW., Washington, DC 20585-0350.

FOR FURTHER INFORMATION CONTACT: Xavier Puslowski (Program Office) 202-586-4708 or Mike Skinker (Program Attorney) 202-586-6667.

SUPPLEMENTARY INFORMATION: Exports of electric energy from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act.

On April 29, 1994, the Office of Fossil Energy (FE) of the Department of Energy (DOE) authorized PGE to transmit electric energy from the United States to the British Columbia Hydro and Power Authority on a non-firm basis at a maximum rate of transmission of 400 megawatts (FE Order No. EA-97). The term of the authorization was for a period of two years. On November 1, 1995, PGE filed an application with FE for renewal of this authority which expires on April 29, 1996. The exported energy would be delivered to Canada over transmission facilities owned by the Bonneville Power Administration.

DOE notes that the circumstances described in this application are virtually identical to those for which export authority had previously been granted in FE Order No. EA-97. Consequently, DOE proposes to use the electric reliability review prepared in FE Docket EA-97 in satisfaction of the statutory requirements of section 202(e) of the Federal Power Act. Similarly, DOE believes that it has adequately satisfied its responsibility under the National Environment Policy Act of 1969 through the documentation of a categorical exclusion in the FE-Docket EA-97 proceeding.

Procedural Matters

Any person desiring to be heard or to protest this application should file a petition to intervene or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Rules of Practice and Procedure (18 CFR 385.211, 385.214). Fifteen copies of such petitions and protests should be filed with the DOE on or before the date listed above. Additional copies are to be filed directly with: Melinda J. Horgan, Portland General Electric Company Legal Department, 121 SW., Salmon Street, 1 WTC-13, Portland, Oregon 97204.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above.

Issued in Washington, DC on November 9, 1995.

Anthony J. Como,

Director, Office of Coal and Electricity, Office of Fuels Programs, Office of Fossil Energy.
